8. PRESENTATIONS

a. 2012-2013 Unaudited Actuals

Associate Superintendent for Business & Operations Song Chin-Bendib presented the 2012-2013 Unaudited Actuals, noting that the audit will take place in October. She thanked the efforts of the Business Department, noting that Bert Padua, Interim Director Fiscal Services, deserved a great deal of credit for coming to the aid of the District. A few highlights of the presentation included:

- An Unrestricted General Fund Balance of $1,704,645 after designations
- A Special Education Fiscal Year comparison showing the increasing General Fund contributions needed over the years to serve these students
- An Average Daily Attendance (ADA) of 8,479, which is 96.69% of enrollment
    - The ADA is based on October CBEDS - a snapshot of attendance on one day of the year
    - Districts receive funding based on ADA and not actual enrollment
    - The more students who attend school, the more money we earn - this in addition to the students' learning benefits (*the Superintendent pointed out that the District is doing an exceptional job in keeping attendance up)*
- An overview of the District's Revenues and Expenditures
- Percentages budgeted for various functions
- The Ending Fund Balance for various programs, such as Adult Education the Cafeteria Fund, Developer Feeds, etc.
    - The low fund balance for Deferred Maintenance illustrates the need to

increase funding for Deferred Maintenance in the future

The Board thanked Associate Superintendent Chin-Bendib for the presentation. Board comments included:

- Happy that the Adult Education Principal and staff is not only creating funds for the district but is expanding services to create even more
- Happy that the Superintendent and new Assistant Superintendent of Educational Services are working diligently with Special Education to help reduce the encroachment to the General Fund
- How much is the District paying per student in Special Education?
- Possible increases in Developer Fees coming from the upcoming Village Market Place Development and a technology campus as part of the OSISoft expansion
- Related to the Successor Agency to the Redevelopment Agency, the District selected a Board representative who is no longer on the Board. What is the process for selecting a new representative to represent the Board on this Successor Agency?
- The Board concluded that, while they still do not quite know the fiscal outlook and the uncertainties of LCFF, they remained very optimistic that the District is not looking at the types of cuts like those that have been made in the last five years
