SPSA Year 2017–18

Single Plan for Student Achievement (SPSA) Addendum

The Single Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

School Name	Roosevelt Elementary School		
CDS Code	01-61291-6002448		
Revision Date			
Contact Name and Title	David Kumamoto Principal	Email and Phone	dkumamoto@slusd.us (510) 618-4350
The District Governing Board approved this revision of the SPSA on	September 11, 2018		

The School's Mission & Vision Statements

Principal's Message
Roosevelt is a community of learners who share a commitment to ensuring that every child who comes into our school receives a fair and equitable education within a nurturing and safe environment. Our staff and parent groups continually work to make Roosevelt a safe, respectful and responsible place to for all children to learn and grow.

We teach Common Core Standards which require our students to learn concepts deeply and be able to explain their thinking. Our classroom instruction is rich and engaging with a strong focus on Global Competency Skills: Collaboration, Critical Thinking, Creativity, and Communication. By ensuring that our students are proficient in the 4 C's, we move closer to closing the achievement gap and helping all students reach their full potential. We continue to engage in courageous conversations about race and its impact on students. Closing the achievement gap will take time, energy, and a commitment by all as we continually refine our instructional practice and realign resources to support success.

Our classrooms are equipped with Promethean Boards, Chrome Books at a 1:1 ratio (grades 1st - 5th) and 2:1 ratio (TK/K). Our blended learning model will help ensure that our children are college and career ready when they leave SLUSD. At Roosevelt, every child has a face and a name. At Roosevelt, every child has the potential to achieve, to learn, and to excel.

District Mission Statement
The mission of the San Leandro Unified School District is to educate students to achieve academic excellence in order to become confident, collaborative, and engaged citizens in a community rich in heritage and diverse in culture, where we value our traditions and embrace innovation.

School Mission Statement
Roosevelt's mission is to provide a safe environment where high expectations, standards-based differentiated curriculum, and life-long learning are the norm for all students, as well as adults. We are working towards improving all students' scores on high-stakes assessments, as well as narrowing and eventually closing the achievement gap through culturally responsive teaching, a rigorous academic program, and equitable practices. We believe this can be accomplished through a practice of open and honest communication, high expectations for every child, courageous conversations around race,

partnerships with our families, and a commitment by all that values each child's voice. We invite our families and community members to partner with us and join us on this exciting journey.

District Profile
San Leandro Unified School District is located in the City of San Leandro, which is situated 20 miles southeast of San Francisco. San Leandro is a friendly and diverse city with a colorful heritage and numerous cultural amenities including a 450-berth Marina, two golf courses, and a large community library center. San Leandro is well-known for its quiet, well-defined neighborhoods full of charming and unique older houses on tree-lined streets. San Leandro residents are proud of both their neighborhoods and their city, which can be seen in their active involvement in the city's numerous neighborhood and homeowner's associations.

SCHOOL PROFILE

Roosevelt School community is committed to meeting the academic, developmental, emotional, and social needs of its diverse student population. During the 2016-17 school year, Roosevelt student demographics reflected the surrounding diversity of the San Leandro community.https://secure.doc-tracking.com/v2/Home/DocumentSectionEditRteTest.aspx?DefId=52426&SectionId=973829 Our student population includes: African American (12.5%), American Indian/Alaskan Native (0.6%), Asian (10.6%), Filipino (2.9%), Latino/Hispanic (30.7%), Pacific Islander (1.7%), White (28.2%), Two or more races (11.7%), Not Reported (1.2%). At the start of the 2016-17, 83 students were classified as English Learners. This represents 15.9% of our total population of 521 students. Our English Learners are diverse and represent a variety of languages, which is consistent with our district demographics. The primary languages represented are Spanish, Vietnamese, Tagalog, Cantonese, Arabic, Mandarin, Punjabi, and Japanese.

We have a very special community of teachers who believe in working together to continually improve our school facilities, teaching practices, collaborative home/school partnerships and service to students. Our staff and community are active supporters and advocates of students and each other. Most of our staff are veteran teachers who have spent their entire career at Roosevelt School. This group of dedicated professionals believes in working together to continuously improve our ability to meet the varied academic and social emotional needs of our students. For the past two years, Roosevelt teachers have focused on developing their practice in the areas of Project Based Learning, Common Core Standards, Next Generation Science Standards and ELD instruction. Our students have access to a school library, mobile Chromebook carts in each classroom, as well as iPads in K/TK classrooms. Students in 1st - 5th grade are offered instruction in Physical Education, Art and Music.

During the 2016-17 school year, we transformed our Computer Lab into a Science Lab. Every Roosevelt student has the opportunity to experience hands-on science instruction in the lab one day per week. Teachers then expand upon these lessons in their own classrooms. The lab is funded by our PTA.

We have an incredibly active parent community at Roosevelt School. To ensure that parents understand and support our vision for our students, Roosevelt School provides opportunities for parents and families to become integral members of the school community, including the following:

- Kindergarten and TK teachers meet with parents prior to the start of the school year to welcome new families to our school.
- First grade teachers meet with with every family in goal setting conferences at the beginning of the year to help ease the transition from Kindergarten to First grade.
- Staff communicates regularly with families through newsletters, phone calls, emails, auto-text programs,in-person meetings, and some staff members use a teacher webpage.
- Parent volunteers are encouraged to work in classrooms around the school.
- Parent Advisory Groups (Voces Unidas, AAPAG, Special Families Group, and the LGBTQS Alliance) meet and advise leadership and School Site Council on a regular basis.
- Parents and community members are teachers in our after-school enrichment programs (ACE Club, Spanish Club, Math & Science Challenge, Chess)
- PTA and Dads Clubs provide funding for field trips, Outdoor Education, special assemblies, instructional materials, training and conferences, professional development, and school projects.
- Our school hosts "Special Persons' Day" in the fall. On this day, students invite a special person in their life (grandparent, neighbor, parent, friend), to come to school and share a short presentation.
- Monthly Coffee & Conversation with the Principal provides and open format to receive information and ask pertinent questions on an ongoing basis.
- Teachers, parents, and site administrator form the governing body of the School Site Council which meets

monthly to make important school and budgetary decisions.
- Parent education classes are offered each year to provide parents with important information on becoming a partner in their child's education, supporting socio-emotional development, and effective parent-child communication.
- Ongoing formal and informal assessments are used throughout the year to inform students and families of individual student progress.
- The COST (Coordination of Services Team) meets monthly to review counseling and academic referrals. This team acts as a first line of defense, ensuring that students get access to all of the services they need.
- Student Study Teams (SSTs) meet regularly to analyze student issues, needs, and concerns, both academic and emotional.
- English Language Learners are assessed using the CELDT and receive instruction daily at their language proficiency level.

- Homework club is offered after-school in most 4th and 5th grade classrooms.
- Monthly All School Assemblies are held to highlight student achievement, both academically and behaviorally.

Partnerships with Safe Routes to Schools, Girls Inc, and CAP (Child Abuse Prevention Center) promote healthy practices and student safety. We also work to form partnerships with Kaiser, San Leandro High School, San Leandro Education and Sports Foundations, Keep the Music Rockin, and the Alameda County Office of Education.

Teachers meet weekly in their PLCs to analyze student data, student learning, and teacher practice to ensure year to year growth.

School Smarts Academy (a seven week parent education workshop) is offered to families to help build their parent leadership capacity.

2017-2018 Plan Summary

REVIEW OF SCHOOL PERFORMANCE The following sections meet the intent of the Elementary and Secondary Education Act (ESEA) of 1965 and the Essential Program Components (EPCs). The CA School Dashboard, which provides information on the state and local indicators of student performance, will be used in the Plan Summary.

GREATEST PROGRESS

In this section, respond to each question based on a review of the performance data from the state indicators and local performance indicators included in the CA School Dashboard, progress toward district and school goals, local self-assessment tools, stakeholder input, and other information.

1. What progress is the school most proud of and how does the school plan to maintain or build upon that success?

2. How have the actions/services for pupils who are low income, English learners, foster youth, and numerically significant student groups (EL & low income 30 or more; Foster 15 or more) led to improved student performance?

3. Title I Schools: Specify which Title I funded actions and services have increased performance for students (e.g. Title I funds were used for Thinking Maps Training which contributed to a 5% increase in the percentage of students who scored a 4 on the district writing exam). When responding, think in general categories: instructional materials, additional staff, professional development, parent engagement, etc. Actions/Services that required a significant expenditure should be addressed separately. Stipulate the area of improvement the funds addressed that led to increased student success.

1. What progress is the school most proud of and how does the school plan to maintain or build upon that success?
In analyzing the CA Dashboard Equity Report, the Roosevelt community is most proud of student performance increases in the State Summative Assessments (SBAC) in the area of English Language Arts. In ELA, Roosevelt School has shown growth across several subgroups and overall as a school. Our school received an overall rating of GREEN in the area of ELA, indicating high performance which has been maintained over the past school year. The graph below entitled "SBAC Performance by Subgroup" indicates the average positive or negative change in SBAC scores for each subgroup at Roosevelt. As the data reveals, most of our subgroups (including RFEP, Socio-economically Disadvantaged, Students with Disabilities, African American, Asian, Hispanic/Latino, and White students) experienced an increase in their ELA performance. Several subgroups increased by more than 10 points (RFEP, African American, and Students with Disabilities). Students with Disabilities increased at the highest rate, raising their ELA scores by an average of 21 points.

In the area of Mathematics, three of our subgroups (African American, Asian and White students) all increased their Math scores. Asian students increased significantly, raising their scores by 33.8 points. African American students increased by 9.4 points and White students increased by 6.9 points.

In addition, our California English Language Development Test (CELDT) Scores have also increased. In comparing three years of CELDT data, (2015-2017), we discovered that fewer students are scoring at the Beginning level. The increased scores on the CELDT have qualified 10 students to move from EL to RFEP status.

In analyzing our local district assessment data (STAR Renaissance), our 1st - 5th grade students have shown an average positive increase in their Grade Level Equivalency (GE) and Scaled Scores on the STAR Renaissance Math and ELA assessment over the past year. In particular, 1st grade, 3rd and 5th grade all experienced more than 1.0 GE growth in one school year. 3rd grade grew at a rate of 1.5 in Reading and 1.2 in Math. 1st grade grew at a rate of 1.1 in Math, and 5th grade grew at a rate of 1.2 in Math.

We plan to maintain and build upon this success by continuing to assess students frequently utilizing STAR Renaissance and providing timely targeted intervention as needed. We will work with teachers to identify best practices with the subgroups who have experienced success and share these practices school-wide.

