(cf. 6184 - Continuation Education)

The SPSA shall be developed with the review, advice, and certification of any applicable school advisory committees. (Education Code 64001)

Such groups may include, but are not limited to, advisory committees established for categorical programs such as English learner, special education, gifted and talented education, and Economic Impact Aid programs; Western Association of Schools and Colleges leadership teams; district or school liaison teams for schools identified for program improvement; and other committees established by the school or district.

(cf. 0520.2 - Title I Program Improvement Schools)
(cf. 6172 - Gifted and Talented Student Program)
(cf. 6190 - Evaluation of the Instructional Program)

The SPSA shall be aligned with school goals for improving student achievement. School goals shall be based on an analysis of verifiable state data, including the Academic Performance Index (API) and the California English Language Development Test, and may consider any other data developed by the district to measure student achievement. (Education Code 64001)

(cf. 0500 - Accountability)

SCHOOL PLANS/SITE COUNCILS (continued)

(cf. 6162.5 - Student Assessment)
(cf. 6162.51 - State Academic Achievement Tests)
(cf. 6162.52 - High School Exit Examination)

The SPSA shall, at a minimum: (Education Code 64001)

1. Address how funds provided to the school through specified categorical programs will be used to improve the academic performance of all students to the level of the performance goals established by the API

2. Identify the means of evaluating the school's progress toward accomplishing those goals

3. Identify how state and federal law governing the categorical programs will be implemented

In addition to meeting the requirements common to all applicable school plans, the SPSA shall address any content required by law for each individual categorical program in which the school participates.

In developing or revising the SPSA, the school site council or other schoolwide advisory group or school support group shall:

1. Analyze student achievement data. Using measures of student academic performance, the school shall identify significant patterns of low performance in particular content areas, student groups, and/or individual students and determine which data summaries to include in the plan as most informative and relevant to school goals.

(cf. 6011 - Academic Standards)

2. Assess the effectiveness of the school's instructional program in relation to the analysis of student data.

3. Identify a limited number of achievement goals and key improvement strategies to achieve the goals. School goals shall reflect the needs identified at the school site while aligning with goals identified in federally required district plans. The school shall specify the student group(s) on which each goal is focused, the methods or practices that will be used to reach the goal, and the criteria that will be used to determine if the goal is achieved.

4. Define timelines, personnel responsible, proposed expenditures, and funding sources to implement the SPSA.

SCHOOL PLANS/SITE COUNCILS (continued)

The school site council or other schoolwide group shall approve the proposed SPSA at a meeting for which public notice has been posted and then submit the SPSA to the Board of Trustees for approval. (Education Code 35147, 64001)

The school site council or other schoolwide group shall regularly monitor the implementation and effectiveness of the SPSA and modify any activities that prove ineffective. At least once per year, the school shall evaluate results of improvement efforts and report to the Board, advisory committees, and other interested parties regarding progress toward school goals.

The school site council or other schoolwide group may amend the SPSA at any time. Any revisions that would substantively change the academic programs funded through the consolidated application shall be submitted to the Board for approval.

SCHOOL-BASED PROGRAM COORDINATION

Cautionary Notice: AB 97 (Ch. 47, Statutes of 2013) repealed Education Code 42605, which provided temporary flexibility for specified "Tier 3" categorical programs, and instead redirects the funding for those categorical programs into the Local Control Funding Formula (LCFF) (Education Code 42238.01-42251). The supplemental and concentration grant portions of the LCFF may be used for any schoolwide or districtwide educational purpose in accordance with state regulations to be adopted by January 31, 2014, with a goal of increasing or improving services for English learners, foster youth, and students eligible for free and reduced-price meals. Certain requirements related to Tier 3 categorical program(s) in the following policy or regulation are no longer applicable.

In order to best serve students with special needs and students participating in designated educational programs, the Board of Trustees encourages school-based program coordination as a means for achieving flexibility in the use of the categorical funds received by each school. The Board believes that resources acquired to assist students in one program often can benefit other students without in any way depriving the originally targeted group.

A school site council shall be established at each school to consider whether or not it wishes the school to participate in school-based program coordination. All interested persons shall have an opportunity to meet in public to establish the site council. (Education Code 52852.5)

(cf. 0420 - School Plans/Site Councils)
(cf. 1220 - Citizen Advisory Committees)

The school site council of any participating school shall develop, for approval by the Board, a school plan that addresses the components specified in Education Code 52853. This plan shall be incorporated into the school's single plan for student achievement required for the state's consolidated application process. (Education Code 52853, 64001)

Evaluation of each participating school's educational program shall include an assessment of the school's effectiveness in meeting the needs of each student population originally targeted by the categorical programs.

CHARTER SCHOOL AUTHORIZATION

The Board of Trustees recognizes that charter schools may assist the district in offering diverse learning opportunities for district students. In considering any petition to establish a charter school within the district, the Board shall give careful consideration to the potential of the charter school to provide students with a high-quality education that enables them to achieve to their fullest potential.

One or more persons may submit a petition for a start-up charter school to be established within the district. In addition, an existing district school may be converted to a charter school when deemed beneficial by the district and community or when state or federal law requires restructuring of the school because of low performance.

