## 6. PUBLIC TESTIMONY ON NON-AGENDA ITEMS

Louise Shaw, Wilson Elementary School teacher, thanked the Technology Department for resolving her WiFi issues that she spoke about at the last Board meeting, noting that her students can now log on without too much difficulty. She reiterated her comments on becoming an "on purpose" District, by making a list of priorities with regards to all the new things happening in the District such as Learning Odyssey, report cards, common core standards, chrome books, testing, Innovators, etc. noting "that what looks good on paper, doesn't always look good in the classroom." She is looking forward to hearing about the District focus and how individual sites can provide input to benefit our students.

Elena Lamas, a McKinley School Parent and PTO member, with the aid of a translator, addressed the Board regarding hiring a permanent PE teacher at McKinley, adding that continued substitutes create an unstable situation and a disadvantage to the students. She urged the Board to consider her request.

Sabra Schnur, McKinley Elementary School PTO President, addressed the Board regarding the District and McKinley school demographics, and the imbalance of McKinley Elementary School parent representation in the District. She also spoke about the need to afford the same equitable opportunity for our English speaking students to learn a second language during school as our English Learning counterparts. She would like to see the District consider implementing Spanish-speaking classes for English-speakers.