The score improvements referenced above are a result of increased teacher and student understanding of Common Core Standards, ELD Standards, and online assessments. Combined with a more rigorous and aligned math curriculum, online blended learning platforms that provide individual learning pathways for students have helped teachers provide differentiated instruction as a means of immediate intervention. During the 2015-16 school year, all Roosevelt teachers completed a 3-day training on implementing the new ELD standards, not just during designated ELD, but throughout the entire school day. Roosevelt teachers have also implemented Imagine Learning (a special online platform that supports EL students in acquiring English) with students who are at CELDT levels 1 or 2. According to the CDE 5x5 Performance Report, Roosevelt's English Learners were classified as GREEN, indicating that our English Learners were reclassified at a high rate and that reclassification rate has remained constant over the past school year.

In addition to our quantitative data, it is important to acknowledge some of the qualitative culture building work which has taken place at Roosevelt School. During the past school year, we publicly acknowledged positive student behavior at assemblies and in classrooms through the use of Green Tickets and PBIS prizes. Every teacher began the year by introducing our socio-emotional learning curriculum Toolbox and attempted to revisit the Tools throughout the year.

Providing innovative, real-world instruction is a strategy that will help all of our students connect with the curriculum and experience even more school success. One way that we have accomplished this goal is through Project Based Learning. By the end of the 2016-17 school year, 100% of Roosevelt teachers had been fully trained in Project Based Learning and implemented at least one project in their classrooms. Several classrooms implemented more than one project. We look forward to continuing to deepen teacher knowledge and comfort level around PBL, while providing the necessary structures and site-based support to sustain this critical pedagogy.

In addition to increased student academic achievement, we have also seen an increase in parent involvement thanks to the work of our Parent Facilitator, increased communication with parents, and relevant and engaging parent education workshops. Parent participation remains high Coffee & Conversation and PTA. This year, we established an additional parent group: Special Families of Roosevelt School, which focuses on meeting the needs of students with disabilities. In their first year, the Special Families group held the first ever Abilities Awareness Fair in an effort to build empathy among the entire school community around the challenges that students with disabilities face.

Moving forward for 2017-18, we plan to continue to build on our success and implement our new site goals over this next SPSA cycle. The majority of our goals fall under the Strategic Plan and Site Goal #1 Teach, Learn and Achieve. We have outlined a number of goals which range from targeted collaboration among teachers, to full implementation of Project Based Learning, to improvements in monitoring the progress of our English Learners. In addition, we plan to build more of a college and career-oriented culture, provide positive behavior intervention and support, and socio-emotional learning opportunities for students, continue to strengthen the school to home connection and continue to improve the appearance of our school facilities.

2. How have the actions/services for pupils who are low income, EL's, foster youth, and numerically significant subgroups led to improved student performance?
In conducting our annual evaluation of programs implemented in the previous SPSA cycle, we believe that reducing our student teacher ratio through the use of Blended Learning platforms has helped our teachers provide small group instruction and intervention to struggling students, low income students, and English Learners. With the movement to a 1:1 student to device ratio in grades 1-5 and 2:1 in Kinder/TK, teachers were able to take advantage of the Blended Learning software even more than in the past.

Also, early identification of students who scored in the "Urgent Need of Intervention" category on our district assessments served as an effective way to make decisions about students placed into Learning Academy. Providing training for all teachers in Designated and Integrated ELD helped the staff to design lessons that incorporate the new ELD standards and are differentiated to particular CELDT levels. With the assistance of an additional online platform Elevation, the site administrator has been able to support teachers in monitoring the academic progress that English Learners are making in their instructional programs. This system has helped us provide timely and targeted intervention for English Learners and RFEP students. Looking forward to next year, this will need to be a continued area of focus as our English Learners are one subgroup which has not experienced gains on state assessments.

Roosevelt teachers have been trained in Culturally Responsive Teaching practices and are familiar with Checking for Understanding strategies that are specifically designed to support students of color. These strategies should be reviewed and revisited in the coming school year to ensure that all teachers are actively using the strategies to support student performance.

The significant success of our Students with Disabilities can be attributed to the intentional effort to provide mainstreaming opportunities to Special Education students. We implemented a Co-Teaching model at the 5th grade which allowed students with IEP's the benefit of a Special Education teacher in their general education classroom who could support their instructional needs. In addition, students in our Special Day Classes were given the opportunity to mainstream throughout the day in a general education classroom. This inclusion model helped to ensure that all students had access to rigorous instruction and could benefit from the rich academic discourse which was present in the general education classrooms.

Many Roosevelt teachers began incorporating online homework into their weekly assignments, providing students with the opportunities to practice using RAZ-Kids, Spelling City, Zearn, and submitting their writing homework via Google Docs. This shift in homework format resulted in some students getting more practice in basic skills.

Additional science learning opportunities were provided through the use of Mystery Science software program and the addition of a new Science Lab where every student spends 40-50 min per week experiencing hands-on science instruction which is aligned to NGSS standards. We also offered after-school enrichment which was focused on Science and Engineering practices as well as visual and performing arts.

GREATEST NEEDS

In this section, respond to each question based on any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category (or) where the school received a “Not Met” or “Not Met for

Two or More Years" rating. Additionally, identify any areas that need significant improvement based on the school's review of local performance indicators or other local indicators.

1. What are the areas of greatest need in which the overall performance was in the "Red" or Orange" performance category or where the school received a "Not Met" or "Not Met for Two or More Years" rating?

Roosevelt School has several areas which are in need of improvement.

1) Suspensions: Roosevelt School received an overall rating of ORANGE which indicates a high rate of suspensions which has increased over the past school year. Among the students most frequently suspended were: Asian, white, and Students with Two or More Races. Each of these subgroups were classified in the ORANGE performance category. Within the suspension category, our greatest area of need are our English Learners, Hispanic/Latino, Socio-economically Disadvantaged, and Students with Disabilities. Each of these subgroups were classified as RED, meaning they had high or very high rates of suspension which had increased significantly over the past school year. This data is contrasted by the African American subgroup which was rated GREEN for having a Medium rate of suspensions which has declined significantly over the past school year.

2) ELA/ELD: In the area of English Language Arts, our English Learners are currently demonstrating the greatest need. EL's were classified in the ORANGE performance category indicating Low levels of performance which have decreased in the past year. With the demands of common core writing and rigorous text complexity, our English Learners need additional support to help them access the curriculum.

3) Math: Mathematics is our most significant area of need. Roosevelt School as a whole scored in the ORANGE performance category in math, indicating Medium level scores which have declined over the past year. The subgroup in most need of support in the area of mathematics is our English Learners, who scored in the RED, indicating a low score which has declined significantly in the past year. Several subgroups (Socio-economically Disadvantaged, Students with Disabilities, and Hispanic/Latino) scored in the ORANGE category due to low performance which has declined in the past year.

We will need to conduct a close analysis of English Learner student scores on the state assessment and compare them to CELDT and district assessment scores to ensure that our EL students are making progress towards proficiency on each of these mandated assessments. In addition, an even sharper focus on ELD instruction will be an important focus for staff next year in order to begin to close some of the skill gaps which are unique to our English Learners.

2. What steps is the school planning to take to address these areas of greatest need for improvement?

The following actions outlined in our SPSA will be taken to improve these areas of greatest need for improvement:

1) Improving School Climate
In order to address the behavioral and academic challenges at Roosevelt School, we will implement the multi-tiered intervention framework (MIISS), which will ensure Tier 1 instructional and behavioral supports are present in every classroom. We will continue to develop and implement Tier 2 instructional and behavioral interventions for students identified through formative and summative assessments (i.e. state, district, and classroom assessments) and monitoring disciplinary actions (i.e. number of office referrals received for particular types of violations, buddy room referrals, behavior contracts, in-house or out of school suspensions).

Students in need of support will be referred to the COST team in order to connect them with the appropriate services. We will assure that this framework is meaningfully communicated to the entire school community including parents and guardians as an additional support to implementation.

One specific example of how we will implement the MIISS Behavioral Interventions are with Social Skills Groups. We experienced a great deal of success with our Social Skills Group during the 2016-17 school year, however this support system did not start until April. For next year, we will seek to implement the Social Skills Group earlier in the school year in an attempt to provide proactive interventions to help students learn peer conflict resolution skills.
including the use of intervention software, small group instruction, counseling support services and social groups, as well as Tier 2 Behavioral Supports.
Another example of how we will use the MIISS framework will be through full fidelity implementation of our Socio-Emotional curriculum (Toolbox) and PBIS. We will implement periodic school-wide reminders so students can begin to internalize the coping mechanisms that this curriculum presents and hopefully develop strategies to help deescalate situations and manage emotions. We will also continue to practice mindfulness as a school-wide practice.

2) Supporting Students with Disabilities
We will work to strengthen the connection between general education and special education services by continuing to grow our co-teaching model to improve options for students with special needs and provide ongoing professional development for staff on inclusion and differentiated instruction strategies for diverse learners.

3) Addressing the needs of English Learners
Perhaps our most vulnerable population at Roosevelt School, our EL's require the intentional focus and support of our entire school

community. We will support English Learners by ensuring access to systematic language development opportunities throughout the instructional day. We will identify and implement best practices for ELD instruction school-wide through a focus on designated and integrated ELD to assure that instruction is connected to common core ELA standards and the new ELD standards, and that rigor is maintained across all classroom spaces.

Through the use of the Ellevation software program, we will be able to increase our awareness and monitoring of English Learners at Roosevelt School. Teachers will be provided with the names of English Learners and their English Proficiency Levels (EPL) prior to the first day of instruction in order to begin ELD at the start of the school year and provide accurate designated ELD instruction which is differentiated by CELDT level. Teachers will be provided with the names of reclassified (RFEP) students prior to the start of the school year so that they may engage in active monitoring of these students and provide any intervention necessary.
Any students at risk of becoming Long Term English Learners (LTEL's) will also be identified and made known to teachers so that they can provide the appropriate academic interventions necessary to support their learning.

Supports will be provided for English Learners across all content areas of the curriculum by through integrated ELD, which identifies key concepts, grammar skills, and vocabulary that is integrated with core subjects and supports the delivery of the required thirty minutes of daily Designated ELD instruction. This includes the use of Blended Learning platforms which are designed for EL students such as Imagine Learning. Teachers will also monitor the progress of their EL Students and provide intervention to those students.

We will ensure that EL students continue to make growth on state and district assessments in order to reclassify them as RFEP as soon as they meet the district criteria for reclassification in 1st - 5th grades. Teachers will regularly monitor the progress of their RFEP students to ensure they continue to make progress and provide interventions as needed.

We will conduct an annual evaluation to capture progress of EL students and determine whether their needs are being met by our current ELD model.

We will provide ongoing K-5 parent education opportunities, co-constructed with site leadership, parent facilitators, teachers, and parent leaders (i.e. Coffee & Conversation, ELAC, School Site Council, School Smarts Academy, Parent Education Workshops) in order to help parents deepen their knowledge about English Learner pathways and their intended educational outcomes.

