FACILITY SOLUTIONS AGREEMENT

This FACILITY SOLUTIONS AGREEMENT ("Agreement"), dated as of June 11th, 2019 ("Effective Date"), is by and between San Leandro Unified School District, a school district organized and existing under the laws of the State of California ("District") and Famand, Inc. (dba Indoor Environmental Services), a California corporation ("Contractor") (each a "Party" and collectively, the "Parties").

RECITALS

WHEREAS, District desires to reduce energy consumption and operational expenses through the installation of energy conservation technologies ("System");

WHEREAS, District has assigned specific areas on school properties (each one, a "Site") on which the energy conservation measures (each one, a "System") will be constructed;

WHEREAS, District desires to engage Contractor to install energy efficiency upgrades, design, supply and install selected and listed scope of work at each Site; and

WHEREAS, Contractor desires to provide such upgrades, design, supply and installation services, all in accordance with the terms and conditions set forth in this Agreement;

WHEREAS, Contractor is a full-service energy services company with the technical capabilities to provide services to the District, including, but not limited to, energy and energy system auditing, engineering, design, procurement, construction management, installation, construction, financing, training, monitoring and verification, maintenance, operation, and repair.

NOW, THEREFORE, in consideration of the mutual promises set forth below, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

AGREEMENT

1. DEFINITIONS.

Unless otherwise required by the context in which any term appears: (a) capitalized terms used in this Agreement shall have the respective meanings set forth in Exhibit A; (b) the singular shall include the plural and vice versa; (c) the word "including" shall mean "including, without limitation," (d) references to "Sections" and "Exhibits" shall be to sections and exhibits of this Agreement; (e) the words "herein," "hereof" and "hereunder" shall refer to this Agreement as a whole and not to any particular section or subsection; and (f) references to this Agreement shall include a reference to all attached Exhibits, as the same may be amended, modified, supplemented or replaced from time to time.

2. CONTRACTOR CERTIFICATIONS AND BOND FORMS

This Agreement includes the following contractor certifications, the forms of which are attached in Exhibit B, which must be completed by Contractor prior to commencement of the work on the Systems:

2.1. Fingerprinting/Criminal Background Investigation Certification (Exhibit B-1)

2.2. Drug-Free Workplace / Tobacco-Free Environment Certification (Exhibit B-2)

2.3 Asbestos & Other Hazardous Materials Certification (Exhibit B-3)

2.4 Guarantee (Exhibit B-4)

2.5 Workers Compensation Certificate (Exhibit B-5)

2.6 Form of Payment Bond (Exhibit B-6)

2.7 Form of Performance Bond (Exhibit B-7)

3. GENERAL

3.1. Scope of Work

(a) Contractor shall perform all work in accordance with the requirements as set forth in the Project Labor Agreement for the San Leandro Unified School District Measure J1 New Construction and Modernization Projects, Board approved on 2/17/2017.

(b) Contractor shall furnish to District energy efficiency upgrades and the engineering, design, procurement, construction management, installation, construction, monitoring, and commissioning of energy conservation systems (each one a "System") installed at various sites (collectively, the upgrades and Systems shall be referred to as the "Project").

(c) Project will be executed by individual Work Orders, detailed in Exhibit C ("Work").

(d) Work shall be performed in accordance with this Agreement and Exhibits attached hereto.

3.2. Contract Price

(a) Contract Price. Subject to adjustments set forth in this Agreement, Contractor agrees to perform the Work for a total fixed price of **$2,907,262** ("Contract Price"), including the following amounts detailed in Exhibit C ("Work Order Prices"):

(i) Work Order 1 with a total fixed price of **$1,744,357**

(ii) Work Order 2 with a total fixed price of **$1,162,905**

(iii) Payment of the Contract Price shall be made in compliance with the process described in Exhibit C.

(b) Work Order Prices in Exhibit C assume all Work Orders are executed.

3.3. Protective Measures.

(a) Contractor shall be responsible for all injury or damage to individuals or property that may occur as a result of its fault or negligence, or that of its Subcontractors, in connection with the performance of the Work.

(b) Contractor shall take all reasonably necessary precautions for the safety of its employees and any and all other individuals present on the Site where the System is located and prevent accidents or injury to individuals on, about, or adjacent to the premises where the Work is being performed.

(c) Contractor shall keep the relevant part of the Site where the System is located and surrounding areas free from accumulation of waste materials or rubbish caused by the Work, and at the end of each Day that the Contractor performs the Work, Contractor shall remove any debris, store such debris in containers at its sole expense, and leave the Site in a clean and orderly condition. Upon Final Completion, Contractor shall remove from the relevant part of the Site where the System is located all waste materials, rubbish, debris, debris containers, tools, Equipment, machinery and surplus materials from the Site and leave the Site in a clean and orderly condition.

(d) Contractor shall comply with the provisions of the California Education Code Section 45125.2 regarding the submission of employee fingerprints to the California Department of Justice and the completion of criminal background investigations of its employees.

3.4. Prevailing Wage.

(a) California Labor Code. Contractor shall comply with all applicable provisions of the California Labor Code, Division 2, Part 7, Chapter 1, Articles 1-5, including (without limitation) the payment of the general prevailing per diem wage rates for public work projects in excess of $1,000. In addition, Contractor and each Subcontractor shall comply with Chapter

1 of Division 2, Part 7 of the California Labor Code, commencing with Section 1720, and including Sections 1725.5, 1735, 1774.1, 1777.5 and 1777.6 forbidding discrimination, and Sections 1776, 1777.5 and 1777.6 concerning the employment of apprentices by Contractor or Subcontractor.

(b) Davis-Bacon Act. If the Work under this Agreement is financed partially with federal funds (Qualified Zone Academy Bonds), to the extent required by such financing, Contractor shall also comply with all applicable provisions of the Davis-Bacon Act (40 U.S.C. 3141-48). Specifically those provisions found at Title 29 CFR 5.5 requiring Contractor to pay the laborers and mechanics employed on the Project, on a weekly basis, no less than the wages and benefits that are prevailing in the area as determined by the Secretary of Labor.

(c) Certified Payroll Records. This Project is subject to the requirements of Subchapter 4.5 of Chapter 8 of Title 8 of the California Code of Regulations. Contractor and all subcontractors must furnish electronic certified payroll records to the Labor Commissioner at least monthly and within 10 days of any separate request by the District, the DIR, the Labor Commissioner or any other requesting party entitled to make such a request under the law, in the manner required by the Labor Code or applicable regulations.

Contractor shall permit District, the DIR or their designee to interview Contractor's employees concerning compliance with prevailing wage, apprenticeship, and related matters, whether or not during work hours, and shall require each subcontractor to provide the District, the DIR or their designee with such access to its employees.

(d) Payment Withholding. Pursuant to 8 CCR 16463(e), the District may withhold contract payments when payroll records are delinquent or inadequate or as required by the Labor Commissioner. The amount withheld shall be limited to those payments due or estimated to be due to the Contractor or Subcontractor whose payroll records are delinquent or inadequate, plus any additional amount that the Labor Commissioner has reasonable cause to believe may be needed to cover a back wage and penalty assessment against the Contractor or Subcontractor whose payroll records are delinquent or inadequate; provided that the Contractor shall be required in turn to cease all payments to a Subcontractor whose payroll records are delinquent or inadequate until the Labor Commissioner provides notice that the Subcontractor has cured the delinquency or deficiency.

(e) Site Access. Contractor shall provide site access to Department of Industrial Relations personnel upon request.

(f) Prevailing Wage Notice. On each job site that is subject to compliance monitoring and enforcement by the Department of Industrial Relations, the Contractor shall post at appropriate, conspicuous, weatherproof points at the site the Notice of Projects Subject to Requirements of Subchapter provided in Title 8, section 16451(d) of the California Code of Regulations.