(cf. 0520.2 - Title I Program Improvement Schools)

Any petition for a start-up charter school or conversion charter school shall include all components and signatures required by law and shall be submitted to the Board.

The Superintendent or designee may work with charter school petitioners prior to the formal submission of the petition in order to ensure compliance of the petition with legal requirements. As needed, he/she also may meet with the petitioners to establish workable plans for technical assistance or contracted services which the district may provide to the proposed charter school.

Within 30 days of receiving a petition to establish a charter school, the Board shall hold a public hearing to determine the level of support for the petition by teachers, other employees of the district, and parents/guardians. (Education Code 47605)

(cf. 9320 - Meetings and Notices)

Within 60 days of receiving a petition, or within 90 days with mutual consent of the petitioners and the Board, the Board shall either approve or deny the request to establish the charter school. (Education Code 47605)

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5)

Approval of Petition

The Board shall approve the charter petition if doing so is consistent with sound educational practice. In granting charters, the Board shall give preference to schools best able to provide comprehensive learning experiences for academically low-achieving students according to standards established by the California Department of Education (CDE) under Education Code 54032. (Education Code 47605)

CHARTER SCHOOL AUTHORIZATION (continued)

The Board may initially grant a charter for a specified term not to exceed five years. (Education Code 47607)

(cf. 0420.42 - Charter School Renewal)
(cf. 0420.43 - Charter School Revocation)

The Board shall ensure that any approved charter contains adequate processes and measures for holding the school accountable for fulfilling the terms of its charter. These shall include, but not be limited to, fiscal accountability systems, multiple measures for evaluating the educational program, and regular reports to the Board.

(cf. 0420.41 - Charter School Oversight)

The district shall not require any district student to attend the charter school nor shall it require any district employee to work at the charter school. (Education Code 47605)

The Board may approve one or more memoranda of understanding to clarify the financial and operational agreements between the district and the charter school. Any such memorandum of understanding shall be annually reviewed by the Board and charter school governing body and amended as necessary.

It shall be the responsibility of the petitioners to provide written notice of the Board's approval and a copy of the charter to the County Superintendent of Schools, the CDE, and the State Board of Education (SBE). (Education Code 47605)

Denial of Petition

The Board shall deny any petition to authorize the conversion of a private school to a charter school or that proposes to serve students in a grade level that is not served by the district, unless the petition proposes to serve students in all the grade levels served by the district. (Education Code 47602, 47605; 5 CCR 11965)

Any other charter petition shall be denied only if the Board presents written factual findings specific to the petition that one or more of the following conditions exist: (Education Code 47605)

1. The charter school presents an unsound educational program for the students to be enrolled in the charter school.

2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

3. The petition does not contain the number of signatures required.

CHARTER SCHOOL AUTHORIZATION (continued)

4. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).

5. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b).

The Board shall not deny a petition based on the actual or potential costs of serving students with disabilities, nor shall it deny a petition solely because the charter school might enroll disabled students who reside outside the special education local plan area in which the district participates. (Education Code 47605.7, 47647)

(cf. 0430 - Comprehensive Local Plan for Special Education)

If the Board denies a petition, the petitioners may choose to submit the petition to the County Board of Education and, if then denied by the County Board, to the SBE. (Education Code 47605)

CHARTER SCHOOL AUTHORIZATION

Petition Signatures

A petition for the establishment of a start-up charter school must be signed by either of the following: (Education Code 47605)

1. A number of parents/guardians equivalent to at least one-half of the number of students that the charter school estimates will enroll in the school for its first year of operation

2. A number of teachers equivalent to at least one-half of the total number of teachers that the charter school estimates will be employed at the school during its first year of operation

If the charter petition calls for an existing public school to be converted to a charter school, the petition must be signed by at least 50 percent of the permanent status teachers currently employed at the school. (Education Code 47605)

(cf. 4116 - Permanent/Probationary Status)

In circulating a petition, the petitioners shall include a prominent statement explaining that a parent/guardian's signature means that the parent/guardian is meaningfully interested in having his/her child attend the charter school or, in the case of a teacher's signature, that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition. (Education Code 47605)

Advisory Committee

At his/her discretion, the Superintendent or designee may establish a staff advisory committee to evaluate the completeness of a petition or the merits of a proposed educational program and to identify any concerns that should be addressed by the petitioners. The Superintendent or designee shall also consult with legal counsel, as appropriate, regarding compliance of the charter proposals with legal requirements.

(cf. 2230 - Representative and Deliberative Groups)

Components of Charter Petition

The charter petition shall include affirmations of the conditions described in Education Code 47605(d) as well as reasonably comprehensive descriptions of: (Education Code 47605, 47611.5)

1. The educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated

CHARTER SCHOOL AUTHORIZATION (continued)

person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling students to become self-motivated, competent, and lifelong learners.

