San Leandro Unified School District Low-Performing Students Block Grant

Three-Year Plan: 2018-2019, 2019-2020, 2020-2021

Background Information:

The Low-Performing Students Block Grant (LPSBG) provides funds for local educational agencies (LEAs) serving students identified as low-performing on state English language arts or mathematics assessments, who are not otherwise identified for supplemental grant funding under the Local Control Funding Formula (LCFF), or eligible for special education services.

The LPSBG allocates $300 million for LEAs, including county offices of education (COEs), school districts, and charter schools for the benefit of identified students during fiscal year (FY) 2018–19 through 2020-2021. San Leandro Unified was awarded $673,824 to be spent by November 2021.

As a condition of apportionment, a school district school shall develop a plan describing how the funds will increase or improve evidence-based services for the identified pupils to accelerate increases in academic achievement, and how the effectiveness of the services will be measured. The plan shall be discussed and adopted at a regularly scheduled meeting of the LEA's governing board.

Funds may be expended for any of the following purposes:

- Funds shall be used for evidence-based services that directly support pupil academic achievement. Eligible activities include, but are not limited to the following:
    - Professional development activities for certificated staff
    - Instructional materials or
    - Additional supports for pupils

What follows is the proposed plan for San Leandro Unified School District “Low Performing Students Block Grant” allocation of $673,824 . This plan was developed in alignment with our current Local Control Accountability Plan and our District Strategic Plan.