(g) Prevailing Rate Penalty. Contractor shall, as a penalty, forfeit not less than Two Hundred Dollars ($200.00) to the District for each calendar day or

portion thereof, for each worker paid less than the prevailing rates as determined by the Director of the Department of Industrial Relations for such work or craft in which such worker is employed for the Work by the Contractor or by any Subcontractor, of any tier, in connection with the Work. Pursuant to California Labor Code §1775, the difference between prevailing wage rates and the amount paid to each worker each calendar day, or portion thereof, for which each worker paid less than the prevailing wage rate, shall be paid to each worker by Contractor.

(h) Department of Industrial Relations Registration. Contractor and each Subcontractor shall be registered with the Department of Industrial Relations at all times.

(i) Labor. Contractor shall be responsible for all Contractor labor-related delays or disruption of the progress of the Work. Contractor shall promptly take any and all reasonable steps that may be available in connection with the resolution of violations of collective bargaining agreements or labor jurisdictional disputes. Contractor shall advise District promptly in writing of any actual or threatened labor dispute of which Contractor has knowledge that might materially affect the performance of the Work by Contractor or by any of its Subcontractors. Notwithstanding the foregoing, (a) the settlement of strikes, walkouts, lockouts or other labor disputes shall be at the discretion of the Party having the difficulty, (b) a labor-related delay shall not give rise to a change in the Construction Schedule unless such delay constitutes a Force Majeure Event under paragraph (c) of the definition thereof, and (d) in no event will labor-related delays or difficulties give rise to additional payments to Contractor.

3.5. Insurance.

(a) Contractor and District, at their own expense, shall procure or cause to be procured and maintain or cause to be maintained in full force and effect at all times commencing no later than commencement of the Work at the Site and until Final Completion, all insurance coverage specified in Exhibit E.

(b) District and any lenders to the District and Contractor shall be added as additional insureds under the commercial general liability, automobile liability and umbrella/excess liability insurance procured and maintained by Contractor in connection with the Work. Contractor shall not add District or any lender as additional insureds under its worker's compensation insurance policy.

(c) Each Party shall furnish current certificates indicating that the insurance required under this Agreement is being maintained. Each Party's certificate shall contain a provision whereby the insurer agrees to give the other Party thirty (30) days (or ten (10) days in the event of failure to pay premiums) written notice before the insurance is cancelled.

3.6 Performance of the Work.

(a) Contractor agrees to use, and agrees that it shall require each of its Subcontractors to use, only personnel who are qualified and properly trained and who possess every license, permit, registration, certificate or other approval required by Applicable Law or any Governmental Authority to enable such Persons to perform their Work involving any part of Contractor's obligations under this Agreement.

(b) Contractor agrees that all materials and Equipment to be supplied or used by Contractor or its Subcontractors in the performance of its obligations under this Agreement shall be new (if being incorporated into the System) or in good operating condition (if not being incorporated into the System) and fit for the use(s) for which they are employed by Contractor or its Subcontractors. Such materials and Equipment shall at all times be maintained, inspected and operated pursuant to Industry Standards and as required by Applicable Law. Contractor further agrees that all licenses, permits, registrations and certificates or other approvals required by Applicable Law or any Governmental Authority will be procured and maintained for such materials and Equipment at all times during the use of the same by Contractor or its Subcontractors in the performance of any of Contractor's obligations under this Agreement.

3.7. Hazardous Materials.

(a) Contractor hereby specifically agrees to indemnify, defend and hold District, their present and future Board members, administrators, employees, agents, representatives, successors and assigns harmless from and against any and all losses, liabilities, claims, demands, damages, causes of action, fines, penalties, costs and expenses (including, but not limited to, all reasonable consulting, engineering, attorneys' or other professional fees), that they may incur or suffer by reason of:

(i) any release of a Hazardous Material brought on to the Site by Contractor, or any pre-existing Hazardous Materials that, through Contractor's sole negligence, are released or disturbed at the Site;

(ii) any enforcement or compliance proceeding commenced by or in the name of any Governmental Authority because of an alleged, threatened or actual violation of any Applicable Law by Contractor; and

(iii) any action reasonably necessary to abate, remediate or prevent a violation or threatened violation of any Applicable Law by Contractor.

(b) District hereby specifically agrees to indemnify, defend and hold Contractor, its present and future direct or indirect parents, subsidiaries, affiliates, divisions, and their respective directors, officers, employees, shareholders, agents, representatives, successors and assigns harmless from and against any and all losses, liabilities, claims, demands, damages, causes of action, fines, penalties, costs and expenses (including, but not limited to, all reasonable consulting, engineering,

attorneys' or other professional fees), that they may incur or suffer by reason of:

(i) any release of a Hazardous Material brought on to the Site by District, District Representative, or Third Party and any pre-existing Hazardous Material except pre-existing Hazardous Material released or disturbed at the Site through Contractor's negligence;

(ii) any enforcement or compliance proceeding commenced by or in the name of any Governmental Authority because of an alleged, threatened or actual violation of any Applicable Law by District or District Representative; and

(iii) any action reasonably necessary to abate, remediate or prevent a violation or threatened violation of any Applicable Law by District or District Representative.

3.8. Suspension of the Work.

(a) If Contractor does not receive payment of any undisputed invoices submitted in accordance with Section 4.2, Contractor shall have the right, upon not less than thirty (30) days' written notice, to suspend the Work under this Agreement. Contractor shall be entitled to compensation for all undisputed amounts under this Agreement subject to any deductions for amounts withheld pursuant to Public Contract Code section 7107 (e). If District issues full payment of the undisputed invoice within thirty (30) days of written notice of intention to suspend, the notice of intention to suspend shall have no further force or effect and Contractor shall continue to perform the services hereunder as if the notice of intention to suspend had not been given. In the event of any such suspension, the Parties will attempt to negotiate an adjustment of the Contract Price for increases or decreases in the cost of performance of the Project caused by suspense, delay or interruption. If the parties cannot agree on an adjusted Contract Price, the District may terminate the Contract as permitted herein.

(b) District may suspend the Work temporarily at its discretion. When the District resumes the Project, the Parties will attempt to negotiate an adjustment of the Contract Price for increases or decreases in the cost of performance of the Project caused by suspense, delay or interruption. If the parties cannot agree on an adjusted Contract Price, the District may terminate the Contract as permitted herein.

(c) After the resumption of the performance of the Work, Contractor shall, after due notice to District, examine the Work affected by the suspension. Contractor shall make good any defect, deterioration or loss of the construction or the Work affected that may have occurred during the suspension period. Costs properly incurred by Contractor (including but not limited to demobilization and mobilization costs, insurance fees, and repair cost) shall be added to the Work Order Price, so long as the suspension did not arise due to any act, omission or default on the part of Contractor.

3.9. Taxes.

The Work Order Price includes (and Contractor assumes exclusive liability for and shall pay before delinquency) all federal, state or local sales, use, value added, excise and other taxes, charges or contributions imposed on, or with respect to all Equipment and Contractor's services contemplated by this Agreement, provided that District shall pay and have exclusive liability with respect to any taxes payable with respect to District's income. Contractor shall hold harmless, indemnify and defend District, together with any and all its governing board, administrators, agents and employees from any liability, penalty, interest and expense by reason of Contractor's failure to pay such taxes, charges or contributions. Contractor and District shall cooperate with each other to minimize the tax liability of both Parties to the extent legally permissible.

3.10. Liens.

Contractor warrants good title, free and clear of all liens, claims, charges, security interests, and encumbrances whatsoever, to all Equipment and other items furnished by it or any of its Subcontractors that become part of the System to the extent payment therefore has been received by Contractor from District.

3.11. Compliance with Applicable Laws.

(a) Contractor specifically agrees that it shall at all times fully comply with Applicable Laws and that it shall perform the Work in accordance with the Applicable Laws. Notwithstanding the foregoing, Contractor's responsibility for any environmental liabilities shall be governed by Section 3.7.

(b) District specifically agrees that in the performance of its obligations under this Agreement it shall at all times fully comply with Applicable Laws.

3.12 Independent Contractor.

Contractor is acting hereunder as an independent contractor and not as an agent or employee of the District. The Contractor shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, or agents to be an agent or employee of the District.