The petition shall include a description of annual goals for all students and for each numerically significant subgroup of students identified pursuant to Education Code 52052, including ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, and foster youth. These goals shall be aligned with the state priorities listed in Education Code 52060 that apply to the grade levels served or the nature of the program operated by the charter school. The petition also shall describe specific annual actions to achieve those goals. The petition may identify additional priorities established by the charter school, goals aligned with those priorities, and specific annual actions to achieve those goals.

(cf. 0420.41 - Charter School Oversight)
(cf. 0460 - Local Control and Accountability Plan)

If the proposed school will serve high school students, the petition shall describe the manner in which the charter school will inform parents/guardians about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable, and courses approved by the University of California or the California State University as creditable under the "a-g" admissions criteria may be considered to meet college entrance requirements.

2. The measurable student outcomes identified for use by the charter school. *Student outcomes* means the extent to which all students of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program, including outcomes that address increases in student academic achievement both schoolwide and for each numerically significant subgroup of students served by the charter school. The student outcomes shall align with the state priorities identified in Education Code 52060 that apply for the grade levels served or the nature of the program operated by the charter school.

3. The method by which student progress in meeting the identified student outcomes is to be measured. To the extent practicable, the method for measuring student outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(cf. 0510 - School Accountability Report Card)

CHARTER SCHOOL AUTHORIZATION (continued)

7. The means by which the school will achieve a racial and ethnic balance among its students that is reflective of the general population residing within the district's territorial jurisdiction.

8. Admission requirements, if applicable.

9. The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the Board of Trustee's satisfaction.

2. The County Superintendent of Schools and Superintendent of Public Instruction are notified before the charter school begins operations.

3. The charter school has attempted to locate a single site or facility to house the entire program but such a facility or site is unavailable in the area in which the school chooses to locate, or the site is needed for temporary use during a construction or expansion project.

Special classes, separate schooling, or other removal of students with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. (34 CFR 300.39)

Surrogate parent means an individual assigned to act as a surrogate for the parent/guardian. The surrogate may represent an individual with disabilities in matters relating to identification, assessment, instructional planning and development, educational placement, reviewing and revising the IEP, and in other matters relating to the provision of FAPE to the individual with disability. LOCAL CONTROL AND ACCOUNTABILITY PLAN

The Board of Trustees desires to ensure the most effective use of available state funding to improve outcomes for all students. A community-based, comprehensive, data-driven planning process shall be used to identify annual goals and specific actions aligned with state and local priorities and to facilitate continuous improvement of district practices.

(cf. 0000 - Vision)
(cf. 0200 - Goals for the School District)

The Board shall adopt a districtwide local control and accountability plan (LCAP), using the template provided by the State Board of Education, which addresses the state priorities specified in Education Code 52060. The LCAP shall be effective for three years and shall be updated on or before July 1 of each year. (Education Code 52060)

In addition, the LCAP shall address any local priorities adopted by the Board.

The LCAP shall focus on improving outcomes for all students, particularly those who are "unduplicated students" and other underperforming students.

Unduplicated students include students who are eligible for free or reduced-price meals, English learners, and foster youth and are counted only once for purposes of the local control funding formula. (Education Code 42238.02)

(cf. 3553 - Free and Reduced Price Meals)
(cf. 6173.1 - Education for Foster Youth)
(cf. 6174 - Education for English Language Learners)

To minimize duplication of effort and provide clear direction for program implementation, the LCAP and other district and school plans shall be aligned to the extent possible.

(cf. 0400 - Comprehensive Plans)
(cf. 0440 - District Technology Plan)
(cf. 0450 - Comprehensive Safety Plan)
(cf. 5030 - Student Wellness)
(cf. 6171 - Title I Programs)
(cf. 7110 - Facilities Master Plan)

The Superintendent or designee shall review the single plan for student achievement (SPSA) submitted by each district school pursuant to Education Code 64001 to ensure that the specific actions included in the LCAP or the annual update are consistent with strategies included in the SPSA. (Education Code 52062)

(cf. 0420 - School Plans/Site Councils)

LOCAL CONTROL AND ACCOUNTABILITY PLAN (continued)

Any complaint that the district has not complied with legal requirements pertaining to the LCAP may be filed pursuant to AR 1312.3 - Uniform Complaint Procedures. (Education Code 52075)

(cf. 1312.3 - Uniform Complaint Procedures)

Plan Development

The Superintendent or designee shall gather data and information needed for effective and meaningful plan development and present it to the Board and community. Such data and information shall include, but not be limited to, data regarding the numbers of students in various student subgroups, disaggregated data on student achievement levels, and information about current programs and expenditures.