4) Focus on Mathematics Instruction
We will use collaboration time and staff meeting time to continue to increase teacher knowledge and expertise around Eureka Math instruction. This new curriculum has been a challenge for some teachers to implement. With additional practice and support from their grade level colleagues, teachers will increase their capacity and all students will experience more success in the area of mathematics. Peer observations will be conducted so that teachers can learn from their colleagues and work towards improving their practice.

PERFORMANCE GAPS

In this section, respond to each question based on any state indicator or local indicator for any LCFF designated student group, and numerically significant student groups (EL & low income 30 or more; Foster 15 or more) who were two or more performance levels below the “all student” performance.

1. What are the areas in which performance for any student group was two or more performance levels below the “all student” performance?

Suspensions
Our entire school scored in the ORANGE performance level, indicating that our suspension rates are high and have increased by 1.8% over the past school year. Upon closer investigation, the data reveals that certain subgroups were at an even higher risk of suspension at Roosevelt School. Students with Disabilities, socioeconomically disadvantaged, Hispanic and English Learners were all classified in the RED performance level, indicating a high or very high rates of suspension which have increased over the past school year.

ELA
Although the school as a whole scored in the GREEN performance level for English Language Arts, our English Learners were classified as ORANGE which is two performance levels below the average Roosevelt student. EL's had low scores in the ELA section of the SBAC which declined by an average of 3 points over the past school year.

Math
The entire school scored in the ORANGE performance level for mathematics, indicating a need for a school-wide focus on math instruction and intervention, however, once again our student group which emerged as having the greatest performance gap is our English Learners who scored RED due to low scores which declined significantly (-10.1 points) over the past year.

2. What steps is the school planning to take to address these areas with the greatest need for improvement?

ENGLISH LEARNERS

An intentional focus on the success of our English Learners will be necessary in the upcoming school year. EL's appear in all 3 of our areas of greatest need (Suspensions, ELA, and Math) where they are performing below the level of the school at large. In order to support these students, Roosevelt School will do the following:

- Provide professional development and support for culturally and linguistically responsive teaching and ELD instruction
- Focus on ensuring access to systematic language development opportunities throughout the instructional day for English Learners

We will identify and implement best practices for ELD instruction school-wide through a focus on designated and integrated ELD to assure that instruction is connected to common core ELA standards and the new ELD standards, and that rigor is maintained across all classroom spaces.

Through the use of the Ellevation software program, we will be able to increase our awareness and monitoring of English Learners at Roosevelt School. Teachers will be provided with the names of English Learners and their English Proficiency Levels (EPL) prior to the first day of instruction in order to begin ELD at the start of the school year and provide accurate designated ELD instruction which is differentiated by CELDT level. Teachers will be provided with the names of reclassified (RFEP) students prior to the start of the school year so that they may engage in active monitoring of these students and provide any intervention necessary.

Any students at risk of becoming Long Term English Learners (LTEL's) will also be identified and made known to teachers so that they can provide the appropriate academic interventions necessary to support their learning.

Supports will be provided for English Learners across all content areas of the curriculum by through integrated ELD, which identifies key concepts, grammar skills, and vocabulary that is integrated with core subjects and supports the delivery of the required thirty minutes of daily Designated ELD instruction. This includes the use of Blended Learning platforms which are designed for EL students such as Imagine Learning. Teachers will also monitor the progress of their EL Students and provide intervention to those students.

We will ensure that EL students continue to make growth on state and district assessments in order to reclassify them as RFEP as soon as they meet the district criteria for reclassification in 1st - 5th grades. Teachers will regularly monitor the progress of their RFEP students to ensure they continue to make progress and provide interventions as needed.

We will conduct an annual evaluation to capture progress of EL students and determine whether their needs are being met by our current ELD model.

SUSPENSIONS

In order to decrease our suspension rates, our action steps will include the following:

Implement the multi-tiered intervention support framework (MIISS), which will ensure Tier 1 instructional and behavioral supports are present in every classroom. We will continue to develop and implement Tier 2 instructional and behavioral interventions for students identified through formative and summative assessments (i.e. state, district, and classroom assessments) and monitoring disciplinary actions (i.e. number of office referrals received for particular types of violations, buddy room referrals, behavior contracts, in-house or out of school suspensions).

Students in need of support will be referred to the COST team in order to connect them with the appropriate services. We will assure that this framework is meaningfully communicated to the entire school community including parents and guardians as an additional support to implementation.

One specific example of how we will implement the MIISS Behavioral Interventions are with Social Skills Groups. We experienced a great deal of success with our Social Skills Group during the 2016-17 school year, however this support system did not start until April. For next year, we will seek to implement the Social Skills Group earlier in the school year in an attempt to provide proactive interventions to help students learn peer conflict resolution skills.

including the use of intervention software, small group instruction, counseling support services and social groups, as well as Tier 2 Behavioral Supports.

Another example of how we will use the MIISS framework will be through full fidelity implementation of our Socio-Emotional curriculum (Toolbox) and PBIS. We will implement periodic school-wide reminders so students can begin to internalize the coping mechanisms that this curriculum presents and hopefully develop strategies to help deescalate situations and manage emotions. We will also continue to practice mindfulness as a school-wide practice.

In order to attempt to reduce the rate of recidivism, we will implement a consistent plan of re-entry for suspended students including a mandated parent, teacher, student, principal re-entry meeting, a re-engagement plan that outlines necessary academic and/or behavioral supports, a behavior contract, and a COST referral to provide counseling as a means of prevention and intervention.

ELA & MATH PERFORMANCE

Regarding ELA and Math performance needs for students in general, (and for English Learners specifically), we will focus on early, targeted academic intervention through the MIISS framework, small group instruction, blended learning software programs, as well as integrating Project Based Learning across the curriculum to motivate students and support their learning of content standards. Students will be identified and placed into Learning Academy (Reading or Math) where they will receive small group instruction and regular progress monitoring.

Since mathematics is the lowest academic area at Roosevelt School, we will ensure that students who need additional support (beyond Learning Academy and classroom-based interventions) are provided with the opportunity to attend the After-School Math Intervention HW Club in the library.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the school will increase or improve services for low-income students, English learners, and foster youth. If previously addressed, indicate section.

Title I Schools must specify Title I funded actions and services that were used to address these increased or improved services.

These increased or improved services are outlined in the Plan Summary: Greatest Needs and Plan Summary: Performance Gaps sections of the SPSA.

OVERALL EFFECTIVENESS OF ACTIONS/SERVICES

In this section, respond to each question based on any state indicator or local indicator for which performance for students who are low income, English learners, or Foster youth was two or more performance levels below the “all student” performance.

1. What barriers or challenges minimized the effectiveness of actions and services intended to increase or improve student success?

2. What corrective measures will you take to address these challenges?

Title I Schools: Also answer both questions based specifically on any Title I funded actions and services.

1) At Roosevelt School we have seen an increase in the number of students with high emotional needs, spectrum-like and ADD/ADHD behaviors that need to be addressed/supported. These increased student needs have resulted in more counseling referrals, an increase in suspensions, and referrals to buddy classrooms. Our Girls Inc site-based counseling was reduced to 3 days per week this past school year, and half way through the year, one of the counselors decided to leave our school, reducing that service to two days per week. This was insufficient to serve the number of students with behavioral and socio-emotional needs.

Our English Learners struggled in a variety of state indicators (including ELA, Math and Suspensions). While the entire staff was trained on the new ELD standards which were designed to support English Learners, not all teachers had sufficient time to plan and reflect with their grade level colleagues on ELD best practices. The standards are still new to many teachers and they are just beginning to incorporate ELD in an integrated fashion.

Due to our relatively small population of English Learners at Roosevelt School (15.9%) ELD instruction has not been a primary focus in the past. There will need to be an intentional shift to concentrate on this small but significant subgroup.

2) In order to support these students, while maintaining a safe and nurturing school environment, teachers will need additional training for working with students with high emotional needs, spectrum like and ADD/ADHD behaviors. We will leverage the expertise of district behavioral specialists to support staff in crafting functional behavior plans and helping students reach their academic and behavioral goals despite their disabilities or challenges.
We have set goals in our SPSA to continue to expand our PBIS and SEL programs, implement opportunities for students to have "brain breaks", and to improve the COST referral process.

In addition, teachers will need additional training and opportunities to observe each other delivering ELD instruction. Improving our practice around ELD instruction will have a positive impact on our English Learners' ability to communicate and access the curriculum. This should improve their performance outcomes in all areas.

We will also utilize the expertise of our district Instructional Coaches to support additional professional learning in the areas of PBL, ELD, NGSS, and Eureka Math.

TITLE I SCHOOL SECTION ONLY

Place an "X" in the box next to each statement to signify completion.

Parents have received and completed the School/Parent Compact.

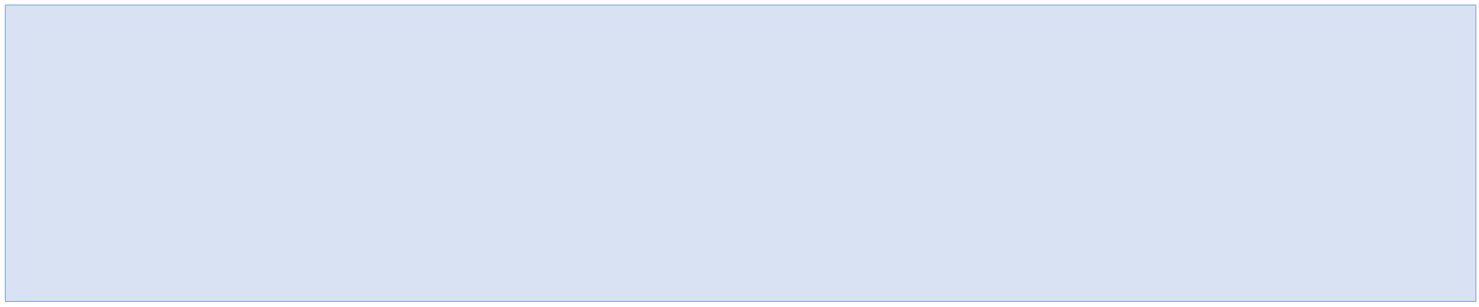

Parents have received a copy of the Parent Involvement Activities.

I. **INVOLVEMENT GOVERNANCE STAKEHOLDER GROUPS –** Briefly describe how School Site Council (SSC), English Language Advisory (ELAC), and school community were involved in developing the overall plan, specifically the goals and objectives, as well as those that relate to parent engagement.

II. **INVOLVEMENT GOVERNANCE – MONITORING SPSA –** Briefly describe the process used to monitor the SPSA during the school year and specify stakeholder's involvement in this process.

III. **PARENT INVOLVEMENT –** Briefly describe your parent involvement activities.

IV. **ELEMENTARY SCHOOLS –** Briefly describe strategies used to assist preschool children and parents in their transition to your elementary school program: State Preschool, Head Start, and Transitional Kindergarten programs, if applicable.

