Newly elected Trustee Jason Toro was sworn in by Alameda County Supervisor Richard Valle. Newly elected Trustees Corina N. López and Vince J. Rosato were both sworn in by Alameda County Board of Education Trustee, Aisha Knowles. Re-elected Trustee Diana J. Prola, who is beginning her second term, received the Oath of Office by Alameda County Supervisor Wilma Chan.

Trustee Toro thanked Supervisor Valle for swearing him in. Trustee Toro commented that he is focused on engaging and challenging all of our students to be successful and looks forward to working with his new colleagues, teachers and staff, parents and families, and community stakeholders "to provide a safe, supportive and strong academic environment, innovative and effective programs, and access to technology that will set the stage where all of our students will thrive. "

Trustee López thanked all those in attendance, especially her family for coming from the Salinas Valley, stating that she is very honored to be representing Trustee Area 1. She thanked outgoing Trustees Mack-Rose, Almonte, and Sullivan for all of their work and is looking forward to working with the remaining Trustees to continue to advance education in San Leandro, and promote the needs and opportunity for all the children in this community.

Trustee Rosato acknowledged County Board of Education Trustee Aisha Knowles, who swore him in, as a well-respected and successful citizen in this City, and a proponent of all safety preparedness and emergencies, adding that as a county trustee, Ms. Knowles is looking forward to working collaboratively with the District.

Trustee Prola thanked Supervisor Chan for swearing her in and her husband for his support. She briefly described how she began her career in education and shared some of the things that the Board accomplished in her last four years as a Trustee such as holding a city-wide forum where community members came together and shared their ideas regarding the fiscal crises; most of the teachers that were laid off were hired back; building projects such as the 9th grade campus, the Arts Education Center and Theater, and the Career Technology Center were completed; in 2010 the citizens passed Measure M to upgrade the facilities; and most recently passed Measure L Parcel Tax, stating that "she is blessed to live in a community like this and am honored to serve once again on the school board."

Board President Mack-Rose, on behalf of the Board, welcomed the new trustees and appreciated their willingness to step up and take this on for our community, adding that "it's a tough job, but it's an important job, and we wish you all the success." She also thanked Mayor Cassidy, and Councilmembers Cutter and Prola for coming to welcome the new and returning Board members.

b. Student Board Member Report

Student Board Member Elisha Feliciano provided the Board with an update on activities at the San Leandro High School main campus and the Fred T. Korematsu camps. Highlights included:

- "The Miser", the first musical in the Arts Education Center, had a six-day run in mid-November, which made a profit which will help fund the schools spring musical, adding that for those who were unable to attend, you missed a great show!
- The new College and Career Center has proven to be very effective, noting that

as a senior, the Center has helped her fill out her college applications. It also provides many resources for the underclassmen interested in attending college.

- "Season of Service" had their first meeting last week. This year, in addition to focusing on "peace", one of the main topics will be personal responsibility and what is the individual's role in helping achieve that peace.
- She reminded the Board of the project she is doing for "Season of Service" called "One Love", stating that is her goal that every student will receive a general letter from a family member, someone in the community or Board trustee saying that they are cared for. She asked that the Board send their letters to her by the next Board meeting.

c. Union Representative Reports

San Leandro Teachers' Association (SLTA) President Jon Sherr acknowledged the collaborative effort in getting Measure L passed, and the courage of the Board to placing the measure on the ballot.

He reported that SLTA has been very busy with regards to the various Measures that were on the ballot; this evening SLTA's 3rd Annual Professional Development series began, reporting that approximately twenty-eight members attended the session on "How to Use Word in the Classroom" at Jefferson Elementary School. Last week, approximately sixty special education teachers from our district and neighboring districts attended a presentation from the CTA specialist on Special Education.

He announced that Nicole Love will be the CTE representative for San Leandro beginning this week.

He thanked outgoing Trustees Almonte, Mack-Rose, and Sullivan for their efforts, echoing Trustee Prola's comments that while you don't always get a lot of appreciation, you make the hard decisions that not everyone will like, and we don't always agree, "we do appreciate the work you have done."

d. Superintendent Report

Superintendent Cathey echoed everyone's thoughts with regards to the success of Measure L. She acknowledged those "silent heroes" for doing everything possible to help pass Measure L, stating that everyone made a difference, truly showing what a community can do "by coming together and believe."

The District just completed a Federal Program Monitoring (FPM) review, stating that while it was very intense, she acknowledged the staff at Wilson Elementary School, Bancroft Middle School, San Leandro High, and the District Office for the remarkable job they did. At the end, we did well; however, we do have some work to do to address some of the findings, but "nothing shocking." The Superintendent will provide an update on the details.

The Superintendent welcomed new Trustees López, Rosato, and Toro, and thanked outgoing Trustees Almonte, Mack-Rose, and Sullivan for the privilege of working for and with them and for the courageous work that needed to be done from the very moment that they stepped into their role. "You will be missed."

14. BOARD REPRESENTATIVE REPORTS - 8:10 P.M.

It was also noted that the three new Trustees attended the Board Orientation for New Trustees on November 28. 16. Human Resources

a. Certificated Personnel Report *(V) (C)*

Responding to Trustee Prola's question regarding employee #464 and how one can move from 1.0 FTE to 1.2 FTE, Dr. Thompson indicated that it is not uncommon for schools to pay additional time to an employee from time to time for a particular position which can be completed after school or in lieu of a prep period, for example.

b. Revision to Board Policy 5145.3 Nondiscrimination/Harassment *(V) (C)*

Looking at Consent Item 17b, Nondiscrimination/Harassment, Trustee Prola felt that the policy should list "religious beliefs, or lack there of" to District programs and activities free from discrimination. Superintendent Wong said that the language was taken from Ed. Code, and was not sure if additional wording could be added.

Superintendent Cathey said that we should contact legal counsel and also look into the explicit definition of the wording behind "religion."

This item was approved by the following vote with the understanding that the Superintendent would seek legal counsel with regards to Trustee Prola's concern.

c. Revision to Board Policy, Administrative Regulation, and Exhibit 5145.31, Hate Motivated Behavior *(V) (C)*

With regards to this policy where is states that violations should be reported to the "Superintendent or designee", Trustee Prola asked who the designee was. Assistant Superintendent of Educational Services Wong explained that she was the designee; however, unlike the nondiscrimination/harassment policy, which requires that her position be named as the designee, it is not required 8n this case as the Superintendent may ask a principal for example to be the designee. Assistant Superintendent Wong also said that the parent notifications that are sent out at the beginning of the year to the parents state that the complaint officer is her position.

20. ACTION ITEM - 8:30 P.M.

21. Facilities and Construction

a. Contract Between San Leandro Unified School District and MyCoyoteExpress Contract *(V)*

Responding to Trustees Prola and James, staff clarified that the contract services includes round trip transportation.

Trustee Mack-Rose raised a concern that the Board was once again being asked to approve a contract for services that have already began and asked if schools were given the discretion to use Measure M funds without Board approval.

It was explained that as part of the Measure M projects, the San Leandro High School pool and fields project began renovation in August of 2012, and the SLUSD Pacific Sports Complex and Burrell Field work began in June 2012, most high school sports team have been displaced for both practices and games. There is an approved bussing list that school sites use and to date the services of MyCoyoteExpress bussing, who is on that list, has been transporting our students to various locations throughout the area Up until now, the schools have treated this type of transportation like a "field trip" which does not need Board approval. However, it is the intention of the District to go out to bid for bussing services for the second semester as costs are estimated to exceed $81,000, the amount which triggers the needs for a Request for Proposal (RFP) for competitive bids per Public Contract Code.

22. CONFERENCE ITEMS - 8:40 P.M.

23. Human Resources

a. Job Description, Salary Range, and Position for the Network Technician Position *(V)*

Assistant Superintendent Song Chin-Bendib explained that the person who has been working part-time in this position is retiring and rather than seek another consultant to perform the technical network services, staff is recommending adding a full-time network technician position to the technology department. This will help the department keep up with increasing technology demands and help create consistency within the department and across the distinct. The network technician position requires a high level of technological proficiency. The position will be primarily

responsible for maintaining our local area and wide area networks as well as all of our individual servers and systems such as firewall security, e-mail, and VoIP.

There was a lengthy discussion regarding the pros and cons of the staff recommendation. Concerns and suggestions raised by the Board including the time sensitivity

- Listing RDP and Terminal Services as qualifications in the job description is redundant,
  "Pearl" is spelled "Perl"
- Given the list of qualifications, salary, minimum of 5 years of experience, it will be very difficult to fill to this position
- Consider using "preferred" for some of the qualifications
- Look at coordinating services with other districts or the County Office
- Consider tabling this until next week when the new Board comes together
- We should move forward with this position
- Approve the position and seek out a part-time position at this time if a full-time person is not found to give the District latitude to provide the services gravely needed
- The community is concerned that we are creating positions without knowing what our district needs and priorities are
- Post as a part-time position and let the incoming Board evaluate whether they want a full-time position

Following the discussion, a motion and second was made and the Board approved a Network Technician position.