The Board shall consult with teachers, principals, administrators, other school personnel, employee bargaining units, parents/guardians, and students in developing the LCAP. (Education Code 52060)

(cf. 1220 - Citizen Advisory Committees)

2. An English learner parent advisory committee whenever district enrollment includes at least 15 percent English learners and at least 50 students who are English learners

The Superintendent or designee shall present the LCAP or the annual update to the committee(s) before it is submitted to the Board for adoption, and shall respond in writing to comments received from the committee(s). (Education Code 52062)

The Superintendent or designee shall notify members of the public of the opportunity to submit written comments regarding the specific actions and expenditures proposed to be included in the LCAP or the annual update to the LCAP. The notification shall be provided using the most efficient method of notification possible, which may not necessarily include producing printed notices or sending notices by mail. All written notifications related to the LCAP or the annual update shall be provided in the primary language of parents/guardians when required by Education Code 48985. (Education Code 52062)

LOCAL CONTROL AND ACCOUNTABILITY PLAN (continued)

The Board shall hold at least one public hearing to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the LCAP or the annual update. The public hearing shall be held at the same meeting as the public hearing required prior to the adoption of the district budget in accordance with Education Code 42127 and AR 3100 - Budget. (Education Code 42127, 52062)

(cf. 3100 - Budget)

Prior to adopting the district budget, but at the same public meeting, the Board shall adopt the LCAP or the annual update. This meeting shall be held after the public hearing described above, but not on the same day as the hearing. (Education Code 52062)

The Board may adopt revisions to the LCAP at any time during the period in which the plan is in effect, provided the Board follows the process to adopt the LCAP pursuant to Education Code 52062 and the revisions are adopted in a public meeting. (Education Code 52062)

Submission of Plan to County Superintendent of Schools

Not later than five days after adoption of the LCAP or the annual update to the LCAP, the Board shall file the LCAP or the annual update with the County Superintendent of Schools. (Education Code 52070)

If the County Superintendent sends, by August 15, a written request for clarification of the contents of the LCAP or the annual update, the Board shall respond in writing within 15 days of the request. If the County Superintendent then submits recommendations for amendments to the LCAP within 15 days of receiving the Board's response, the Board shall consider those recommendations in a public meeting within 15 days of receiving the recommendations. (Education Code 52070)

Monitoring Progress

The Superintendent or designee shall report to the Board, at least annually in accordance with the timeline and indicators established by him/her and the Board, regarding the district's progress toward attaining each goal identified in the LCAP. Evaluation data shall be used to recommend any necessary revisions to the LCAP.

TITLE I PROGRAM IMPROVEMENT SCHOOLS

Definitions

Adequate yearly progress (AYP) refers to a series of annual academic performance goals, as defined by the State Board of Education, that incorporate student participation levels on state assessments, minimum required percentages of students scoring at the proficient level or above on English language arts and mathematics state assessments, high school graduation rates, and growth on the state's Academic Performance Index (API). AYP includes measurable annual objectives for continuous and substantial improvement for the achievement of all students at the school and for any subgroup of students, including economically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and students with limited English proficiency, when the number of students in the subgroup is sufficient to yield statistically reliable results. (20 USC 6311)

(cf. 0500 - Accountability)
(cf. 6162.51 - State Academic Achievement Tests)
(cf. 6162.52 - High School Exit Examination)

Program improvement (PI) school refers to a school that is receiving federal Title I funds and has failed to make AYP for each of two consecutive school years. (20 USC 6316)

A school shall be identified for PI by the California Department of Education (CDE) whenever, for each of two consecutive years, it either does not make AYP in the same content area (English language arts or mathematics) schoolwide or for any numerically significant student subgroup or does not make AYP on the same indicator (Academic Performance Index or high school graduation rate) schoolwide. If a small school has too few students to generate a school-level report, its results shall be aggregated into a district accountability measure.

Year 1 Program Improvement

When any Title I school is initially identified for PI: (20 USC 6316)

1. The Superintendent or designee shall provide students enrolled in the school the option of transferring, as described below in the section "Student Transfers," to another school, which may include a charter school, served by the district that has not been identified for PI.

(cf. 0420.4 - Charter School Authorization)
(cf. 5116.1 - Intradistrict Open Enrollment)

2. Not later than three months of being identified for PI, the school shall develop or revise a school plan, in consultation with parents/guardians, school staff, the district, and outside experts, for approval by the Board of Trustees. The plan shall cover a two-year period and address the components specified in 20 USC 6316.

(cf. 6020 - Parent Involvement)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

To fulfill this requirement, the school may revise its Single Plan for Student Achievement to reflect the requirements of 20 USC 6316.

(cf. 0420 - School Plans/Site Councils)
(cf. 6171 - Title I Programs)

3. Within 45 days of receiving the plan, the Board shall establish a peer review process to assist with its review of the plan, work with the school as necessary, and approve the plan if it meets the requirements of law.

4. The school shall implement the plan no later than the beginning of the next full school year following the school's identification for PI, or, if the plan has not been approved prior to beginning the school year, immediately upon approval of the plan.

