Leticia Amezcua, Heidy Medina, and through interrupter Juan Martinez, Fabiola Rios and Angelica Vazquez addressed the Board in support of Washington Elementary School first grade Bilingual teacher Argelia Ramos, who will not be returning to Washington Elementary next year. Speakers described Ms. Ramos as a teacher who truly cares about the students and parents and goes above and beyond, so that the students succeed and are prepared to go on to second grade. They urged to the Board to consider the their comments, and retain Ms. Ramos at Washington Elementary School.

7. PRESENTATIONS

a. Refinancing the General Obligation Bonds

The District recently completed the successful refinancing and restructuring of a portion of its long-term capital appreciation bonds. Dale Scott, the District's financial adviser, made a short presentation regarding the terms of the refinancing. He also discussed an additional opportunity to refinance the District's outstanding general obligation bonds in order to provide added taxpayer savings and provide an overview of possible future refinancing opportunities. Mt. Scott reported that all outstanding CABS were refunded into Current Interest Bonds (CIB), resulting in an average tax rate increase of approximately $5.155 to taxpayers. Final Savings Report is below:

- Percentage of CABs Refunded: 32.4%
- Total Refunded Debt Service: $35,071,250
- Less New CIB Payments: $18,360,824
- Net Taxpayer Savings: $16,710,426
- Present Value of Savings: $7,320,727
- PV Savings % of Refunding Bonds: 62.30%

Dale Scott said that, at this time, the District has been advised that due to favorable conditions that exist in the tax-exempt bond market, the District has the opportunity to refinance the 2006 Bonds and realize interest cost savings, which will be passed on to District property taxpayers by way of reduced property tax levies. Resolution No. 15-22, being brought to the Board for consideration tonight, implements the refinancing plan, resulting in an additional net savings of about $5.6M to taxpayers, in addition to the $16.7M savings from the CAB restructuring for a total savings this year of approximately $22M to taxpayers.

The Board asked clarify questions which were addressed by the presenter.

b. Certificate of Commendation - Eden Area Regional Occupational Program Student of the Month for April 2015

The Board of Education and Superintendent presented a Certificate of Commendation to Renee Soares for being selected as Eden Area Regional Occupational Program (ROP) "Student of the Month" for April 2015 in Dental Assisting.

c. Eden Area Regional Occupational Program (ROP) Update

As a partner in education, ROP offers rigorous and relevant career technical education to students in the San Leandro Unified School District. In the 2013-2014 school year San Leandro Unified School District students were enrolled in ROP programs—both on the high school campuses as well as at the ROP Center. The ROP's focus of college and career has given many San Leandro Unified School District students their start each year in exciting and rewarding careers through secondary Career-Technical Education (CTE) courses. Linda Granger, Superintendent of the Eden Area ROP, reviewed the 2013-2014 data with the Board. The presentation focused on the relevance of CTE to postsecondary options, a review of the ROP programs offered and the benefits to student, ROP's role in Career Pathways Trust Grant, and and update regarding funding for ROP/CTE.

San Leandro High School student Tiffany Yu, who is enrolled in the Careers in Education Program, expressed how ROP has helped with her career choice, Early Childhood Education. She shared how she participates in an internship at Jefferson and Garfield Elementary School and assumes a variety of teaching responsibilities. Ms. Yu plans on going to Oleone College in Fremont, then transferring to Pacific University of Oregon. After college she would like to work at the elementary school level.

Ms. Granger concluded the presentation with an update on funding, explaining that under the Local Control Funding Formula there is no longer direct funding for ROPs at the end of this school year; it was folded into your base allocation and the mandate to spend the money on ROP ends. Fortunately, under the current JPA agreement, all four districts have agreed to continue to fund the ROP program at the same level through 2016-2017. In addition the Governor is proposing $250M a year, for the next 3 years, dollar for dollar matching grant on regional delivery of CTE, add that currently SB 148 is recommending that the amount be $600M.

Following the ROP report, the Board heard a presentation from Solar Week developer, Derick Lee, Business Academy teacher Dawn Fregoa and Business & Finance Academy students (Team LDU) Romney Cola, Artreau Sheppard, and Angelo Belenson (Team LDU), who participated in the week-long event and won 3rd Place in the Thin-Film Solar Panel Design Hack and the Young Entrepreneur Award.

Team LDU explained that energy sources for charging are environmental destructive, adding that "Solar Case" will meet the challenges of establishing a renewable future by utilizing thin-film solar panels as an inner layer of a phone case to charge their smartphone.

Following the presentation, President Prola invited the students back to the May 19 Board to receive a Certificate of Commendation from the Board and Superintendent.