3.13 Subcontractors.

Contractor shall at all times be responsible for the acts and omissions of Subcontractors. Contractor shall be responsible for performance of all the Work, whether performed by Contractor or its Subcontractors. District shall not undertake any obligation to pay or to be responsible for the payment of any sums to any Subcontractor. The District shall have no responsibility for settling Subcontractor claims or disputes.

3.14 Performance & Payment Bonds.

See Exhibit B for form of Payment and Performance Bonds. See individual Work Orders in Exhibit C for bonding requirements.

3.15 Title; Risk of Loss.

(a) From Effective Date and until the date of Final Completion for the Work subject to the applicable Work Order, Contractor assumes risk of loss and full responsibility for the cost of replacing or repairing any damage to the System and all damages to and defects in materials, Equipment, supplies and maintenance equipment (including temporary materials, equipment and supplies) that are purchased by Contractor for permanent installation in or for use during construction of the System.

(b) District shall bear the risk of loss and full responsibility with respect of the System from and after the date of Final Completion of the Work subject to the Work Order.

(c) Notwithstanding anything herein to the contrary, District shall bear the risk of loss and full responsibility for the cost of replacing or repairing any damage to that portion of the System applicable to the Work Order and all materials, Equipment, supplies and maintenance equipment (including temporary materials, equipment and supplies) that are purchased by Contractor or District for permanent installation in or for use during construction of the System to the extent caused by the negligent, grossly negligent or willful acts of District or its agents, employees or representatives.

(d) Title to all materials, Equipment, supplies and maintenance equipment required by this Agreement, to be purchased by Contractor for permanent installation as part of the System or for use by District or Project Owner in the operation of that portion of the System subject to the particular Work Order shall pass to the District upon the achievement of Final Completion of the Work required by that Work Order.

4. PRICE AND PAYMENT

4.1. Contract Price.

(a) The Work Order Price is firm and fixed and includes all expenses to be incurred by Contractor including, but not limited to, Equipment and materials, erection, commissioning, inclusive of cost of travel and lodging expenses, Applicable Permits (other than the District Permits) and taxes, related to Contractor's performance of its obligations under this Agreement.

(b) Any Changes to the System or Work above and beyond code requirements and Industry Standards requested by the District shall be resolved through a written fully executed Change Order to this Agreement.

(c) Any additional Work not otherwise specified in Exhibit C shall be resolved through a written fully executed Change Order to this Agreement.

(d) District and Contractor may mutually agree to reduce portions of the Work to offset the Change Order request to comply with District budget limits.

(e) The Work Order Price shall only be changed by a written Change Order approved and signed by Contractor and District.

4.2 Change Orders

(a) A Proposed Change Order ("PCO") is a written request prepared by the Contractor requesting that the District issue a Change Order based upon a proposed change to the Work or Services. A PCO shall include breakdowns pursuant to the revisions herein to validate any change in Contract Price.

(b) Changes in Time. A PCO shall also include any changes in time required to complete the Project. Any additional time requested shall not be the number of days to make the proposed change but must be based upon the impact to the Project Schedule as defined in the Contract Documents. If Contractor fails to request a time extension in a PCO, then the Contractor is thereafter precluded from requesting time and/or claiming a delay, except as otherwise provided in this Contract.

(c) Unknown and/or Unforeseen Conditions. If Contractor submits a PCO requesting an increase in Contract Price and/or Contract Time that is based at least partially on Contractor's assertion that Contractor has encountered condition(s) on the Project that it could not have discovered in performing its "Site Examination" duties herein, then Contractor shall base the PCO on visually verifiable information that demonstrates that the hitherto unknown and/or unforeseen condition(s) actually exist. If not, the District may deny the PCO and the Contractor shall complete the Project without any increase in Contract Price and/or Contract Time based on that PCO.

(d) Format for Proposed Change Order. The following format shall be used as applicable by the District and the Contractor (e.g. Change Orders, PCO's) to communicate proposed additions and deductions to the Contract, supported by attached documentation.

	SUBCONTRACTOR PERFORMED WORK	ADD	DEDUCT
(a)	**Material** (attach itemized quantity and unit cost plus sales tax)		
(b)	**Add Labor** (attach itemized hours and rates, fully encumbered)		
(c)	**Add Equipment** (attach suppliers' invoice)		
(d)	**SUBTOTAL**		
(e)	**Add Subcontractor's overhead and profit,** not to exceed ten percent (10%) of **item (d)**		
(f)	**SUBTOTAL**		
(g)	**Add Contractor's fee, overhead, profit & general conditions**, not to exceed five percent (5.0%) of the sum of **item (f)**		
(h)	**SUBTOTAL**		
(i)	**Add Bond and Insurance,** not to exceed one and one-half percent (1.5%) of **Item (h)**		
(j)	**TOTAL**		
(k)	**Time**	_____ **Days**	

	CONTRACTOR PERFORMED WORK	ADD	DEDUCT
(a)	**Material** (attach itemized quantity and unit cost plus sales tax)		
(b)	**Add Labor** (attach itemized hours and rates, fully encumbered)		
(c)	**Add Equipment** (attach suppliers' invoice)		
(d)	**SUBTOTAL**		
(e)	**Add Contractor's fee, overhead, profit & general conditions**, not to exceed ten percent (10.0%) of the sum of **item (d)**		
(f)	**SUBTOTAL**		
(i)	**Add Bond and Insurance,** not to exceed one and one-half percent (1.5%) of **item (f)**		
(j)	**TOTAL**		
(k)	**Time**		_____ **Days**

(e) Change Order Certification. All Change Orders and PCOs must include the following certification by the Contractor: *The undersigned Contractor approves the foregoing as to the changes, if any, and the Contract Price specified for each item and as to the extension of time allowed, if any, for Project Completion, and agrees to furnish all labor, materials, and service, and perform all work necessary to complete any additional work specified for the consideration stated herein. Submission of sums which have no basis in fact or which Contractor knows are false are at the sole risk of Contractor and may be a violation of the False Claims Act set forth under Government Code section 12650 et seq. It is understood that the changes herein to the Contract shall only be effective when approved by District staff with delegated authority and will be ratified by the governing board of the District. It is expressly understood that the value of the extra Work or changes expressly includes any and all of the Contractor's costs and expenses, both direct and indirect, resulting from additional time required on the Project or resulting from delay to the Project. Any costs, expenses, damages, or time extensions not included are deemed waived.*

(f) Determination of Change Order Cost. The amount of the increase or decrease in the Contract Price from a Change Order, if any, shall be determined in one or more of the following ways as applicable to a specific situation and at the District's discretion:

(a) District acceptance of a PCO;

(b) By amounts contained in Contractor's schedule of values, if applicable;

(c) By agreement between District and Contractor.

(g) Construction Change Directives / Unilateral Change Orders. A Construction Change Directive (or Unilateral Change Order) is a written order prepared and issued by the District and signed by the District, directing a change in the Work. The District may as provided by law, by Construction Change Directive and without invalidating the Contract, order changes in the Work consisting of additions, deletions, or other revisions. The District may only issue a Construction Change Directive in the absence of agreement on the terms of a Change Order, and the Contractor shall track its time and material costs that it may use as the basis for dispute or a claim pursuant to the "Disputes" provisions herein.

4.2. Payment.

(a) On a monthly basis, Contractor shall submit an application for payment based upon the estimated value for materials delivered or Services performed under the Contract as of the date of submission ("Application for Payment")

(b) Within fourteen (14) days after receipt of Design-Builder's Application for Payment, District shall notify Design-Builder in writing, if the District disputes any portion of the Application for Payment. The District may deduct from any payment an amount necessary to protect the District from loss because of: (1) any sums expended by the District in performing any of Contractor's obligations under the Contract which Contractor has failed to perform or has performed inadequately; (2) defective Work not remedied; (3) stop payment notices as allowed by state law; (4) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract price or by the scheduled completion date; (5) unsatisfactory prosecution of the Work by Contractor; (6) unauthorized deviations from the Contract; (7) failure of the Contractor to maintain or submit on a timely basis proper and sufficient documentation as required by the Contract or by District during the prosecution of the Work; (8) erroneous or false estimates by the Contractor of the value of the Work performed; (9) any sums representing expenses, losses, or damages, as determined by the District, incurred by the District for which Contractor is liable under the Contract; and (10) any other sums which the District is entitled to recover from Contractor under the terms of the Contract or pursuant to state law, including section 1727 of the California Labor Code. The failure by the District to deduct any of these sums from a progress payment shall not constitute a waiver of the District's right to such sums. The District shall retain 5% from all amounts owing as retention. Retention shall be paid pursuant to Public Contract Code sections 7107 and 7200.

(c) Within thirty (30) days after District's receipt of the Application for Payment, Contractor shall be paid a sum equal to ninety-five percent (95%) of the undisputed value of the Work performed (Assuming the value of the Work performed is verified by Inspector and certified by Contractor) up to the last day of the previous month, less the aggregate of previous payments and amount to be withheld.

(d) District shall notify Contractor of any missing documentation within five (5) Business Days of receipt of invoice.

(e) The following minimum content will be contained in, or delivered together with, any payment request from Contractor to District:

(i) Contractor address, phone number, and fax;

(ii) Contractor invoice number and date;

(iii) Project Site address(es);

(iv) Description of completed milestones since the immediately preceding payment request;

(v) Total invoice amount;

(vi) "Remit to" details (for wire transfer);

(vii) Lien waivers from major Subcontractors (>5% of Work Order Price);

(viii) Signature of authorized representative of Contractor, certifying as to the accuracy of the payment request.

(f) Overdue payment obligations of District hereunder shall bear interest as set forth in the Public Contract Code.

5. COMMENCEMENT & COMPLETION

5.1. Commencement and Substantial Completion.

(a) Contractor shall perform the Work as soon as practicable following the receipt of Funding Date payment and receipt of Site title reports and as-built drawings from the District.

(b) The Contractor shall achieve Substantial Completion as set forth in Work Order. Contractor may claim a justified extension of the Substantial Completion Date if it is or will be delayed in completing the Work for one or more of the following causes:

(i) Unanticipated Conditions which directly affect the Project Milestones;

(ii) Changes in the design, scope, or schedule of the Project required by the District;

(iii) Breach of this Agreement by District;

(iv) Suspension of the Work pursuant to Section 3.8; or

(v) Force Majeure Event.

(c) The following are conditions precedent to Substantial Completion:

(i) the System is mechanically, electrically, and structurally constructed in accordance with the requirements of this Agreement, the Work and Industry Standards, except for non-critical punchlist items that do not affect operations;

(ii) District and Contractor shall have agreed on the punchlist items. For clarity purposes, the punchlist shall include final as-built drawings, operation and maintenance manuals, operation and maintenance training, and final lien waivers; and

(iii) all necessary documents have been submitted to the local public utility and all Work has been completed to the extent necessary for the local utility to issue a permission to operate.

(d) When Contractor believes it has achieved Substantial Completion, Contractor shall provide notice to District containing sufficient detail to enable District to determine that Contractor has complied fully with the requirements of Section 5.1(c). Within five (5) days after receipt of such notice, District shall either issue to Contractor the Certificate of Substantial Completion in a form similar to Exhibit F, or, if reasonable cause exists for doing so, advise Contractor by notice (stating the reasons therefore) that Substantial Completion has not been achieved. In the event District determines that Substantial Completion has not been achieved in accordance with the conditions precedent in Section 5.1(c), Contractor shall promptly take such action or perform such Work as is required to achieve Substantial Completion and shall thereupon issue to District another notice as set forth above. This procedure shall be repeated until such time as District has acknowledged Substantial Completion subject to Section 5.1(f).

(e) All punchlist items shall be completed no later than forty-five (45) Days after Substantial Completion Date. Failure of Contractor to fulfill this obligation shall entitle District to complete the pending works on its own. District shall issue final payment to Contractor minus the cost to complete remaining or incomplete punchlist items.

(f) Any dispute between District and Contractor with respect to the projected achievement of Substantial Completion as contemplated by this Section 5.1(c) shall be resolved in accordance with Section 8.6(b).

5.2. Final Completion.

(a) Final Completion of the System shall be deemed to have occurred only if:

(i) all punchlist items contemplated in Section 5.1(c)(iii) have been completed or waived;

(ii) all manuals, drawings and other documents expressly required to be delivered by Contractor hereunder, including any required by the Division of State Architect, have been delivered to District;

(iii) on-site operation and maintenance training as required has occurred;

(iv) all final Lien waivers have been obtained;

(v) a Certificate of Final Completion in a form similar to Exhibit F is duly signed by District's Representative and the Contractor's Representative; and

(vi) the local utility has provided a permission to operate.

(b) Upon Final Completion, Contractor shall submit to District a Certificate of Final Completion in a form similar to Exhibit F certifying that all of the foregoing conditions have been satisfied. District shall, within five (5) Business Days after the receipt by District of such written certificate, shall execute an acknowledgment of such certificate if Contractor has achieved Final Completion or provide written notice of Contractor's failure to achieve Final Completion. Contractor shall promptly take such action or perform

such Work as is required to achieve Final Completion and shall thereupon issue to District another notice as set forth above. This procedure shall be repeated until such time as District has acknowledged Final Completion subject to Section 5.2(c).

(c) Any dispute between District and Contractor with respect to the projected achievement of Final Completion as contemplated by this Section 5.2(a) shall be resolved in accordance with Section 8.6(b).

5.3. Inspection.

(a) All Work performed by Contractor and all Equipment shall be subject to inspection by one or more DSA inspectors hired by the District, but such right of inspection of the Work or Equipment shall not relieve Contractor of responsibility for the proper performance of the Work or Equipment to the extent provided under this Agreement. Contractor shall provide to District or District's designee access to Contractor's facility or facilities where the Work is being performed during business hours, and subject to compliance with Site safety rules and policies. District shall ensure that the inspections do not affect the normal performance of this Agreement unless Work is not in compliance with this Agreement.

(b) All Work performed by Contractor and all Equipment shall be subject to inspection by the DSA Inspector of Record ("IOR") retained by District. Contractor shall coordinate with the IOR as necessary to facilitate continuous inspection of the Work.

6. REPRESENTATIONS & WARRANTIES

Representations and Warranties of Contractor. Contractor represents and warrants to District that:

(a) Contractor is a California corporation, duly organized, validly existing, and in good standing under the laws of the State of California, and has full power to engage in the business it presently conducts and contemplates conducting, and is and will be duly licensed or qualified and in good standing under the laws of the State of California and in each other jurisdiction wherein the nature of the business transacted by it makes such licensing or qualification necessary and where the failure to be licensed or qualified would have a material adverse effect on its ability to perform its obligations hereunder. Contractor is currently, and will remain at all times relevant to this Agreement, registered with the department of Industrial Relations as a public works contractor and will only employ such subcontractors in accomplishing the Work as are similarily registered as public works contractors.

(b) Contractor has (either directly or through a Subcontractor) all the required authority, ability, skills, experience and capacity necessary to perform and shall diligently perform the Work in a timely and professional manner, utilizing sound procurement principles, project management procedures, construction procedures and supervisory procedures, all in accordance

with Industry Standards. Contractor has (either directly or through a Subcontractor) the experience and skills necessary to determine, and Contractor has reasonably determined, that Contractor can perform the Work for the Work Order Price.

(c) The execution, delivery and performance by Contractor of this Agreement will not (i) violate or conflict with any covenant, agreement or understanding to which it is a party or by which it or any of its properties or assets is bound or affected, or its organizational documents or (ii) subject the System or any component part thereof to any lien other than as contemplated or permitted by this Agreement.

(d) There are no undisclosed actions, suits, proceedings, patent or license infringements or investigations pending or, to Contractor's knowledge, threatened against it before any court or arbitrator that individually or in the aggregate could result in any materially adverse effect on the business, properties or assets or the condition, financial or otherwise, of Contractor or in any impairment of its ability to perform its obligations under this Agreement.