5. As the school develops and implements the school plan, the Superintendent or designee shall ensure that the school receives technical assistance from the district, CDE, an institution of higher education, a private organization, an educational service agency, or another entity with experience in helping schools improve academic achievement, including assistance in:

   a. Analyzing data from state assessments and other examples of student work to identify and address problems in instruction and/or problems in implementing Title I requirements pertaining to parent involvement, professional development, or school and district responsibilities identified in the school plan

   b. Identifying and implementing professional development, instructional strategies, and methods of instruction that are derived from scientifically based research and that have proven effective in addressing the specific instructional issues that caused the school to be identified for PI

   c. Analyzing and revising the school's budget so that the school's resources are more effectively allocated to the activities most likely to increase student achievement and remove the school from PI status

(cf. 3100 - Budget)

Year 2 Program Improvement

For any Title I school that fails to make AYP by the end of the first full school year after being identified for PI, the Superintendent or designee shall take all of the following actions: (20 USC 6316)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

1. Continue to provide all students enrolled in the school the option of transferring, as described below in the section "Student Transfers"

2. Arrange for the provision of supplemental educational services (SES) to eligible students from low-income families by a provider with a demonstrated record of effectiveness, as described below in the section "Supplemental Educational Services"

3. Continue to provide for technical assistance in accordance with item #5 in the section "Year 1 Program Improvement" above

Year 3 Program Improvement: Corrective Action

When a school continues to fail to make AYP by the end of the second full school year after identification for PI (four consecutive years of failure to make AYP), the Superintendent or designee shall continue to provide all elements of Year 1 and Year 2 PI specified above. In addition, the Board shall take one or more of the following corrective actions: (20 USC 6316)

1. Replace school staff relevant to the failure

(cf. 4113 - Assignment)
(cf. 4114 - Transfers)
(cf. 4314 - Transfers)

2. Implement a new curriculum and related professional development

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

3. Significantly decrease management authority at the school level

4. Appoint an outside expert to advise the school

5. Extend the school year or school day for the school

(cf. 6111 - School Calendar)
(cf. 6112 - School Day)

6. Restructure the internal organization of the school

Whenever a school is identified for Year 3 PI, continues to fail to make AYP, has an API of less than 800, and is not identified as a "persistently lowest achieving school" pursuant to

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

Education Code 53201, the parents/guardians of students attending that school may petition the district to implement an intervention for the purpose of improving academic achievement or student safety, provided that the state limit on the number of such schools has not yet been reached. To be considered by the Board, the petition shall contain all required content and signatures and specify one of four intervention models (i.e., turnaround model, restart model, school closure, or transformation model) or an alternative governance arrangement, as described in 5 CCR 4803-4807. The district shall implement the option requested by the parents/guardians unless, at a regularly scheduled public hearing, the Board makes a finding in writing stating the reason it cannot implement the recommended option and instead designates one of the other options to be implemented. (Education Code 53300-53303; 5 CCR 4800-4808)

Year 4 Program Improvement and Beyond: Restructuring

For any school that continues to fail to make AYP after one full year of corrective action, the Superintendent or designee shall continue to provide all students enrolled in the school with the option to transfer to another school within the district and continue to make SES available to eligible students who remain in the school. In addition, the Board shall develop a plan and make necessary arrangements to implement one of the following options for alternative governance and restructuring, consistent with state law: (20 USC 6316)

1. Reopen the school as a charter school

2. Replace all or most of the school staff relevant to the failure

3. Enter into a contract with an entity with a demonstrated record of effectiveness to operate the school

4. Turn the operation of the school over to the CDE

5. Institute any other major restructuring of the school's governance arrangements that makes fundamental reforms

Notifications

Whenever a school is identified for PI, corrective action, or restructuring, the Superintendent or designee shall promptly notify parents/guardians of students enrolled in that school. The notification shall include: (20 USC 6316; 34 CFR 200.37)

1. An explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary or secondary schools in the district and state

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

2. The reasons for the identification

3. An explanation of what the school is doing to address the problem of low achievement

4. An explanation of what the district or state is doing to help the school address the achievement problem

5. An explanation of how parents/guardians can become involved in addressing the academic issues that caused the school to be identified for PI

6. An explanation of the option to transfer to another school within the district, as described below in the section "Student Transfers"

7. If the school is in Year 2 of PI or beyond, an explanation of how parents/guardians can obtain SES for their child as described below in the section "Supplemental Educational Services"

(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall disseminate information about corrective actions taken at any district school to the parents/guardians of each student in that school and to the public through such means as the Internet, the media, and public agencies. (20 USC 6316)

The Superintendent or designee shall promptly notify teachers and parents/guardians whenever a school is identified for restructuring and shall provide them adequate opportunities to comment before taking action and to participate in developing any plan for restructuring school governance. (20 USC 6316)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

All notifications pertaining to PI shall be written in an understandable and uniform format and, to the extent practicable, in a language the parents/guardians can understand. (20 USC 6316; 34 CFR 200.36)

To the extent practicable, the district shall partner with outside groups, such as faith-based organizations, community-based organizations, and business groups, to help inform eligible students and their families of the opportunities to transfer or to receive SES. (34 CFR 200.48)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

Student Transfers

All students enrolled in a school in Year 1 of PI or beyond shall be provided an option to transfer to another school, which may include a charter school, served by the district provided that the school: (20 USC 6316; 34 CFR 200.44)

1. Has not been identified for PI, corrective action, or restructuring

   In the event that all district schools are identified for PI, the district shall, to the extent practicable, establish a cooperative agreement with other local educational agencies in the area for interdistrict transfers.

