SIDEWALK REPAIR PROGRAM
REQUEST FOR SERVICES

If you would like the City's contractor to do this work for you, please sign this form and return the White Copy to the City's Engineering Inspector at 835 East 14th Street, San Leandro, CA 94577. The form must be received within two (2) weeks to guarantee the cost defined below. Due Date: 03/19/2018

Portions of the concrete improvements fronting the property at: 1200 Bancroft Ave. (Bancroft Middle School), San Leandro, California, require repair.
According to §5-1-415 AND §5-1-420 of the San Leandro Municipal Code, the property owner (PO) is responsible for repairing the sidewalk at the property owner's cost. If a City-maintained street tree caused the damage, then the repair costs will be shared equally between the property owner and the City.

It is my intention in making this request to avoid the delay which would occur if the "posting" and public assessment hearing processes of the Improvement Act of 1911 were to be used as outlined in the Streets and Highways Code §5000 et seq. of the State of California.

Therefore, I request that the City of San Leandro perform the following work:
