James Madison works for Staff…

This section will describe how Madison aligns with district initiatives to support staff in their teaching and service to students.

Tech nights, professional development initiatives, release time to design and implement programs to ensure great results and future success for all students.

Certificated and classified staff will speak to the support and creativity to thrive in our school.

James Madison works for the community…

This portion of the presentation shows how Madison has developed a long standing relationship with our greater community to provide service and support.