(cf. 5117 - Interdistrict Attendance)

2. Has not been identified by the CDE as a "persistently dangerous" school pursuant to 20 USC 7912 and 5 CCR 11992-11994

(cf. 0450 - Comprehensive Safety Plan)

Among the students offered an option to transfer out of a PI school, priority shall be given to the lowest achieving students from low-income families, as defined by the district for purposes of allocating Title I funds. (20 USC 6316; 34 CFR 200.44)

If two or more district schools are eligible to accept transfers based on criteria listed in items #1-2 above, the district shall provide a choice of more than one such school and shall take into account parent/guardian preferences among the choices offered. (34 CFR 200.44)

The Superintendent or designee may consider school capacity in selecting schools that will be offered as alternatives for school choice, but shall not use the lack of school capacity to deny transfer opportunities to students. The district may increase capacity in eligible district schools to accommodate all students who wish to transfer.

The transfer option shall be offered so that students may transfer in the school year following the school year in which the district administered the assessments that resulted in the identification of the school for PI, corrective action, or restructuring. In order to provide adequate time for parents/guardians to exercise their transfer option before the school year begins, the Superintendent or designee shall notify parents/guardians of the available school choices sufficiently in advance of, but no later than 14 calendar days before, the start of the school year or on a date otherwise determined necessary by the CDE. (34 CFR 200.37, 200.44)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

Notice of the transfer option shall:

1. Inform parents/guardians that, due to the identification of the current school as in need of improvement, their child is eligible to attend another school, including a charter school, served by the district

2. Identify each school that the parent/guardian may select

3. Explain why the choices made available to the parents/guardians may have been limited

4. Describe the timelines and procedures that parents/guardians must follow in selecting a school for their child, including a requirement that parents/guardians rank-order their preferences of eligible schools as appropriate

5. Provide information on the academic achievement of the school(s) to which the student may transfer (34 CFR 200.37)

6. Explain the provision of transportation to the new school (34 CFR 200.37)

The notice may include other information about the school(s) to which the student may transfer, such as a description of any special academic programs or facilities, the availability of before- and after-school programs, the professional qualifications of teachers in the core academic subjects, and a description of parent/guardian involvement opportunities. (34 CFR 200.37)

(cf. 4112.24 - Teacher Qualifications Under the No Child Left Behind Act)
(cf. 5148.2 - Before/After School Programs)

In addition to mailing notices directly to parents/guardians, the Superintendent or designee shall provide information about transfer options through broader means, such as the Internet, the media, and public agencies serving students and their families. (34 CFR 200.36)

(cf. 1100 - Communication with the Public)
(cf. 1113 - District and School Web Sites)
(cf. 1114 - District-Sponsored Social Media)

The district shall prominently display on its web site, in a timely manner each school year, a list of available schools to which eligible students may transfer in the current school year. The district shall also display data on the number of students who were eligible for and who participated in the student transfer option, beginning with data from the 2007-08 school year and each subsequent year thereafter. (34 CFR 200.39)

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

In accordance with timelines established for the transfer request process, the Superintendent or designee shall notify parents/guardians of their child's school assignment and shall establish a reasonable deadline by which parents/guardians must either accept the assignment or decline the assignment and remain in the school of origin.

The district shall provide, or shall pay for the provision of, transportation to the district school which the student chooses to attend. (20 USC 6316; 34 CFR 200.44)

(cf. 3540 - Transportation)

To ensure that transportation may be reasonably provided, the Superintendent or designee may establish transportation zones based on geographic location within the district. Transportation to schools within a zone shall be fully provided, while transportation outside the zone may be partially provided.

(cf. 3541 - Transportation Routes and Services)

Any student who transfers to another district school may remain in that school until he/she has completed the highest grade in that school. However, the district shall not be obligated to provide, or pay for the provision of, transportation for the student after the end of the school year that the school of origin is no longer identified for PI, corrective action, or restructuring. (20 USC 6316; 34 CFR 200.44)

Supplemental Educational Services

When required by law, SES shall be provided outside the regular school day and shall be specifically designed to increase achievement of eligible students from low-income families on state academic assessments and to assist them in attaining state academic standards. (20 USC 6316)

(cf. 6011 - Academic Standards)
(cf. 6179 - Supplemental Instruction)

When a school is required to provide SES, the Superintendent or designee shall provide annual notice to parents/guardians that includes: (20 USC 6316; 34 CFR 200.37)

1. The availability of SES

2. The identity of approved providers that are within the district or are reasonably available in neighboring local educational agencies

3. The identity of approved providers of technology-based or distance learning services

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

4. The services, qualifications, and demonstrated effectiveness of each provider, including an indication of those providers who are able to serve students with disabilities or limited English proficiency

5. The benefits of receiving SES

In addition, the notification shall describe procedures and timelines that parents/guardians must follow to select a provider.

This notification shall be clearly distinguishable from other information sent to parents/guardians regarding identification of the school for PI, corrective action, or restructuring. (34 CFR 200.37)

The district shall prominently display on its web site, in a timely manner each school year, a list of state-approved providers serving the district in the current year and the location where services are provided. The district shall also display the number of students who were eligible for and who participated in SES, beginning with data from the 2007-08 school year and each subsequent year thereafter. (34 CFR 200.39)

The Superintendent or designee shall distribute sign-up forms for SES directly to all eligible students and their parents/guardians and make them available and accessible through broad means of dissemination such as the Internet, other media, and communications through public agencies serving eligible students and their families. (34 CFR 200.48)

The district shall provide a minimum of two enrollment windows, at separate points in the school year, that are of sufficient length to enable the parents/guardians of eligible students to make informed decisions about requesting SES and selecting a provider. (34 CFR 200.48)

Within a reasonable period of time established by the Superintendent or designee, parents/guardians shall select a SES provider from among those approved by the SBE. Upon request, the Superintendent or designee shall assist parents/guardians in choosing a provider. (20 USC 6316; 34 CFR 200.46)

The district shall not prohibit or limit an approved provider from promoting its program or the general availability of SES to members of the community. (5 CCR 13075.9)

When the district is an approved SES provider, the Superintendent or designee shall be careful to provide parents/guardians with a balanced presentation of the options available to them and shall ensure that they understand their right to select the district or any other service provider.

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

No district employee who administers or provides SES, either solely or in collaboration with a SES provider, or who has a financial interest of any kind in a SES provider, shall use his/her position as a district employee to encourage district students or their parents/guardians to use the services of that provider. (5 CCR 13075.7)

(cf. 9270 - Conflict of Interest)

The Superintendent or designee shall ensure that eligible students with disabilities, students covered under Section 504 of the federal Rehabilitation Act, and students with limited English proficiency receive appropriate SES with any necessary accommodations or language assistance. (34 CFR 200.46)

(cf. 6159 - Individualized Education Program)
(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)
(cf. 6164.6 - Identification and Education Under Section 504)
(cf. 6174 - Education for English Language Learners)

If no provider is able to make the services available to such students, the district shall provide the services with necessary accommodations or language assistance, either directly or through a contract. Services shall be consistent with a student's individualized education program (IEP) or Section 504 services plan, as applicable.

If available funds are insufficient to provide SES to each eligible student whose parents/guardians request those services, priority shall be given to the lowest achieving eligible students. (20 USC 6316)

If the number of parents/guardians selecting a particular provider exceeds the capacity of that provider, priority shall be given to the lowest achieving eligible students.

Once a SES provider has been selected by a parent/guardian, the Superintendent or designee shall enter into an agreement with the provider. The agreement shall: (20 USC 6316)

1. Require the district to develop, in consultation with the parents/guardians and the provider, a student learning plan which includes specific achievement goals for the student, a description of how the student's progress will be measured, and a timetable for improving achievement. In the case of a student with disabilities, the student learning plan shall be consistent with the student's IEP.

2. Describe how the student's parents/guardians and teacher(s) will be regularly informed of the student's progress.

3. Provide for the termination of the agreement if the provider is unable to meet such goals and timetables.

4. Contain provisions with respect to the district making payments to the provider.

TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

5. Prohibit the provider, without written parent/guardian permission, from disclosing to the public the identity of any student eligible for or receiving SES.

(cf. 5125.1 - Release of Directory Information)

In developing the student learning plan as required by item #1 above, the Superintendent or designee shall consult with the parent/guardian of each student to, at a minimum, provide the parent/guardian an opportunity to express his/her views and have them considered. Consultation may include, but is not limited to, communication by telephone, email, home visits, parent/guardian meetings, and/or parent/guardian signature(s). Evidence of this consultation shall be included in the student learning plan. In the event that a consultation does not take place but the parent/guardian has selected an approved SES provider, the Superintendent or designee, or the provider acting on the district's behalf, shall show evidence of at least three separate attempts to contact the parent/guardian using at least two different means of communication. If the parent/guardian elects not to participate in the consultation, the Superintendent or designee, or approved provider acting on the district's behalf, must develop a student learning plan for the student. (5 CCR 13075.7)

The Superintendent or designee may request, but not require, that the SES provider develop the student learning plan on behalf of the district for each student served by the provider as indicated in the agreement. In such cases, the Superintendent or designee shall make available to the provider pertinent student academic achievement data with parent/guardian permission and other technical assistance that will facilitate the development of the plan. The Superintendent or designee shall maintain responsibility to review and approve the student learning plan to ensure that it is developed in consultation with the parent/guardian and contains all required information. (5 CCR 13075.7)

Eligible SES providers shall be given access to school facilities, using a fair, open, and objective process, on the same basis as other groups that seek access to school facilities. (34 CFR 200.48)

(cf. 1330 - Use of School Facilities)

TITLE I PROGRAM IMPROVEMENT DISTRICTS

The Board of Trustees shall annually review and analyze the district's performance in making adequate yearly progress (AYP) toward student achievement standards, in accordance with criteria established by the State Board of Education (SBE). The Board's review shall include an evaluation of whether district improvement efforts are aligned and adequately focused on increasing achievement levels for all students. As necessary, the Board and the Superintendent or designee shall take steps to improve district operations and programs to enable students to achieve proficiency.

(cf. 0500 - Accountability)
(cf. 6011 - Academic Standards)
(cf. 6162.51 - State Academic Achievement Tests)

Early Warning Program

In the event that the district is provided notice by the California Department of Education (CDE) that it is in danger of being identified for program improvement (PI) within two years under the federal No Child Left Behind Act, the Board shall determine whether to participate in the voluntary Early Warning Program. If the Board elects to have the district participate in the program, the district shall conduct a voluntary self-assessment using research-based criteria provided by the CDE and may revise its Title I local educational agency (LEA) plan based on the results of that assessment. (Education Code 52055.57)

(cf. 6171 - Title I Programs)

Year 1-2 PI: Revision and Implementation of LEA Plan

In the event that the district is identified for PI by the CDE, the Superintendent or designee shall, in accordance with law and administrative regulation, notify parents/guardians, administer a district self-assessment process, and revise the LEA plan. (20 USC 6316; Education Code 52055.57)

The revised LEA plan or plan addendum shall be approved by the Board and submitted to the CDE. The Superintendent or designee shall regularly report to the Board regarding the implementation of the plan during Years 1 and 2 of the program.

The Superintendent or designee shall utilize available state and local resources to identify specific problems contributing to low student achievement and provide technical assistance and support to resolve those problems. He/she also shall work closely with individual school sites to raise student achievement in accordance with school plans.

(cf. 0520.2 - Title I Program Improvement Schools)

TITLE I PROGRAM IMPROVEMENT DISTRICTS (continued)

Year 3 PI: Corrective Action

If the district does not make AYP after two years of receiving program funding, the Board shall cooperate with the Superintendent of Public Instruction (SPI) and the SBE in the identification and implementation of appropriate corrective actions.

The Board shall enter into a contract with a district assistance and intervention team (DAIT) whenever the SPI and SBE determine this to be the most appropriate corrective action. Upon receiving a report of recommendations from the DAIT: (Education Code 52055.57, 52059)

1. The Board may, not later than 30 days after completion of the report, appeal to the SPI to be exempted from implementing one or more of the report's recommendations.

2. Not later than 60 days after completion of the report, the Board shall, at a regularly scheduled meeting, adopt the report recommendations, as modified by any exemptions granted by the SPI.

The Superintendent or designee shall establish a district leadership team to collaborate with the DAIT in the development and implementation of an action plan to address high-priority needs. This team may include site and district administrators, teacher leaders, special education teachers, English learner experts, fiscal officers, and other key personnel, as appropriate.

The Board and the Superintendent or designee shall monitor the district's progress in implementing the DAIT's recommendations and shall continually use student performance data to determine whether additional district or school site changes are necessary to improve student achievement.

Whenever the district is notified that it has been identified for PI under the federal No Child Left Behind Act, the district shall complete all of the following actions:

1. Promptly notify parents/guardians of each district student regarding the district's PI status, the reasons for the identification, and how parents/guardians can participate in upgrading the quality of the district's programs. The notification shall be in a format and, to the extent practicable, in a language the parents/guardians can understand. (20 USC 6316)

(cf. 5145.6 - Parental Notifications)

Verifying the fundamental teaching and learning needs in district schools as determined by the self-assessment and identifying the specific academic problems of low-achieving students, including a determination as to why the prior Title I local educational agency (LEA) plan failed to increase student academic achievement

    b. Ensuring that the district receives intensive support and expertise to implement reform initiatives in the LEA plan

QUALITY EDUCATION INVESTMENT SCHOOLS

The Board of Trustees believes that schools demonstrating the lowest performance on state indicators of student achievement should be assisted with additional resources and support focused on instructional improvement and student services. Such schools also need working conditions and learning environments that will attract and retain well-qualified teachers, administrators, and other staff. The Board desires to help such schools address their complex educational needs and achieve their annual growth targets.

Whenever the Superintendent of Public Instruction identifies a district school as ranking in decile 1 or 2 on the Academic Performance Index (API) and notifies the district that the school is eligible to participate in the state's Quality Education Investment program, the Board shall determine whether applying for this funding will help improve academic achievement at that school. The Superintendent or designee shall review the program requirements and recommend to the Board if it would be in the district's best interest to apply to use alternative program requirements that would provide for a higher level of academic achievement. Based on this determination, the Board may submit an application, including an application for an alternative program, on behalf of the school in order to obtain additional state funding for school improvement.

The Superintendent or designee shall ensure that each participating school uses program funds for the purposes expressed in law and administrative regulation. Activities carried out under this program shall be aligned with other school improvement efforts.

(cf. 0420 - School Plans/Site Councils)
(cf. 0520.2 - Title I Program Improvement Schools)
(cf. 0520.3 - Title I Program Improvement Districts)

The Board shall monitor the progress of participating schools to evaluate the effectiveness of school efforts in increasing student achievement, as measured by the API and other indicators, increasing student attendance, and, for secondary schools, increasing graduation rates. If the Board determines that sufficient progress is not being made at a particular school, the Board and Superintendent or designee shall determine what types of additional district resources and support should be provided to the school so that progress in increasing student achievement can be made.
