Re: Chromebook Cart Purchase

Background:

Additional chromebook carts are needed due to additional classrooms and to purchase multipurpose storage carts for our transitional kindergarten and kindergarten classrooms. Transitional kindergarten and kindergarten classrooms use a combination of iPads and chromebooks. When we initially deployed iPads and chromebooks, a storage cart for both chromebooks and iPads wasn't available. This purchase will provide all transitional kindergarten and kindergarten classrooms with a hybrid storage and charging solution.

Description:

Obtain approval to spend up to $60,000 for additional chromebooks and multipurpose storage carts for our transitional kindergarten and kindergarten classrooms. The vendor will be STS, with funding coming from Measure J1 Bond Funds.