School and Student Performance Data

CAASPP Results (All Students)

English Language Arts/Literacy

Overall Participation for All Students

Grade 4	27	29	53	54	20	18
Grade 5	43	36	45	47	12	17
All Grades	36	34	49	51	15	14

Conclusions based on this data:

1. 3rd and 4th grade student performance levels increased in almost every* ELA Sub-test from 2014-15 to 2015-16 (*The only exception is Listening, where 4th grade saw a decrease).
2. The majority of our students fall in the "At or Near Standard" performance band, indicating that they are close to meeting grade level standards.
3. Our strongest performance area in ELA is Research/Inquiry. Perhaps this can be leveraged to practice some of the other ELA sub-skills.

Grade 5	30	22	39	34	30	44
All Grades	28	32	46	39	26	28

Conclusions based on this data:

1. In every Math sub test, the % of 3rd and 4th grade students performing "Above Standard" increased from 2014-15 to 2015-16
2. 3rd grade students who scored "Above Standard" experienced double digit gains in all math sub tests.
3. % of students "At or Near Standard" have decreased in all grade levels from 2014- 2015

CELDT (Annual Assessment) Results

Grade	Percent of Students by Proficiency Level on CELDT Annual Assessment														
	Advanced			Early Advanced			Intermediate			Early Intermediate			Beginning		
	13-14	14-15	15-16	13-14	14-15	15-16	13-14	14-15	15-16	13-14	14-15	15-16	13-14	14-15	15-16
K						33		40	67		40			20	
1	13	8	8	27	31	17	33	54	58	20	8	8	7		8
2	16	8		63	38	20	16	38	47	5	8	27		8	7
3		22		36	56	8	55	22	67	9					25
4	25			38	40	63	25	50	13		10	13	13		13
5	29	22		57	33	36		11	55		22	9	14	11	
Total	15	12	2	45	38	27	27	35	52	8	10	11	5	4	9

Conclusions based on this data:

1. Our largest cluster of EL's are in Early Advanced and Intermediate levels.
2. More than half of our EL's are Intermediate. This is a level where some EL's become stagnant and are in danger of becoming LTEL's.
3. Systematic designated and integrated ELD is needed at all levels to increase rates of reclassification and help English Learners access the curriculum.

CELDT (All Assessment) Results

Grade	Percent of Students by Proficiency Level on CELDT All Assessments (Initial and Annual Combined)														
	Advanced			Early Advanced			Intermediate			Early Intermediate			Beginning		
	13-14	14-15	15-16	13-14	14-15	15-16	13-14	14-15	15-16	13-14	14-15	15-16	13-14	14-15	15-16
K	8		6	12	4	28	24	17	28	12	39	28	44	39	11
1	13	7	12	25	27	18	31	47	47	25	13	6	6	7	18
2	16	7		63	40	24	16	33	47	5	7	24		13	6
3		25		31	50	7	54	20	64	15				5	29
4	25			38	40	63	25	50	13		10	13	13		13
5	25	27		50	27	33	13	9	58		18	8	13	18	
Total	12	11	3	34	30	26	27	28	44	11	16	14	16	16	13

Conclusions based on this data:

1. Our largest Beginner English Learner population has historically been in Kindergarten, however the number of Beginning level K's decreased significantly in 2015-16.
2. As students move up in the grade span, more students are reclassified or move up a CELDT Level.
3. During 2014-15, 42 students stayed at the same CELDT level. 41 student moved up 1, 2. or 3 CELDT Levels. These students need to be identified for targeted intervention in order to support their language proficiency needs.

English Learners/Fluent-English-Proficient

Students Reclassified from English Learner (EL) to Fluent English Proficient (RFEP) within each reporting year		
Reporting Year	**Number Reclassified**	**Percent of previous year's ELs Reclassified**
2016-17	11	12.8 %
2015-16	12	14.6%
2014-15	16	17.2%

Conclusions based on this data:

1. Reclassification rates have decreased slightly from 2014-15 to 2016-17.
2. Targeted ELD instruction (both designated and integrated) needs to happen in every classroom in order to support students' ability to meet reclassification criteria.
3. We need to continue to monitor reclassification rates and criteria for English Learners using Ellevation.

Stakeholder Engagement

SPSA Year 2017–18

INVOLVEMENT PROCESS FOR SPSA AND ANNUAL UPDATE

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Analysis?

The Roosevelt Staff and each of the 7 Parent Groups provided input into the planning of our SPSA. The following timeline outlines Stakeholder Engagement efforts:

March 2018

- SSC & ILT met to review SLUSD's Strategic Plan Draft
- Proposed Site Budget submitted to SLUSD
- Youth Truth Surveys
- Grade Level teams met to provide additional input on future actions and services for 2017-18 SPSA
- Staff Meeting to discuss budget allocations and analyze past SPSA proposed actions

April 2018

- Input on actions and services were solicited at each parent group meeting (PTA, Dads' Club, Coffee & Conversation, African American Parent Advisory Group, LGBTQS, Voces Unidas, ELAC, and Special

Families Parent Group)

May 2018

- SPSA actions & services were revised and finalized
- Draft SPSA approved by Staff and SSC and recommendations made

IMPACT ON SPSA AND ANNUAL UPDATE

How did these stakeholders impact the SPSA for the upcoming year?

Roosevelt staff, School Site Council and our English Learner Advisory Committee (ELAC) all reviewed the SPSA goals and budgets for the upcoming year. Professional development was provided to all stakeholders as to how the SPSA goals were aligned to the district strategic plan. Input sessions and feedback were the result of careful data analysis which guided programmatic decisions outlined in the timeline above. ELAC families provided feedback on more robust ELD goals based on performance data of our English Learners. We believe that the goals outlined in the SPSA will improve the performance of English Learners at Roosevelt School.

As a staff, we reviewed the actions and reflected on the data as to whether the actions had a direct impact on the goals. We looked at interim assessment data, the school

dashboard, COST referral data, EL student success data, and behavior referrals. The review of the actions led to continue with most of the actions, eliminate some and modify others.

Goals, Actions, & Services 2017-18, 2018-19

CA Data Dashboard

Goal 1

DISTRICT GOAL: Goal #1: Teach, Learn, and Achieve
Expectation: Every classroom and program in the district will provide students with engaging, responsive and personalized learning experiences that emphasize academic excellence, global competencies (i.e. critical thinking, problem solving, communication, collaboration, and creativity) and civic engagement.

Identified Need: Describe the needs that align with this goal. The identified needs are based on state, district and local metrics, and may include quantitative or qualitative information. The identified needs should be consistent with the results from the annual update process and performance data from the CA School Dashboard, as applicable.

SITE:
In order to address goal #1 Teach Learn & Achieve Roosevelt School will provide every student with engaging, responsive and personalized learning experiences that emphasize academic excellence, global competencies, (i.e. critical thinking, problem solving, communication, collaboration, and creativity) and civic engagement. Specific areas of focus will include:

1) Teacher collaboration & Peer Observation Release Time to support curriculum design and development
2) NGSS Aligned Instruction
3) Targeted intervention in Math (MIISS Implementation)
4)Project Based Learning
5) Professional development focused on PBL, ELD, & NGSS implementation
6) Monitoring and supporting English Learner performance in Math & ELA

SITE EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	2015-16 Baseline	2016-17
1.1 We want to continue to develop an engaging and rigorous curriculum in order for students to gain mastery of standards in all subject areas. Many of our students are scoring at the nearly met standard level on state assessments. Additional teacher collaboration time and peer observation and reflection is necessary to grow teacher practice and impact student outcomes. 1.1a Employee Benefits for Sub Release Time(Collaboration Days) 1.1b English Learners are our highest need subgroup, and ELD instruction must be a strong focus in the coming years. Teachers need additional support to grow their practice around ELD instruction.	CA Dashboard Student Achievement data, CELDT data, District Assessment data	CA Dashboard Student Achievement data, CELDT data, District Assessment data

1.2 We want to continue to identify students in need of urgent intervention so we can provide the needed services to those students. 1.2a Employee Benefits for Sub Release Time (Academic Conferences) 1.2b Sub Release Time for SST Days 1.2c Employee Benefits for Sub Release Time (SST Days) 1.2d Identify students who are EL's and have not met minimum growth targets to prioritize intervention for academic and language proficiency achievement.	CA Dashboard Student Achievement data, CELDT data, District Assessment data	CA Dashboard Student Achievement data, CELDT data, District Assessment data
1.3 Same as 1.1	Same as 1.1	Same as 1.1
1.4 We need to provide opportunities for deeper learning through the use of Project Based Learning and provide planning time for staff in order to accomplish this goal. 1.4a We need to provide opportunities to support EL's in the implementation of PBL by providing PD for staff that includes an emphasis on ELD standards and language acquisition strategies. 1.4b Teachers need to collaborate and share best practices around PBL implementation in order to deepen their understanding and learn from their colleagues.	N/A	District Strategic Plan Action Item
1.5 Our students have a variety of specific learning needs and are all functioning at different performance levels. We need to utilize the blended learning suite and student devices to provide intervention and/or enrichment opportunities for students. This will also help staff to differentiate instruction to help meet the needs of our diverse learners.	CA Dashboard Student Achievement data, CELDT data, District Assessment data	CA Dashboard Student Achievement data, CELDT data, District Assessment data
1.6 Our African American, Hispanic/Latino, and English Learner students continue to struggle academically and behaviorally creating a persisting opportunity gap between these populations and their Asian and white counterparts. Roosevelt teachers were trained on Culturally and Linguistically Responsive teaching strategies in the past. However, a refresher training in	CA Dashboard Student Achievement data, CELDT data, District Assessment data	CA Dashboard Student Achievement data, CELDT data, District Assessment data

these strategies would be appropriate to remind staff of CRT techniques and to apply these techniques to PBL.		
1.7 English Learners represent our most at-risk subgroup. They are performing below standard in Math, ELA and have a high rate of suspensions. We need to increase the overall achievement of our EL students and the rates of reclassification prior to our students entering middle school.	CA Dashboard Student Achievement data, CELDT data, District Assessment data	CA Dashboard Student Achievement data, CELDT data, District Assessment data
1.8 Same as 1.7	Same as 1.7	Same as 1.7
1.9 This is an ongoing need in order for staff to implement the curriculum.	Budget Allocations	Budget Allocations
1.10 We need to continue to develop and implement our PBIS offerings and SEL programs as well as academic interventions.	CA Dashboard Student Achievement data, CELDT data, District Assessment data, parent survey and staff input	CA Dashboard Student Achievement data, CELDT data, District Assessment data, parent survey and staff input
1.11 Staff continues to value having a paraeducator who is available to support Kinder and TK students. Our youngest students benefit from a small student to teacher ratio.	Staff survey	Staff survey
1.12 We need to support the implementation of NGSS aligned instruction and opportunities for hands-on science experiences for students at all grade levels. NGSS instruction will be an expectation as we move into the 2018-19 school year and the new state science assessment is administered.	Staff survey and Parent Survey	Staff survey and Parent Survey
1.13 We need to continue to find ways to serve more students in our after-school STEAM focused enrichment programs, and to support learning outside of the classroom through Outdoor Education.	Staff survey and Parent Survey	Staff survey and Parent Survey
1.14 We need to provide opportunities for students to engage in real-world learning.	Staff survey and Parent Survey	Staff survey and Parent Survey

PLANNED ACTIONS / SERVICES

Complete a copy of the following table for each of the LEA's Actions/Services. Duplicate the table, including Budgeted Expenditures, as needed.