(e) All goods, services, equipment, parts, and materials furnished in connection with the Work related to the System are new, unused and undamaged at the time of delivery to the Site.

(f) The individual executing this Agreement on behalf of Contractor is duly authorized to execute and deliver this Agreement on behalf of Contractor and this Agreement is binding upon Contractor in accordance with its terms.

(g) District is a California public school district, duly organized, validly existing, and in good standing under the laws of the State of California, and has full legal capacity and standing to pursue its purpose (including the capacity to dispose of and encumber all of its assets) and full power to engage in the business it presently conducts and contemplates conducting.

(h) The execution, delivery and performance by District of this Agreement will not (i) violate or conflict with any covenant, agreement or understanding to which it is a party or by which it or any of its properties or assets is bound or affected, or its organizational documents or (ii) subject the System or any component part thereof or the Site or any portion thereof to any lien other than as contemplated or permitted by this Agreement.

(i) There are no undisclosed actions, suits, proceedings, patent or license infringements or investigations pending or, to District's knowledge, threatened against it before any court or arbitrator that individually or in the aggregate could result in any materially adverse effect on the business, properties or assets or the condition, financial or otherwise, of District or in any impairment of its ability to perform its obligations under this Agreement.

(j) District will exercise commercially reasonable efforts to procure funding for the Project within 365 days of the Effective Date.

(k) District has proof of funds, to the satisfaction of the Contractor, that are necessary from time to time to pay Contractor the Work Order Price in accordance with the terms of this Agreement.

(l) The individual executing this Agreement on behalf of District is duly authorized to execute and deliver this Agreement on behalf of District and this Agreement is binding upon District in accordance with its terms.

7. BREACH & TERMINATION

7.1 If Contractor fails to perform Contractor's material duties as required by this Contract, or if Contractor fails to fulfill in a timely and professional manner Contractor's material obligations under this Contract, or if Contractor shall violate any of the material terms or provisions of this Contract, and any such failure is not excused by the terms of this Contract, the District shall have the right to terminate this Contract, in whole or in part, unless either

(a) Such failures and violations are caused by the District or

(b) Such failures and violations are cured by Design/Builder to the District's reasonable satisfaction within fourteen (14) days of written notice by the District thereof to the Contractor; provided, that if a cure cannot be effected within such fourteen (14) days and Design-Builder has commenced a cure within such period of time and continues diligent pursuit of such cure, the Design/Builder shall have a reasonable period to complete such cure to the District's reasonable satisfaction.

In the event of a termination pursuant to this subdivision, Contractor may invoice District for all Services performed until the notice of termination, but District shall have the right to withhold payment and deduct any amounts equal to the District's costs because of Contractor's actions, errors, or omissions that caused the District to terminate the Contractor.

7.2 District shall have the right in its sole discretion to terminate the Contract, in whole or in part, for its own convenience. In the event of a termination for convenience, Contractor may invoice District and District shall pay all undisputed invoice(s) for recoverable costs for Work performed until the date of termination that Contractor cannot mitigate with diligent efforts. In the event that District terminates this Contract as provided in this subsection and there are no known potential claims related to Contractor's Work, District shall, within fourteen (14) Days after the date of termination, release the Performance and Payment Bonds, although the Surety on Performance and Payment Bonds shall remain liable as indicated herein for all Contractor's Work performed until the date of termination.

7.3 Except as indicated in this Article, termination shall have no effect upon any of the rights and obligations of the Parties arising out of any transaction occurring prior to the effective date of such termination.

7.4 The Contractor has the right to terminate this Contract if the District does not fulfill its material obligations under this Contract unless either

7.4.1 Such failures and violations are caused by the Contractor or

7.4.2 Such failures and violations are cured by District within fourteen (14) days of written notice by the Contractor thereof to the District; provided, that if a

cure cannot be effected within such fourteen (14) days and District has commenced a cure within such period of time and continues diligent pursuit of such cure, the District shall have a reasonable period to complete such cure.

Contractor may invoice District and District shall pay all undisputed invoice(s) for Services performed until the Contractor's notice of termination.

7.5 The District has the right to suspend, in whole or in part, the Project. If the District suspends the Project for more than one hundred and twenty (120) consecutive days, the Contractor shall be compensated for Services performed prior to notice of that suspension. When the Project is resumed, the Project Schedule shall be adjusted and the Contractor's compensation shall be equitably adjusted to provide for expenses incurred associated with the suspension and in the resumption of the Contractor's Services. If the District suspends the Project for more than two (2) years, the Contractor may terminate this Contract by giving written notice.

8 Indemnity.

(a) Contractor To the furthest extent permitted by California law, Designer/Builder shall defend, indemnify, and hold harmless the District, its trustees, members, agents, representatives, officers, consultants, employees, and volunteers (the "indemnified parties") from any and all demands, losses, liabilities, claims, suits, and actions (the "claims") of any kind, nature, and description, including, but not limited to, attorneys' fees and costs, directly or indirectly arising from personal or bodily injuries, death, property damage, or otherwise arising out of, connected with, or resulting from the performance of this Contract to the extent the claims are caused by the negligence, recklessness, or willful misconduct of Designer/Builder. The District shall have the right to accept or reject any legal representation that Designer/Builder proposes to defend the District. However, such acceptance shall not be unreasonably withheld. This indemnification, defense, and hold harmless obligation includes any failure or alleged failure by Designer/Builder to comply with any provision of law, any failure or alleged failure to timely and properly fulfill all of its obligations under the Contract in strict accordance with their terms, and without limitation, any stop payment notice actions or liens, including liens by the California Department of Labor Standards Enforcement.

(b) Each Party shall indemnify, defend and hold the other Party, and its present and future governing board members, administrators, direct and indirect parents, subsidiaries and Affiliates and their directors, officers, shareholders, employees, agents and representatives harmless from and against any and all claims, actions, suits, proceedings, losses, liabilities, penalties, damages, costs or expenses (including attorneys' fees and disbursements) of any kind whatsoever arising from (a) actual or alleged infringement or misappropriation by such Party (or in the case of Contractor, any Subcontractor) of any patent, copyright, trade secret, trademark, service mark, trade name, or other intellectual property right in connection with the System, including without limitation, any deliverable, (b) such Party's (and in the case of Contractor, any Subcontractor's) violation of any third-party license to use intellectual property in connection

with the Work, including, without limitation, any deliverable. District shall indemnify, defend and hold Contractor and its present and future direct and indirect parents, subsidiaries and Affiliates and their directors, officers, shareholders, employees, agents and representatives harmless from against any and all claims, actions, suits, proceedings, losses, liabilities, penalties, damages, costs or expenses (including attorneys' fees and disbursements) of any kind whatsoever arising from the challenge to the procedures under which this Agreement was approved by the District. Notwithstanding the foregoing, the indemnification obligations of Contractor set forth in this Section 8 (c) shall not apply when the claim of infringement arises from a particular design, process or product of a particular manufacturer or manufacturers that Contractor is directed by District to use in connection with the Contract Documents, unless the Contractor has reason to believe there is an infringement of such intellectual property right.

(c) If any claim is brought against a Party (the "Indemnified Party") that gives rise to a potential indemnity claim under this Section 7.3, then the Indemnified Party shall give written notice of said claim to the other Party (the "Indemnifying Party"). Upon receipt of written notice of the claim, the Indemnifying Party shall be entitled to participate in, and, unless in the opinion of counsel for the Indemnifying Party a conflict of interest between the Parties may exist with respect to such claim, assume the defense of such claim, with counsel reasonably acceptable to the Indemnified Party.

9 Limitations of Liability.

No Consequential Damages. IN NO CIRCUMSTANCES SHALL THE CONTRACTOR OR DISTRICT OR ANY OF THEIR RESPECTIVE OFFICERS, MEMBERS OR EMPLOYEES BE LIABLE FOR PUNITIVE, CONSEQUENTIAL OR EXEMPLARY DAMAGES OF ANY NATURE INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOST PROFITS OR REVENUES OR THE LOSS OF USE OF SUCH PROFITS OR REVENUE, LOSS BY REASON OF PLANT SHUTDOWN OR INABILITY TO OPERATE AT RATED CAPACITY, COSTS OF REPLACEMENT POWER OR CAPITAL, DEBT SERVICE FEES OR PENALTIES, INVENTORY OR USE CHARGES, DAMAGES TO REPUTATION, DAMAGES FOR LOST OPPORTUNITIES, REGARDLESS OF WHETHER SAID CLAIM IS BASED UPON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE AND STRICT LIABILITY) OR OTHER THEORY OF LAW. NOTWITHSTANDING THE FOREGOING, THE LIMITATIONS ON PARTIES' LIABILITY FOR CONSEQUENTIAL, DAMAGES IN THIS SECTION SHALL NOT APPLY TO THE PARTIES' RESPECTIVE INDEMNITY OBLIGATIONS AS SET FORTH IN THIS AGREEMENT FOR SUCH DAMAGES WHEN SUCH DAMAGES ARE SOUGHT BY THIRD PARTIES.

10 MISCELLANEOUS

10.1 Representatives.

10.1.1 District Representative. District designates, and Contractor agrees to accept the Aaron Kerrigan, Director of Facilities and Operations, or his designee, as District Representative for all matters relating to Contractor's performance of the Work. The actions taken by District Representative

regarding such performance shall be deemed the acts of District and shall be fully binding for District. District may, upon written notice to Contractor, pursuant to Section 10.1.4 hereof, change the designated District Representative.

10.1.2 Contractor Representative. Contractor designates, and District agrees to accept, Stan Butts as Contractor Representative for all matters relating to Contractor's performance under this Agreement. The actions taken by Contractor Representative shall be deemed the acts of Contractor and shall be fully binding for Contractor. Contractor may, upon written notice to District, pursuant to Section 10.1.4 hereof, change the designated Contractor Representative.

10.1.3 Power of Representatives. The Parties shall vest their Representatives with sufficient powers to enable them to assume the obligations and exercise the rights of Contractor or District, as applicable, under this Agreement.

10.1.4 Notices to Representative. All amendments, Change Orders, notices and other communications between Contractor and District contemplated herein shall be delivered in writing and otherwise in accordance with Section 10.6.

10.2 Ownership of Plans, Data, Reports and Material.

10.2.1 Subject to Sections 8.3(c), Contract Documents developed by Contractor under this Agreement shall become the property of District when prepared and shall be delivered to District upon completion of the Work; provided that nothing in the foregoing shall impair, alter or otherwise affect Contractor's proprietary rights in its patents, products or other intellectual property.

10.2.2 Any additional inventions or intellectual property created during performance of this Agreement shall be owned by Contractor.

10.2.3 Contractor further agrees to grant and hereby grants to District an irrevocable, non-exclusive, royalty-free license under all patents, copyrights and other proprietary information of Contractor related to the Work now or hereafter owned or controlled by Contractor to the extent reasonably necessary for the operation, maintenance or repair of the System or any subsystem or component thereof designed, specified, or constructed by Contractor under this Agreement. No other license in such patents and proprietary information is granted pursuant to this Agreement.

10.3 Governing Law.

The formation, interpretation and performance of this Agreement shall be governed by and construed in accordance with the laws of the State of California. In the event of any Dispute that is not resolved pursuant to Section 8.6, the Parties hereto agree to submit to the jurisdiction of any court of competent jurisdiction within Sacramento County, California and shall comply with all requirements necessary to give such court jurisdiction.

10.4 Force Majeure.

Contractor shall promptly notify District in writing of any delay or anticipated delay in Contractor's performance of this Agreement due to a Force Majeure Event, and the reason for and anticipated length of the delay. Contractor shall deliver such notice as soon as reasonably practicable, but in any event within forty-eight (48) hours of Contractor's becoming aware of such delay. Contractor shall be excused for any delays or defaults in the performance of its obligations under this Agreement that are the result of a Force Majeure Event. Contractor shall be entitled to a reasonable extension of time for delays due to a Force Majeure Event; provided that any Work done or materials furnished by Contractor in restoring or rebuilding the System due solely to a Force Majeure event will be paid for by District as an approved Change Order pursuant to Section 4.1.

10.5 Dispute Resolution.

In the event of a dispute between the Parties as to performance of the Work, the interpretation of this Contract, or payment or nonpayment for work performed or not performed, the Parties shall attempt to resolve the dispute by those procedures set forth in Public Contract Code section 20104 et seq., if applicable. Pending resolution of the dispute, Designer/Builder agrees it will neither rescind the Contract nor stop the progress of the Work but will allow determination by the court of the State of California, in the county in which the District's administration office is located, having competent jurisdiction of the dispute. All claims of over $375,000, which are outside the scope of Public Contract Code section 20104, et seq., may be determined by independent arbitration if mutually agreeable, otherwise by litigation.

10.5.1 Notice of the demand for arbitration of a dispute shall be filed in writing with the other party to the Contract.

10.5.2 The demand for arbitration of any claim of over $375,000 shall be made within a reasonable time after written notice of the dispute has been provided to the other party, but in no case longer than ninety (90) days after initial written notice, and the demand shall not be made later than the time of Designer/Builder submission of the request for final payment.

10.5.3 Prior to Designer/Builder's initiation of any litigation or proceeding to recover any money damages under this Contract, Design/Builder must first comply with the claims presentation requirements set forth in California Government Code Section 900 et seq.

10.6 Notices and Demands.

Any notice, request, demand or other communication required or permitted under this Agreement, shall be deemed to be properly given by the sender and received by the addressee if made in writing (a) the same day if personally delivered; (b) three (3) days after deposit in the mail if mailed by certified or registered air mail, post prepaid, with a return receipt requested; or (c) the same day if sent by facsimile or electronic mail with confirmation. Mailed notices, facsimile notices or electronic notices shall be addressed as follows to:

District:

Name:	San Leandro Unified School District

E-mail:	sbutts@ies-hvac.com

10.7 Nondisclosure.

To the extent permitted by law, whichever Party receives confidential information (the "Receiving Party") from the other Party (the "Disclosing Party") shall not use for any purpose other than performing the Work under this Agreement or divulge, disclose, produce, publish, or permit access to, without the prior written consent of the Disclosing Party, any such information of the Disclosing Party. Confidential Information includes, without limitation, all information or materials prepared in connection with the Work performed under this or any related subsequent Agreement, designs, drawings, specifications, techniques, models, data, documentation, source code, object code, diagrams, flow charts, research, development, processes, procedures, know-how, manufacturing, development or marketing techniques and materials, development or marketing timetables, strategies and development plans, personnel names and other information related to Contractor, Suppliers, personnel, pricing policies and financial information, and other information of a similar nature, whether or not reduced to writing or other tangible form, and any other trade secrets. Confidential information does not include (a) information known to the Receiving Party prior to obtaining the same from the Disclosing Party; (b) information in the public domain at the time of disclosure by the Receiving Party; or (c) information obtained by the Receiving Party from a third party who did not receive same, directly or indirectly, from the Disclosing Party. The Receiving Party shall use the standard of care that the Receiving Party uses to preserve its own confidential information or a reasonable standard of care to prevent unauthorized use or disclosure of such confidential information. Notwithstanding anything herein to the contrary, the Receiving Party has the right to disclose Confidential Information without the prior written consent of the Disclosing Party: (i) as required by any court or other Governmental Authority, or by any stock exchange upon which the shares of any Party are listed, (ii) as otherwise required by law, (iii) as advisable or required in connection with any government or regulatory filings, including without limitation, filings with any regulating authorities covering the relevant financial markets, (iv) to its attorneys, accountants, financial advisors or other agents, in each case bound by confidentiality obligations, (v) to

banks, investors and other financing sources and their advisors, in each case bound by confidentiality obligations; or (vi) in connection with an actual or prospective merger or acquisition or similar transaction where the party receiving the Confidential Information is bound by confidentiality obligations. If a Receiving Party believes that it will be compelled by a court or other Governmental Authority to disclose confidential information of the Disclosing Party, it shall give the Disclosing Party prompt written notice, and in all cases not less than five (5) Business Days' notice in advance of disclosure, so that the Disclosing Party may determine whether to take steps to oppose such disclosure. Notwithstanding the foregoing, Contractor acknowledges that this Agreement, once fully executed and approved by the District's Board of Trustees, is public information, subject to release in response to public information requests under California Government Code § 6250 et seq. (Public Records Act). District shall use reasonable efforts to prevent or limit disclosure of the Confidential Information.

10.8 Time of Essence.

Time is expressly agreed to be of the essence of this Agreement and each, every and all of the terms, conditions and provisions herein.

10.9 Validity.

The provisions contained in each section, subsection and clause of this Agreement shall be enforceable independently of each of the others and their validity shall not be affected if any of the others are invalid. If any of those provisions is void but would be valid if some part of the provision were deleted, the provision in question shall apply with such modification as may be necessary to make it valid. The Parties shall, if necessary, negotiate in good faith and make any necessary amendments to ensure the enforceable terms of this Agreement reflect the true intent of the Parties as of the date of execution of this Agreement.

10.10 Binding Effect.

This Agreement shall be binding on the Parties hereto and on their respective permitted successors, heirs and assigns.

10.11 Modifications.

No oral or written amendment or modification of this Agreement by any administrator, Board member, officer, agent or employee of Contractor or District, either before or after execution of this Agreement, shall be of any force or effect unless such amendment or modification is in writing and is signed by any duly authorized representative of both Parties to be bound thereby.

10.12 Headings.

The headings in this Agreement are for convenience of reference only and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

10.13 Counterparts; Signature Pages.

This Agreement may be executed in counterparts which, taken together, shall constitute a single instrument. Facsimile and other electronically transmitted signature pages shall be effective to bind a Party to this Agreement.

10.14 Announcements and Publications.

Contractor shall coordinate with District with respect to, and provide advance copies to District for review of, the text of any proposed announcements or publications that include any non-public information concerning the Work prior to the dissemination thereof to the public or to any Person other than Subcontractors or advisors of Contractor, in each case, who agree to keep such information confidential. If District delivers written notice to Contractor rejecting any such proposed announcement or publication within two (2) Business Days after receiving such advance copies, the Contractor shall not make such public announcement or publication; provided, however, that Contractor may disseminate or release such information in response to requirements of Governmental Authority.

10.15 Complete Agreement.

This Agreement together with the Exhibits hereto completely and exclusively states the agreement of the Parties regarding its subject matter and its terms govern, all prior proposals, agreements, or other communications between the Parties, oral or written, regarding such subject matter. No oral agreement or conversation with any officer or employee of either Party or any or all prior proposals shall affect or modify any of the terms and conditions of this Agreement. This Agreement shall not be modified except by written amendment signed on behalf of the District and Contractor by their duly authorized representatives. Any purported oral amendment to the Agreement shall have no effect.

10.16 No Agency.

This Agreement is not intended, and shall not be construed, to create any association, joint venture, agency relationship or partnership between the Parties or to impose any such obligation or liability upon either Party. Neither Party shall have any right, power or authority to enter into any agreement or undertaking for, or act as or be an agent or representative of, or otherwise bind, the other Party.

10.17 Priority of Documents.

In the event of conflicting provisions between any of the Contract Documents, the provisions shall govern in the following priority: first, duly executed amendments to this Agreement (to the extent not superseded by a subsequent amendment); second, this Agreement; third, Work Order in Exhibit C, and fourth, the other Contract Documents.

10.18 Assignment.

No Party shall be entitled to assign or subcontract this Agreement or any of its rights or obligations under this Agreement, nor shall it enter into any transaction as a result of which it may transfer, assign, charge or dispose by any title of any of those rights and obligations, without the prior written consent of the other Party, which shall not be unreasonably withheld, provided that Contractor may subcontract that portion of the Work to Subcontractors. Notwithstanding the foregoing, (i) without the consent of the Contractor, District shall be entitled to assign its right, title and interest in and to this Agreement (and,

in particular, any rights arising in relation to any insurance policy and any other right to collect any amount from Contractor) to any lenders by way of security for the performance of obligations to such lenders; (ii) without consent of the District, Contractor shall be entitled to assign its right, obligation, title and interest in and to this Agreement in connection with a merger or acquisition of Contractor; and (iii) without consent of District, Contractor shall be entitled to assign its right, obligation, title and interest in and to this Agreement to an Affiliate of the Contractor.

10.19 No Waiver.

Either Party's failure to enforce any provision of this Agreement of the waiver thereof in a particular instance shall not be construed as a general waiver of any part of such provision. The provision shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties hereto have duly executed and delivered this Agreement as of the date set forth above.

SAN LEANDRO UNIFIED ELEMENTARY SCHOOL DISTRICT
a school district organized and existing under the laws of the State of California

By: _____
Name: Aaron Kerrigan
Title: Director of Facilities and Operations

Famand, Inc.,
A California corporation, (dba) Indoor Environmental Services

By: _____

Name: Stan Butts
Title: President
Contractor's License #: 646794

EXHIBIT A
DEFINITIONS

"Affiliate" of a specified Person means any Person that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with, such specified Person. As used in this definition of Affiliate, the term "control" of a specified Person including, with correlative meanings, the terms, "controlled by" and "under common control with," means (a) the ownership, directly or indirectly, of 50% or more of the equity interest in a Person or (b) the power to direct or cause the direction of the management and policies of a Person, whether through ownership of voting securities, by contract or otherwise.

"Agreement" shall have the meaning set forth in the preamble.

"Applicable Law" shall mean, with respect to any Governmental Authority, any constitutional provision, law, statute, rule, regulation, ordinance, treaty, order, decree, judgment, decision, certificate, injunction, registration, license, permit, authorization, guideline, governmental approval, consent or requirement of such Governmental Authority, as construed from time to time by any Governmental Authority.

"Applicable Permits" " means those permits identified as the responsibility of Contractor as determined in Exhibit C.

"Authority Having Jurisdiction (AHJ)" means those local, state, or federal entities having regulatory authority over a specific aspect of the Project, such as building officials, Department of State Architecture, and fire departments.

"Business Day" means Mondays to Fridays, except such days on which banks are permitted or required to close in California.

"Certificate of Substantial Completion" shall mean a document in similar form to Exhibit F.

"Certificate of Final Completion" shall mean a document in similar form to Exhibit F.

"Change" shall means any addition to, deletion from, suspension of, or other modification to the quality, function, or intent of the Work, including without limitation any such addition, deletion, suspension, or other modification that effects a change in the scope of the Work. An "Unanticipated Condition" as defined in Section 2.4 hereof, experienced by Contractor during the course of the Work is included within the definition of "Change".

"Change Order" shall mean a written document signed by District and Contractor to adjust the Work Order Price or Construction Schedule as a result of a Change issued after execution of this Agreement.

"Commencement of Work" shall mean the commencement of Work for each Work Order.

"Construction Schedule" shall mean the schedule for implementation of the Work as determined by the Contractor to meet the Project Milestones as set forth on Exhibit C.

"Construction Documents" shall mean construction documents prepared by Contractor and approved by District.

"Contract Documents" shall mean this Agreement and Exhibits hereto, and drawings, specifications, plans, calculations, models and designs that are part of this Agreement and the Construction Documents prepared by Contractor and approved by District.

"Contractor" shall have the meaning set forth in the preamble.

"Contractor Representative" shall mean the individual designated by the Contractor in accordance with Section 7.1(b).

"DSA" means the Division of the State Architect

"Day" means calendar day unless it is specified that it means a "Business Day".

"Disclosing Party" shall have the meaning set forth in Section 7.7.

"Dispute" shall have the meaning set forth in Section 7.5(a).

"District" shall have the meaning set forth in the Preamble to this Agreement.

"District Permits" means those permits identified as the responsibility of District in Exhibit C.

"District's Representative" shall mean the individual designated by District in accordance with Section 7.1(a).

