Decisiones (Formally Diaz Counseling Services) was established with our children in mind. Since becoming a counselor my dream has always been to provide quality service to each family. In the past eight years I have noticed many of my clients move forward with their lives. Some are in college, others are working and some are graduating or currently enrolled in school. All these adolescents have one thing in common. They want to succeed in life. They know what it is to fail and they don't want that today. This is the drive that keeps me and my staff energized. We know that the streets will take them, so we need to work extra hard to move them forward.

Decisiones Family Services understand that there are many obstacles that get in the way of students. Our goal is to assist them with these obstacles so they can move forward with their educational career. We know that without an education our students will not be prepared for the future. It would be a great honor to provide our services to your students and the families in which you work with.

Here is the contract and scope of work we have developed so we can move forward with this project.

1. Conduct individual sessions with students in the ACE program
2. Conduct meetings with students and their parents to discuss goals and objectives
3. Conduct monthly meetings with parents
4. Track students' progress in the ACE program

6. Provide students with motivational guest speakers
