RE: Monthly enrollment update

Below is the enrollment data for the current school year as of August 24, 2017. Please note that the column titled "Aeries Enrollment" indicates the number of students enrolled in our student information system to date. The column dated 8/24/17 indicates the number of students confirmed and who have attended since the first day of school. School site personnel are still contacting families who have not attended as of the first day to confirm their intent to return as we aim to balance our student count for staffing and placement purposes.