Action 1

For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement:

Students to be Served					
	X All	X English Learners	Students with Disabilities	Foster Youth	Low Income

ACTIONS/SERVICES

2017-18	2018-19
X New Modified Unchanged	New Modified X Unchanged
1.1 Grade Level Collaboration - Sub Release Time Support the effective, consistent implementation of newly adopted standards in ELA, Math, ELD, Science and Social Studies and provide time for staff to collaborate on newly adopted programs during staff meetings, Professional Learning Communities (Wednesday PLC), and Collaboration Release Days. Substitute Release Time will be provided for Two Grade Level Collaboration Days (Fall/Spring). These days should include a plan for peer observation, lesson design/planning around Eureka Math, checking in on PBL projects, a focus on ELD best practices, as well as analysis of student data and intervention plans. Teachers will engage in on-going Data Analysis utilizing STAR Renaissance assessments, Fast Bridge, classroom Assessments, and Illuminate Data System. 1.1a Employee Benefits for Sub Release Time 1.1b Many of our EL students are scoring at the nearly met standard or below standard range on the state summative assessments and we need to support these students so they can advance to towards meeting standards. This support will include having access to district instructional coaches with expertise in language acquisition strategies. We will utilize coaches to provide professional development to staff, administrators, and parents to address the diverse needs of English Language Learners. 1.1c Wednesday PLC's: Teachers will meet during job-embedded collaboration time to plan lessons and review student data. The Wednesday PLC Format will be as follows: 1 Wed per month: whole staff PD, 2 Wed per month Grade Level PLC's, 1 Wed per month Optional Classroom Work time or GL PLC. Wednesday PLC Agendas will be developed by grade levels and should reflect PBL, NGSS, Eureka Math, Intervention, and ELD instruction. 1.1d Instructional Rounds by Principal - Principal will conduct weekly classroom visits in order to document evidence of PBL, NGSS, ELD, Math and ELA instruction and provide teachers with support.	1.1 Grade Level Collaboration - Sub Release Time Support the effective, consistent implementation of newly adopted standards in ELA, Math, ELD, Science and Social Studies and provide time for staff to collaborate on newly adopted programs during staff meetings, Professional Learning Communities (Wednesday PLC), and Collaboration Release Days. 1.2 Assessment & Academic Conferences, SST Days, &			1.2 Assessment & Academic Conferences, SST Days, &		

Intervention
Assess student learning through a robust, balanced assessment system that includes formative, diagnostic, interim, summative and performance-based assessment tools to inform teaching and respond to students' needs and analyze State, District, and Site data on an ongoing basis to ensure that students' needs (strengths and/or challenges are identified with special attention to students who are in the opportunity gap) and addressed through differentiated classroom instruction at the Tier 1 level and/or intervention services at the Tier 2 level.

Teachers will be released for 45 min 2 times per year to present data on their students who are in greatest need of intervention. They will have the opportunity to consult with the administrator, RSP, Speech Therapist, School Psychologist, in order to brainstorm classroom-based interventions, academic goals, and provide another level of oversight and monitoring for students at risk of not meeting standards. Teachers will use the online assessment system data (Renaissance, Fast Bridge, Interim Assessments) as well as classroom tests to inform their data conversations at Academic Conferences.

1.2a Employee Benefits for Sub Release Time (Academic Conferences)

1.2b Sub Release Time for SST Days - 3 times per year, we will hold a full day of Student Study Team meetings to conduct initial and follow-up SST meetings as a means of providing early intervention and support for struggling students.

1.2c Employee Benefits for Sub Release Time (SST Days)

1.2d Focus on EL's: Identify students who are EL's and have not met minimum growth targets to prioritize intervention for academic and language proficiency achievement. The use of the Ellevation online platform will support monitoring academic progress of EL's to facilitate teachers' opportunity to provide feedback on student performance that will inform intervention services.

1.2e Classroom-based Intervention: Teachers will offer small group instruction to students in need of intervention on a regular basis (daily if possible) in order to target specific skill gaps and work towards raising achievement levels. Chrome books will be used to ensure that

1.2b Sub Release Time for SST Days - 3 times per year, we will hold a full day of Student Study Team meetings to conduct initial and follow-up SST meetings as a means of providing early intervention and support for struggling students.

1.2c Employee Benefits for Sub Release Time (SST Days)

1.2d Focus on EL's: Identify students who are EL's and have not met minimum growth targets to prioritize intervention for academic and language proficiency achievement. The use of the Ellevation online platform will support monitoring academic progress of EL's to facilitate teachers' opportunity to provide feedback on student performance that will inform intervention services.

1.2e Classroom-based Intervention: Teachers will offer small group instruction to students in need of intervention on a regular basis (daily if possible) in order to target specific skill gaps and work towards raising achievement levels. Chrome books will be used to ensure that

students who are not in a small group have academically rigorous activities to work on while the teacher is working with small groups of students. Use of intervention software programs will provide students with additional support to meet learning goals. Teachers will identify students to participate in Learning Academy (grades TK - 5) and offer small group instructional intervention to these students. Students in Learning Academy will be assessed frequently and will have the opportunity to exit Learning Academy once they are meeting grade level standards. 1.2f After-School Library Math Intervention: SLTA members will be paid hourly to run after-school math intervention during library extended hours. Students will be identified to participate in these intervention classes based on data from state, local, and classroom assessments.	students who are not in a small group have academically rigorous activities to work on while the teacher is working with small groups of students. Goals, Actions, & Services 2017-18, 2018-19

CA Data Dashboard

Goal 2

DISTRICT GOAL: GOAL #2: Equity and Inclusion through College and Career Readiness
Expectation: All schools will create inclusive environments and more equitable outcomes for all students through actions and services that promote the development of our students' college and career readiness and positive personal development.

Identified Need: Describe the needs that align with this goal. The identified needs are based on state, district and local metrics, and may include quantitative or qualitative information. The identified needs should be consistent with the results from the annual update process and performance data from the CA School Dashboard, as applicable.

SITE:
Roosevelt Elementary School staff will create inclusive environments and more equitable outcomes for all students through actions and services that promote the development of our students' college and career readiness and positive personal development. Specific areas of focus will include:

The needs for goal #2 Equity and Inclusion through College & Career Readiness include the following:
English Learner academic achievement
High Suspension Rates
Mental Health Needs
Health & Wellness District Initiative

SITE EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	2015-16 Baseline	2016-17
2.1 We want to continue to develop a college-going and career development culture at Roosevelt. Students and parents need to know that Elementary School is not too early to start thinking and planning for their futures. 2.1a We want to continue to develop a clear definition for parents around the EL pathways that students can experience as an EL student in elementary and those available to them in secondary school. Increasing parent knowledge around English Learner pathways will help parents to become more involved and to act as advocates for their students.	ELAC and SSC SPSA input, Roosevelt Staff Survey, EL Parent Survey Results	ELAC and SSC SPSA input, Roosevelt Staff Survey, EL Parent Survey Results
2.2 Same as 2.1	Same as 2.1	Sane as 2.1

2.3 We are seeing increased numbers of students coming to Roosevelt with spectrum-like behaviors and/or ADD/ADHD. The majority of these students are in General Education without Special Education support. Staff needs professional development in this area to improve instruction in order to support these students. 2.3a Continue to utilize COST Coordinator and COST Team to process referrals for counseling services. 2.3b We need to increase the capacity of general education teachers to support students with special needs. Co-teaching is one avenue through which to accomplish that goal.	COST and SST Referrals, Staff survey, parent survey	COST and SST Referrals, Staff survey, parent survey
2.4 We need to continue to increase our EL reclassification rates in order for students to be on the RFEP path prior to entering middle school. We want to identify students at risk for Long Term English Learner status and provide interventions so they can meet the reclassification criteria.	EL Reclassification rates, CA Dashboard for EL students	EL Reclassification rates, CA Dashboard for EL students
2.5 We want to continue to strengthen our wellness messaging to students and families.	Health and Wellness Coordinator logs, Physical Education Tests criteria	Physical Education Tests criteria; CA Dashboard School Climate Data
2.6 This is an ongoing need. Parents want to learn strategies about how to best support their students at home.	Roosevelt Parent Survey, ELAC, SSC SPSA input	Roosevelt Parent Survey, ELAC, SSC SPSA input
2.7 We have a growing number of students who have experienced trauma at school or at home. We need to provide on-site counseling services to address their mental health needs.	CA Dashboard Suspension Data, COST Referral data	CA Dashboard Suspension Data, COST Referral data

2.1 Inspire students to think about their futures by providing experiences for them to learn about college & career opportunities. Create a plan for community partners to talk with students about their work and how they prepared for their careers. Parents and Staff will be invited to share their expertise/ college experience with students in order to increase awareness and promote a college & career culture at Roosevelt School. Teachers will be encouraged to wear their college t-shirts. Display boards can be created for the hallway. Grade levels could design a PBL unit around researching colleges. 2.1a Provide parents with a clear definition of EL program pathways and college and career opportunities that may be available for their students at the elementary and secondary levels.	2.1 Inspire students to think about their futures by providing experiences for them to learn about college & career opportunities. CA Data Dashboard

Goal 3

DISTRICT GOAL: GOAL #3: Collaborative and Engaged District Culture
Expectation: All staff and district partners effectively collaborate and remain fully engaged around our goals of student learning in order to provide outstanding educational experiences to all students.

Identified Need: Describe the needs that align with this goal. The identified needs are based on state, district and local metrics, and may include quantitative or qualitative information. The identified needs should be consistent with the results from the annual update process and performance data from the CA School Dashboard, as applicable.

SITE:
Roosevelt School staff and district partners effectively collaborate and remain fully engaged around our goals of student learning in order to provide outstanding educational experiences for all students.

SITE EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	2015-16 Baseline	2016-17
3.1 We want to provide students with a social emotional learning curriculum, mindfulness practices, and regular movement during their instructional day. Many students at Roosevelt need these support systems in order to learn coping strategies necessary for them to access the core curriculum.	Discipline data, SST notes, Office Referrals, CA Dashboard data on Suspensions, COST Referral rates	Wellness Coordinator notes, Discipline data, SST notes, Office Referrals, CA Dashboard data on Suspensions, COST Referral rates
3.2 We strive to improve communication at Roosevelt School. We need to continue to improve our website and utilization of our school database and offer multilingual communication whenever possible in the languages represented at our school.	Staff and parent surveys	Staff and parent surveys
3.3 Considering all of the recent changes in the San Leandro School District and within the national landscape of education, teachers and classified staff need multiple opportunities to continually increase their knowledge base and grow their practice. The pace of technology innovation and reform efforts must be balanced with ongoing professional development.	Common Core Standards, ELD Standards	Common Core Standards, ELD Standards, NGSS, New District Strategic Plan
3.4 New teachers and staff members at Roosevelt School have an incredibly steep learning curve to overcome as they get oriented to a new school and/or school district.	Staff survey	Staff survey
3.5 Communication from office staff to teachers is not	Staff survey	Staff survey

always timely or accurate.

CA Data Dashboard

Goal 4

DISTRICT GOAL: GOAL #4: Family and Community Involvement
Expectation: SLUSD will actively engage with families and the community at large to build reciprocal relationships that promote and support the positive social, emotional and academic development of our students.

Identified Need: Describe the needs that align with this goal. The identified needs are based on state, district and local metrics, and may include quantitative or qualitative information. The identified needs should be consistent with the results from the annual update process and performance data from the CA School Dashboard, as applicable.

SITE:
Roosevelt Elementary School staff will actively engage with families and the community at large to build reciprocal relationships that promote and support the positive social, emotional, and academic development of our students.

SITE EXPECTED ANNUAL MEASURABLE OUTCOMES

Metrics/Indicators	2015-16 Baseline	2016-17
4.1 We want to increase participation in parent education opportunities and continue the high level of participation in our 7 parent groups, with an intentional effort to ensure that parent groups reflect the school's demographic. 4.1a We are a diverse school and need translated primary language documents and oral translation available to parents so all families can engage fully in their child's education. 4.1b The Roosevelt School Website is a potential tool for advertising parent group events, however it is not always updated or accurate. 4.1c Parents of EL's need more information on school procedures and how to advocate for their students. 4.1d We sometimes need to physically mail communications to parents which requires postage.	Roosevelt Demographic data, Parent and staff survey	Roosevelt Demographic data, Parent and staff survey
4.2 Parents would like more information on the EL programs and pathways in order to better support their students' learning.	ELAC SPSA input	ELAC SPSA input

4.3 We are always striving to improve communication between all stakeholder groups at Roosevelt School. 4.3aThis is particularly critical for communication and feedback loops with parents of English Learner students.	Parent Survey	Parent Survey
4.4 Each year we must evaluate and assess our site Emergency Plan to ensure all staff members know their roles and that student safety will be maintained in the event of an emergency. 4.4a At times it is difficult for teachers to access Parent Volunteer Packet/Driver Authorization information from the front office. This information needs to be made more accessible to teachers.	Emergency Operations Plan, Staff Survey	Emergency Operations Plan, Staff Survey
4.5 Students need opportunities to engage in civic leadership and build their sense of citizenship.	District Strategic Plan	District Strategic Plan

Annual Update

SPSA Year Reviewed: 2017-18

Complete a copy of the following table for each of the school site goals from the prior year SPSA. Duplicate the table as needed.

Goal 1

In order to address goal #1 Teach Learn & Achieve Roosevelt School will provide every student with engaging, responsive and personalized learning experiences that emphasize academic excellence, global competencies, (i.e. critical thinking, problem solving, communication, collaboration, and creativity) and civic engagement. Specific areas of focus will include:

1) Teacher collaboration & Peer Observation Release Time to support curriculum design and development
2) NGSS Aligned Instruction
3) Targeted intervention in Math (MIISS Implementation)
4)Project Based Learning
5) Professional development focused on PBL, ELD, & NGSS implementation
6) Monitoring and supporting English Learner performance in Math & ELA

State and/or Local Priorities Addressed by this goal:

STATE	1	2	3	4	5	6	7	8
COE	9	10						
LOCAL								

ANNUAL MEASURABLE OUTCOMES

EXPECTED

1.1 We want to continue to develop an engaging and rigorous curriculum in order for students to gain mastery of standards in all subject areas. Many of our students are scoring at the nearly met standard level on state assessments. Additional teacher collaboration time and peer observation and reflection is necessary to grow teacher practice and impact student outcomes.

1.1a Employee Benefits for Sub Release Time(Collaboration Days)

1.1b English Learners are our highest need subgroup, and ELD instruction must be a strong focus in the coming years. Teachers need additional support to grow their practice around ELD instruction.

1.2 We want to continue to identify students in need of urgent intervention so we can provide the needed services to those students.

1.2a Employee Benefits for Sub Release Time (Academic Conferences)

1.2b Sub Release Time for SST Days

1.2c Employee Benefits for Sub Release Time (SST Days)

1.2d Identify students who are EL's and have not met minimum growth targets to prioritize intervention for academic and language proficiency achievement.

1.3 Same as 1.1

1.4 We need to provide opportunities for deeper learning through the use of Project Based Learning and provide planning time for staff in order to accomplish this goal.

1.4a We need to provide opportunities to support EL's in the implementation of PBL by providing PD for staff that includes an emphasis on ELD standards and language acquisition strategies.

1.4b Teachers need to collaborate and share best practices around PBL implementation in order to deepen their understanding and learn from their colleagues.

1.5 Our students have a variety of specific learning needs and are all functioning at different performance levels. We need to utilize the blended learning suite and student devices to provide intervention and/or enrichment opportunities for students. This will also help staff to differentiate instruction to help meet the needs of our diverse learners.

1.6 Our African American, Hispanic/Latino, and English Learner students continue to struggle academically and behaviorally creating a persisting opportunity gap between these populations and their Asian and white counterparts. Roosevelt teachers were trained on Culturally and Linguistically Responsive teaching strategies in the past. However, a refresher training in these strategies would be appropriate to remind staff of CRT techniques and to apply these techniques to PBL.

1.7 English Learners represent our most at-risk subgroup. They are performing below standard in Math, ELA and have a high rate of suspensions. We need to increase the overall achievement of our EL students and the rates of reclassification prior to our students entering middle school.

1.8 Same as 1.7

1.9 This is an ongoing need in order for staff to implement the curriculum.

1.10 We need to continue to develop and implement our PBIS offerings and SEL programs as well as academic interventions.

1.11 Staff continues to value having a paraeducator who is available to support Kinder and TK students. Our youngest students benefit from a small student to teacher ratio.

1.12 We need to support the implementation of NGSS aligned instruction and opportunities for hands-on science experiences for students at all grade levels. NGSS instruction will be an expectation as we move into the 2018-19 school year and the new state science assessment is administered.

1.13 We need to continue to find ways to serve more students in our after-school STEAM focused enrichment programs, and to support learning outside of the classroom through Outdoor Education.

1.14 We need to provide opportunities for students to engage in real-world learning.

ACTIONS / SERVICES

Duplicate the Actions/Services from the current year SPSA and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Actions/Services

PLANNED	ACTUAL
1.1 Grade Level Collaboration - Sub Release Time Support the effective, consistent implementation of newly adopted standards in ELA, Math, ELD, Science and Social Studies and provide time for staff to collaborate on newly adopted programs during staff meetings, Professional Learning Communities (Wednesday PLC), and Collaboration Release Days. Substitute Release Time will be provided for Two Grade Level Collaboration Days (Fall/Spring). These days should include a plan for peer observation, lesson design/planning around Eureka Math, checking in on PBL projects, a focus on ELD best practices, as well as analysis of student data and intervention plans. Teachers will engage in on-going Data Analysis utilizing STAR Renaissance assessments, Fast Bridge, classroom Assessments, and Illuminate Data System. 1.1a Employee Benefits for Sub Release Time 1.1b Many of our EL students are scoring at the nearly met standard or below standard range on the state summative assessments and we need to support these students so they can advance to towards meeting standards. This support will include having access to district instructional coaches with expertise in language acquisition strategies. We will utilize coaches to provide professional development to staff, administrators, and parents to address the diverse needs of English Language Learners. 1.1c Wednesday PLC's: Teachers will meet during job-embedded collaboration time to plan lessons and review student data. The Wednesday PLC Format will be as follows: 1 Wed per month: whole staff PD, 2 Wed per month Grade Level PLC's, 1 Wed per month Optional Classroom Work time or GL PLC. Wednesday PLC Agendas will be developed by grade levels and should reflect PBL, NGSS, Eureka Math, Intervention, and ELD instruction. 1.1d Instructional Rounds by Principal - Principal will conduct	1.1 Grade Level Collaboration - Sub Release Time Supported the effective, consistent implementation of newly adopted standards in ELA, Math, ELD, Science and Social Studies and provided time for staff to collaborate on newly adopted programs during staff meetings, Professional Learning Communities (Wednesday PLC), and Collaboration Release Days. Substitute Release Time was provided for Two Grade Level Collaboration Days (Fall/Spring). These days included a plan for peer observation, lesson design/planning around Eureka Math, checked in on PBL projects, a focus on ELD best practices, as well as analysis of student data and intervention plans. Teachers engaged in on-going Data Analysis utilizing STAR Renaissance assessments, Fast Bridge, classroom Assessments, and Illuminate Data System. 1.1a Employee Benefits for Sub Release Time 1.1b Many of our EL students are scoring at the nearly met standard or below standard range on the state summative assessments and we need to support these students so they can advance to towards meeting standards. This support included having access to district instructional coaches with expertise in language acquisition strategies. We utilized coaches to provide professional development to staff, administrators, and parents to address the diverse needs of English Language Learners. 1.1c Wednesday PLC's: Teachers met during job-embedded collaboration time to plan lessons and review student data. The Wednesday PLC Format was the following: 1 Wed per month: whole staff PD, 2 Wed per month Grade Level PLC's, 1 Wed per month Optional Classroom Work time or GL PLC. Wednesday PLC Agendas were developed by grade levels and reflected PBL, NGSS, Eureka Math, Intervention, and ELD instruction.

	weekly classroom visits in order to document evidence of PBL, NGSS, ELD, Math and ELA instruction and provide teachers with support.	1.1d Instructional Rounds by Principal - Principal conducted weekly classroom visits in order to document evidence of PBL, NGSS, ELD, Math and ELA instruction and provided teachers with support.

Action 2		
Actions/Services	PLANNED 1.2 Assessment & Academic Conferences, SST Days, & Intervention Assess student learning through a robust, balanced assessment system that includes formative, diagnostic, interim, summative and performance-based assessment tools to inform teaching and respond to students' needs and analyze State, District, and Site data on an ongoing basis to ensure that students' needs (strengths and/or challenges are identified with special attention to students who are in the opportunity gap) and addressed through differentiated classroom instruction at the Tier 1 level and/or intervention services at the Tier 2 level. Teachers will be released for 45 min 2 times per year to present data on their students who are in greatest need of intervention. They will have the opportunity to consult with the administrator, RSP, Speech Therapist, School Psychologist, in order to brainstorm classroom-based interventions, academic goals, and provide another level of oversight and monitoring for students at risk of not meeting standards. Teachers will use the online assessment system data (Renaissance, Fast Bridge, Interim Assessments) as well as classroom tests to inform their data conversations at Academic Conferences. 1.2a Employee Benefits for Sub Release Time (Academic	ACTUAL 1.2 Assessment & Academic Conferences, SST Days, & Intervention Assessed student learning through a robust, balanced assessment system that included formative, diagnostic, interim, summative and performance-based assessment tools to inform teaching and respond to students' needs and analyzed State, District, and Site data on an ongoing basis to ensure that students' needs (strengths and/or challenges were identified with special attention to students who are in the opportunity gap) and addressed through differentiated classroom instruction at the Tier 1 level and/or intervention services at the Tier 2 level. Teachers used the online assessment system data (Renaissance, Fast Bridge, Interim Assessments) as well as classroom tests to inform their grade level team data conversations during Wednesday PLCs. 1.2b Sub Release Time for SST Days - 6 times this year, we held full day of Student Study Team meetings to conduct initial and follow-up SST meetings as a means of providing early intervention and support for struggling students. 1.2c Employee Benefits for Sub Release Time (SST Days)

	Conferences) 1.2b Sub Release Time for SST Days - 3 times per year, we will hold a full day of Student Study Team meetings to conduct initial and follow-up SST meetings as a means of providing early intervention and support for struggling students. 1.2c Employee Benefits for Sub Release Time (SST Days) 1.2d Focus on EL's: Identify students who are EL's and have not met minimum growth targets to prioritize intervention for academic and language proficiency achievement. The use of the Ellevation online platform will support monitoring academic progress of EL's to facilitate teachers' opportunity to provide feedback on student performance that will inform intervention services. 1.2e Classroom-based Intervention: Teachers will offer small group instruction to students in need of intervention on a regular basis (daily if possible) in order to target specific skill gaps and work towards raising achievement levels. Chrome books will be used to ensure that students who are not in a small group have academically rigorous activities to work on while the teacher is working with small groups of students. Use of intervention software programs will provide students with additional support to meet learning goals. Teachers will identify students to participate in Learning Academy (grades TK - 5) and offer small group instructional intervention to these students. Students in Learning Academy will be assessed frequently and will have the opportunity to exit Learning Academy once they are meeting grade level standards. 1.2f After-School Library Math Intervention: SLTA members will be paid hourly to run after-school math intervention during library extended hours. Students will be identified to participate in these intervention classes based on data from state, local, and classroom assessments.	1.2d Focused on EL's: Identified students who are EL's and have not met minimum growth targets to prioritize intervention for academic and language proficiency achievement. Used the Ellevation online platform to support monitoring academic progress of EL's to facilitate teachers' opportunity to provide feedback on student performance that informed intervention services. 1.2e Classroom-based Intervention: Teachers offered small group instruction to students in need of intervention on a regular basis (daily if possible) in order to target specific skill gaps and work towards raising achievement levels. Chrome books were used to ensure that students who are not in a small group have academically rigorous activities to work on while the teacher is working with small groups of students. Used intervention software programs to provide students with additional support to meet learning goals. Teachers identified students to participate in Learning Academy (grades 1 - 3) and offer small group instructional intervention to these students. Students in Learning Academy were assessed frequently and had the opportunity to exit Learning Academy once they met grade level standards. 1.2f After-School Library Math Intervention: Contracted with Sylvan Learning to work with ten fourth and fifth grade students in math instruction.

Expenditures	BUDGETED Student Leadership: Students will be encouraged to take on leadership roles at school, possibly in the form of a student council. 0	ESTIMATED ACTUAL Student Leadership 0

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year SPSA. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the CA Dashboard, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Teachers were release twice this year to meet in grade levels to discuss assessments and plan for grade level interventions. Substitutes were hired to float to classrooms so we could hold SST meetings with the classroom teacher, parents, resources teacher, administrator and school psychologist for students identified through the COST process. EL students were identified and monitored to ensure continued success in the classroom. Teachers utilized the Blended Learning platforms to create individualized interventions for students. Teachers implemented the district adopted math program, Eureka and used the science lab to give students hands on experiences aligned to the NGSS.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The grade level teacher release days were important in creating intervention strategies for students struggling and activities to challenge those students who were advanced. The SST meetings were helpful in creating accommodations for students that were struggling in the classroom and testing students for special education that struggled despite implementing accommodations. The blended learning platforms were effective in personalizing interventions for individual students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	No significant differences between budgeted expenditures and estimated actual expenditures.
Describe any changes made to this goal, expected outcomes, metrics , or actions and services to achieve this goal as a result of this analysis and services to and analysis of the CA Dashboard data as applicable.	Goals, outcomes, actions and services were not changed.

Annual Update

SPSA Year Reviewed: 2017-18

Complete a copy of the following table for each of the school site goals from the prior year SPSA. Duplicate the table as needed.

Goal 2

Roosevelt Elementary School staff will create inclusive environments and more equitable outcomes for all students through actions and services that promote the development of our students' college and career readiness and positive personal development. Specific areas of focus will include:

The needs for goal #2 Equity and Inclusion through College & Career Readiness include the following:
English Learner academic achievement
High Suspension Rates
Mental Health Needs
Health & Wellness District Initiative

State and/or Local Priorities Addressed by this goal:

STATE	1	2	3	4	5	6	7	8
COE	9	10						
LOCAL								

ANNUAL MEASURABLE OUTCOMES

EXPECTED

2.1 We want to continue to develop a college-going and career development culture at Roosevelt. Students and parents need to know that Elementary School is not too early to start thinking and planning for their futures.

2.1a We want to continue to develop a clear definition for parents around the EL pathways that students can experience as an EL student in elementary and those available to them in secondary school. Increasing parent knowledge around English Learner pathways will help parents to become more involved and to act as advocates for their students.

2.2 Same as 2.1

2.3 We are seeing increased numbers of students coming to Roosevelt with spectrum-like behaviors and/or ADD/ADHD. The majority of these students are in General Education without Special Education support. Staff needs professional development in this area to improve instruction in order to support these students.
2.3a Continue to utilize COST Coordinator and COST Team to process referrals for counseling services.
2.3b We need to increase the capacity of general education teachers to support students with special needs. Co-teaching is one avenue through which to accomplish that goal.

2.4 We need to continue to increase our EL reclassification rates in order for students to be on the RFEP path prior to entering middle school. We want to identify students at risk for Long Term English Learner status and provide interventions so they can meet the reclassification criteria.

2.5 We want to continue to strengthen our wellness messaging to students and families.

2.6 This is an ongoing need. Parents want to learn strategies about how to best support their students at home.

2.7 We have a growing number of students who have experienced trauma at school or at home. We need to provide on-site counseling services to address their mental health needs.

ACTIONS / SERVICES

Duplicate the Actions/Services from the current year SPSA and complete a copy of the following table for each. Duplicate the table as needed.

Action **1**

	PLANNED	ACTUAL
Actions/Services	2.1 Inspire students to think about their futures by providing experiences for them to learn about college & career opportunities. Create a plan for community partners to talk with students about their work and how they prepared for their careers. Parents and Staff will be invited to share their expertise/ college experience with students in order to increase awareness and promote a college & career culture at Roosevelt School. Teachers will be encouraged to wear their college t-shirts. Display boards can be created for the hallway. Grade levels could design a PBL unit around researching colleges. 2.1a Provide parents with a clear definition of EL program pathways and college and career opportunities that may be available for their students at the elementary and secondary levels.	2.1 Inspired students to think about their futures by providing experiences for them to learn about college & career opportunities. ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year SPSA. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the CA Dashboard, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	College Career opportunities were only presented through classroom presentations and Junior Achievement. Next year, we will need to look at this school-wide, Parents were informed of EL program pathways through parent coffee and conversations and ELAC presentations. K-5 parent education consisted of evening and morning workshops. Resource and classroom co-teaching occurred in 4th grade and focused on math lessons. Teacher monitoring of EL student progress was not consistent nor was is systemic. Next year, we will need to create systems to address this. Toolbox lessons were taught in all classes throughout the school. Fourth and fifth grade students participated in the day of silence march to Washington school. The school participated in Safe routes to schools events such as the Golden Sneaker, International Walk and Roll to school day and conducted a safety audit to make recommendations to school and city services to improve safety around the school during drop off and pick up. The PBIS committee met monthly and presented updates to lessons to be taught and led discussion regarding safety at the school.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	Students were motivated by the College and career presentations and senior graduate visitation day. Parents participated in discussions EL pathways. The co-teaching model supported students and helped bridge an understanding between general and SPED teachers. Student utilized the strategies presented by the tool box.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	No significant differences between budgeted expenditures and estimated actual expenses
Describe any changes made to this goal, expected outcomes, metrics , or actions and services to achieve this goal as a result of this analysis and services to and analysis of the CA Dashboard data as applicable.	No significant changes were made to goals or actions.

Annual Update

SPSA Year Reviewed: 2017-18

Complete a copy of the following table for each of the school site goals from the prior year SPSA. Duplicate the table as needed.

Goal 3	Roosevelt School staff and district partners effectively collaborate and remain fully engaged around our goals of student learning in order to provide outstanding educational experiences for all students.

State and/or Local Priorities Addressed by this goal:

STATE	1	2	3	4	5	6	7	8
COE	9	10						
LOCAL								

ANNUAL MEASURABLE OUTCOMES

EXPECTED

3.1 We want to provide students with a social emotional learning curriculum, mindfulness practices, and regular movement during their instructional day. Many students at Roosevelt need these support systems in order to learn coping strategies necessary for them to access the core curriculum.

3.2 We strive to improve communication at Roosevelt School. We need to continue to improve our website and utilization of our school database and offer multilingual communication whenever possible in the languages represented at our school.

3.3 Considering all of the recent changes in the San Leandro School District and within the national landscape of education, teachers and classified staff need multiple opportunities to continually increase their knowledge base and grow their practice. The pace of technology innovation and reform efforts must be balanced with ongoing professional development.

3.4 New teachers and staff members at Roosevelt School have an incredibly steep learning curve to overcome as they get oriented to a new school and/or school district.

3.5 Communication from office staff to teachers is not always timely or accurate.

ACTIONS / SERVICES

Duplicate the Actions/Services from the current year SPSA and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Actions/Services	PLANNED	ACTUAL

	3.1 Promote health and wellness efforts for students, families and employees that support improved teaching and learning in the classroom and provide opportunities for all students to engage in activities in and out of the classroom that focus on movement and mindfulness (i.e. Daily Toolbox mini-lessons/class meetings, Brain Breaks, Running Club, Mindfulness strategies) 3.1a Work with Girls Inc Counseling and Speech Language Therapist to establish Social Skills Groups which will help students learn strategies for dealing with emotional peer conflicts. Identify students who would benefit from participation in social groups through the COST process.	3.1 Promoted health and wellness efforts for students, families and employees that support improved teaching and learning in the classroom and provided opportunities for all students to engage in activities in and out of the classroom that focus on movement and mindfulness (i.e. Daily Toolbox mini-lessons/class meetings, Brain Breaks, Running Club, Mindfulness strategies) 3.1a Worked with Girls Inc Counseling and Speech Language Therapist to establish Social Skills Groups which helped students learn strategies for dealing with emotional peer conflicts. Expenditures	BUDGETED Provide teachers with a refresher on how to do Mindfulness with students in the classroom. Set up structures for periodic whole-school reminders about Toolbox tools as well as the expectation that teachers are implementing this SEL curriculum with full fidelity. 0	ESTIMATED ACTUAL Mindfulness reminders and Toolbox expectations
Action 2		
Actions/Services	PLANNED 3.2 Continue to develop/implement best practices in communicating information between all stakeholder groups in the Roosevelt community through the effective use of our school website, social media, Google Classroom, Remind App, teleparent messages, weekly school-wide and classroom newsletters.	ACTUAL 3.2 Continued to develop/implement best practices in communicating information between all stakeholder groups in the Roosevelt community through the effective use of our school website, social media, Google Classroom, Remind App, teleparent messages, weekly school-wide and classroom newsletters.
Action 3		
Actions/Services	PLANNED 3.3 Continue ongoing professional development opportunities for all employees at Roosevelt School including administration, support staff, and teachers based on employee input.	ACTUAL 3.3 Provided ongoing professional development opportunities for all employees at Roosevelt School including administration, support staff, and teachers based on employee input.
Action 4		
Actions/Services	PLANNED 3.4 Enhance new employee on-boarding and mentorship experiences by establishing a Roosevelt Welcome Binder	ACTUAL 3.4 Enhanced new employee on-boarding and mentorship experiences by establishing a Roosevelt Welcome Binder

	which will hold all of the critical information a new staff member might need to know. In addition, pairing new staff members with a "buddy teacher" can help to improve the on-boarding experience.	which holds all of the critical information a new staff member might need to know. In addition, pairied new staff members with a "buddy teacher" to improve the on-boarding experience.

Action **5**

	PLANNED	ACTUAL
Actions/Services	3.5 Implement standard operational procedures for effective internal communication with all Roosevelt employees. This includes office staff to teacher communication. Reduction in intercom interruptions and checking for accuracy of all communications from Office Manager to teachers is critical.	3.5 Implemented standard operational procedures for effective internal communication with all Roosevelt employees. This included office staff to teacher communication. Reduction in intercom interruptions and checking for accuracy of all communications from Office Manager to teachers.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year SPSA. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the CA Dashboard, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Wellness policies were implemented school-wide in health snack celebrations monthly. Girls Inc and Speech created social groups to work with students on socially acceptable behaviors. Professional development opportunities were provided for teachers and administrators, topics included: PBL, ELPAC training, working with students exposed to trauma, etc. Roosevelt employee handbook was developed to assist teachers in procedures and conducting business at Roosevelt. Office communication was systematized with a daily "look book" and a reduction in the number of school-wide announcements.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The implementation of the wellness policy cut down on the number of distractions in the classroom by limiting the number of celebrations per month and students were better focused due to the healthy snacks provided during the celebrations. Professional development energized the teachers and administration by focusing on instruction and supporting students' social emotional wellbeing. Effective communication between the office and teachers helped teachers stay informed and allowed them to plan accordingly.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	No significant differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics , or actions and services to achieve this goal as a result of this analysis and services to and analysis of the CA Dashboard data as applicable.	No significant changes were made.

Annual Update

Complete a copy of the following table for each of the school site goals from the prior year SPSA. Duplicate the table as needed.

Goal 4	Roosevelt Elementary School staff will actively engage with families and the community at large to build reciprocal relationships that promote and support the positive social, emotional, and academic development of our students.

State and/or Local Priorities Addressed by this goal:

STATE	1	2	3	4	5	6	7	8
COE	9	10						
LOCAL								

ANNUAL MEASURABLE OUTCOMES

EXPECTED

4.1 We want to increase participation in parent education opportunities and continue the high level of participation in our 7 parent groups, with an intentional effort to ensure that parent groups reflect the school's demographic.

4.1a We are a diverse school and need translated primary language documents and oral translation available to parents so all families can engage fully in their child's education.

4.1b The Roosevelt School Website is a potential tool for advertising parent group events, however it is not always updated or accurate.

4.1c Parents of EL's need more information on school procedures and how to advocate for their students.

4.1d We sometimes need to physically mail communications to parents which requires postage.

4.2 Parents would like more information on the EL programs and pathways in order to better support their students' learning.

4.3 We are always striving to improve communication between all stakeholder groups at Roosevelt School.

4.3aThis is particularly critical for communication and feedback loops with parents of English Learner students.

4.4 Each year we must evaluate and assess our site Emergency Plan to ensure all staff members know their roles and that student safety will be maintained in the event of an emergency.

4.4a At times it is difficult for teachers to access Parent Volunteer Packet/Driver Authorization information from the front office. This information needs to be made more accessible to teachers.

4.5 Students need opportunities to engage in civic leadership and build their sense of citizenship.

ACTIONS / SERVICES

Duplicate the Actions/Services from the current year SPSA and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Actions/Services	PLANNED	ACTUAL
	4.1 Utilize the services of our Parent Facilitator and staff to help systematize parent engagement efforts at Roosevelt School and provide targeted outreach and support to families of students in the opportunity gap which includes parents of English Learners. Support the continued efforts of the Roosevelt Parent Groups (i.e PTA, Dads' Club, AAPAG, Voces Unidas, ELAC, Special Families, and LGBTQS Alliance). Encourage staff to work with parent groups to develop community building events such as (Community on the Green, Multicultural Night, and Art & Rhythm Night, Family Photo Wall). 4.1a Utilize district and site resources to provide translation services to our parent community in Spanish and other identified languages (whenever possible). 4.1b Utilize the school site website to provide timely information to parents about the events and meetings of the parent groups. Provide teachers with additional training on how to develop their teacher web pages on the Roosevelt school website. 4.1c Provide School Smarts Academy workshops for parents to become more knowledgeable about their child's education and so that they can become advocates and parent leaders in the school community. This work should be focused on families of English Learners who may not otherwise participate in school activities. 4.1d Purchase postage for mailing correspondence to parents	4.1 Utilized the services of our Parent Facilitator and staff to help systematize parent engagement efforts at Roosevelt School and provided targeted outreach and support to families of students in the opportunity gap which includes parents of English Learners. Actions/Services	PLANNED 4.4 Ensure high standards of school safety and deliver effective emergency response and operations by annually updating the site Emergency Plan. 4.4a Ensure that all parent volunteer and field trip driver clearances are entered into a Google Doc by the Attendance Clerk so that teachers can readily access it and verify that all parent chaperones are cleared to attend field trips.	ACTUAL 4.4 Ensured high standards of school safety and delivered effective emergency response and operations by annually updating the site Emergency Plan. 4.4a Ensured that all parent volunteer and field trip driver clearances are entered into a Google Doc by the Attendance Clerk so that teachers can readily access it and verify that all parent chaperones are cleared to attend field trips.

Action 5		
Actions/Services	PLANNED 4.5 Promote local civic engagement opportunities and programs both inside and outside the classroom for students to develop a strong sense of citizenship.	ACTUAL 4.5 Promoted local civic engagement opportunities and programs both inside and outside the classroom for students to develop a strong sense of citizenship.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year SPSA. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the CA Dashboard, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	The Parent Facilitator and staff provided targeted outreach and support to parents of English Language Learners and other parent groups, including PTA, Dad's Club, AAPAG, Voces Unidas, ELAC, Special Families and LGBTS. Communication was sent out through the Loop system as well as Remind to inform parents of school events and dismissal times. Interpreters were used to provide primary language support at meetings and school events. School Smarts Academy workshops were provided for parents by our Parent Facilitator
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	Parent volunteerism is strong at Roosevelt. Over 200 parents are registered to work in classrooms, drive and chaperone on field trips. Parent participation in Voces Unidas and AAPAG grew this year and new events were added to the calendar to celebrate Latin and African American traditions. About a dozen parents graduated from the School Smarts Academy. Parent workshops focused on anti-bullying/safety and transitioning to the Middle School.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	No significant differences in budgeted expenditures and estimated actual expendatures.
Describe any changes made to this goal, expected outcomes, metrics , or actions and services to achieve this goal as a result of this analysis and services to and analysis of the CA Dashboard data as applicable.	No significant changes were made to this goal action or services.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year SPSA. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the CA Dashboard, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Roosevelt teachers and parents participated in the annual school beautification day to provide cleaning and maintenance. Our school library was newly painted and modernized with new furniture and technology upgrades (promethean board, 3D printer, maker materials,...). In addition technology was upgraded school-wide with new Promethean Boards in every classroom. The Dad's club provided new recess equipment for students.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	The library modernization created a new space for students to imagine and create. The new technology will allow students to use new technology. Teachers will be able to take advantage of the latest teacher classroom technology.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	Budgeted expenditures and Estimated actual expenditures did not significantly differ.
Describe any changes made to this goal, expected outcomes, metrics , or actions and services to achieve this goal as a result of this analysis and services to and analysis of the CA Dashboard data as applicable.	No significant changes.

Eight State Priorities 2017-18

I. **Basic:** degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

II. **Implementation of State Standards**: implementation of academic content and performance standards adopted by the state board for all pupils, including English learners. (Priority 2)

III. **Parent involvement:** efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

IV. **Pupil achievement**: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

V. **Pupil engagement**: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

VI. **School climate:** pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

VII. **Course access:** pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

VIII. **Other pupil outcomes:** pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

Goal 4	350.00	1,195.00
Goal 5	7,700.00	2,800.00

* Totals based on expenditure amounts in goal and annual update sections.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
David Kumamoto	X				
Debbie Dodd		X			
Christian Villegas		X			
Laura Ordonez			X		
Franklin Hysten				X	
Scott Smoth				X	
Christian Rodriguez				X	
Monique Farris				X	
Numbers of members of each category:	**1**	**2**	**1**	**4**	

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The school site council (SSC) recommends this school plan and Proposed Expenditure(s)s to the district governing board for approval and assures the board of the following:

1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the Single Plan for Student Achievement (SPSA) requiring board approval.

3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan **(Check those that apply):**

State Compensatory Education Advisory Committee

Signature

English Learner Advisory Committee

Signature

Special Education Advisory Committee

Signature

Gifted and Talented Education Program Advisory Committee

Signature

District/School Liaison Team for schools in Program Improvement

Signature

Compensatory Education Advisory Committee

Signature

Departmental Advisory Committee (secondary)

Signature

Other committees established by the school or district (list):

Signature

4. The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

5. This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

6. This SPSA was adopted by the SSC at a public meeting on .
