San Leandro Teachers' Association
Initial Proposal to
San Leandro Unified School District

(Successor Contract Negotiations)

March 12, 2014

SLTA is committed to providing a high quality educational program for our students in San Leandro. We have sought input from our members to negotiate on their behalf. San Leandro teachers are still amongst the lowest paid teachers in Alameda County and have seen our health care costs soar to new highs. We must address these challenges if we are to maintain a high quality teaching staff for our students.
