Russ Tomlin
SLHS Library

Greetings School Board:

The FTK textbook area currently houses 657 copies of *Physical Science, Concepts in Action (*Prentice Hall, c2006).

This textbook has not been used for a few years now because the course is no longer listed as an A-G required class in the California UC system.

I would like to request Board approval to discard these copies of *Physical Science, Concepts in Action*.

Thank you for your consideration.

Russ Tomlin, MLA, MLIS