"Dollar" and "$" shall mean the lawful currency of the United States of America.

"Effective Date" shall mean the date first set forth in the preamble.

"Environmental Attributes" means all environmental and other attributes that differentiate the System or the energy generated by fossil-fuel based generation units, fuels or resources, characteristics of the System that may result in the avoidance of environmental impacts on air, soil or water, such as the absence of emission of any oxides of nitrogen, sulfur or carbon or of mercury, or other gas or chemical, soot, particulate matter or other substances attributable to the System or the compliance of the System or the energy output with the law, rules and standards of the United Nations Framework Convention on Climate Change (the "UNFCCC") or the Kyoto Protocol to the UNFCCC or crediting "early action" with a view thereto, or laws or regulations involving or administered by the Clean Air Markets Division of the Environmental Protection Agency or successor administrator or any state or federal entity given jurisdiction over a program involving transferability of Environmental Attributes and Reporting Rights.

"Environmental Incentives" means all rights, credits (including tax credits), grants, rebates, benefits, reductions, offsets and allowances and entitlements of any kind, howsoever entitled or named (including carbon credits and allowances), whether arising under federal, state or local law, international treaty, trade association membership or the like arising from the Environmental Attributes of the System on each Site or the energy output or otherwise from the development, construction, installation or ownership of the System on each Site or the production, sale, purchase, consumption or use of the energy output from each Site. Without limiting the forgoing, "Environmental Incentives" includes green tags, renewable energy credits, grants, tradable renewable certificates, portfolio energy credits, the right to apply for (and entitlement to receive) incentive programs offered by the State of California and the right to claim federal income tax credits under Section 45 or 48 of the Code as such credits are available arising from the Environmental Attributes of the system on each Site or the energy output or otherwise from the

development, construction, installation or ownership of the System on each Site or the production, sale, purchase, consumption or use of the energy output from each Site.

"Equipment" shall mean (a) all materials, supplies, apparatus, machinery, equipment, parts, tools, components, instruments, appliances, spare parts and appurtenances thereto that are required for prudent design, construction or operation of the System in accordance with Industry Standards and (b) all materials, supplies, apparatus, machinery, equipment, parts, tools, components, instruments, appliances, spare parts and appurtenances thereto described in, required by, reasonably inferable from or incidental to the Work or the Contract Documents.

"Excusable Delay" shall mean a Delay outside of Contractor's control that prevents Contractor from achieving the Commercial Operation Date for any System in accordance with the Project Schedule, and to the extent that such Delay adversely affects the Work such that the performance of the Work is prevented or delayed, Contractor shall be entitled to an adjustment in the Construction Schedule and deadlines of this Agreement. For purposes of this Agreement, an Excusable Delay shall include any of the following events:

(a) an act or failure to act of, or other delay caused by, or negligence of, District or its agents or employees;

(b) changes in the design, scope or schedule of the Project unilaterally required by the District;

(c) the suspension of Work in whole or in part by District;

(d) labor disputes, fire, vandalism, delay in manufacturing and deliveries;

(e) adverse weather conditions not reasonably anticipated and in excess of 150% of the normal weather (*e.g.,* rain, snow, sleet) for the local geographic area for the past ten (10) years as measured in a given month;

(f) unforeseen conditions at any Site, including discovery or existence of Hazardous Substances;

(g) the occurrence of a Force Majeure, or other unavoidable casualties or other causes beyond Contractor's control;

(h) the failure to obtain any Utility Interconnection Agreement, permission to operate, Applicable Permit, CEQA/NEPA approval or approval of a Governmental Authority or delays caused by changes and/or modifications to the Scope of Work as required by any Governmental Authority having jurisdiction over the Project;

(i) any equipment or material delays caused by suppliers or vendors;

(j) adverse changes to regulatory requirements;

(k) any breach of this Agreement or the Utility Interconnection Agreement or any information provided to the Contractor by District or Utility is inaccurate or incomplete; or

(l) any other cause outside Contractor's control after Contractor's best efforts to mitigate that delay, to the extent that Contractor is able to mitigate such delay, provided that a failure to perform of Contractor's subcontractors' shall not be an Excusable Delay, unless such subcontractors are unable to perform the Work as a result of any of the events described in this definition of "Excusable Delay".

"Facility" shall mean any and all properties of the District upon which the System shall be constructed or to which the System shall be connected, including land, buildings, structures, equipment, and electrical tie-in points.

"Final Completion" shall mean satisfaction or waiver of all of the conditions for completion of that portion of the System applicable to a particular Work Order as set forth in Section 4.2.

"Force Majeure Event" shall mean, when used in connection with the performance of a Party's obligations under this Agreement, any act or event (to the extent not caused by such Party or its agents or employees) which is reasonably unforeseeable, or being reasonably foreseeable, reasonably unavoidable (including by taking prudent protective and preventative measures) and outside the control of the Party which invokes it, and which renders said Party unable to comply totally or partially with its obligations under this Agreement. In particular, any of the following shall be considered a Force Majeure Event:

10.19.1 war (whether or not war is declared), hostilities, revolution, rebellion, insurrection against any Governmental Authority, riot, terrorism, acts of a public enemy or other civil disturbance;

10.19.2 acts of God, including but not limited to, unusually severe storms, floods, lightning, earthquakes, hailstorms, ice storms, tornados, typhoons, hurricanes, landslides, volcanic eruptions, winds in excess of ninety (90) miles per hour, and objects striking the earth from space (such as meteorites) sabotage or destruction by a third party (other than any contractor retained by or on behalf of the Party) of FACILITY and equipment relating to the performance by the affected Party of its obligations under this Agreement;

10.19.3 strikes, walkouts, lockouts or similar industrial or labor actions or disputes, in each case of a regional or national nature;

10.19.4 changes in Applicable Law after the Effective Date that materially impact a Party's ability to perform under this Agreement; and

10.19.5 acts of any Governmental Authority that materially restrict or limit Contractor's access to the Site.

"Contract Approval Date" shall mean the date that District has approved this Agreement.

"Governmental Authority" shall mean any national, autonomic, regional, province, town, city, or municipal government, or other administrative, regulatory or judicial body of any of the foregoing.

"Hazardous Material" shall mean oil or petroleum and petroleum products, asbestos and any asbestos containing materials, radon, polychlorinated biphenyl's ("PCBs"), urea formaldehyde insulation, lead paints and coatings, and all of those chemicals, substances, materials, controlled

substances, objects, conditions and waste or combinations thereof which are now listed, defined or regulated in any manner by any federal, state or Applicable Law.

"Indemnified Party" shall have the meaning set forth in Section 6.3(d).

"Indemnifying Party" shall have the meaning set forth in Section 6.3(d).

"Industry Standards" shall mean those standards of care and diligence normally practiced by a majority of engineering, construction and installation firms in performing services of a similar nature in jurisdictions in which the Work will be performed and in accordance with good construction practices, Applicable Permits, and other standards established for such Work.

"Manufacturer Warranty" shall have the meaning set forth in Exhibit C.

"Party" shall mean, individually, each of the parties to this Agreement.

"Performance Tests" means, the tests of the System, as more particularly described in Exhibit C.

"Person" shall mean any individual, corporation, partnership, company, joint venture, association, trust, unincorporated organization or Governmental Authority.

"Project" shall mean the entirety of Work to be performed by Contractor pursuant to the terms and conditions of the Work and any Change Orders.

"Receiving Party" shall have the meaning set forth in Section 7.7.

"Representatives" shall mean the Contractor Representative and the District Representative and

"School District" shall have the meaning set forth in preamble.

"Site" shall have the meaning set forth in the first recital, and is more fully described in Exhibit C. An individual Site shall mean any area of a property owned by the District upon which a System is constructed.

"Subcontractor" shall mean any Person, other than Contractor and Suppliers, retained by Contractor to perform any portion of the Work (including any Subcontractor of any tier) in furtherance of Contractor's obligations under this Agreement.

"Substantial Completion" shall mean satisfaction or waiver of all of the conditions for completion of that portion of the System applicable to a particular Work Order as set forth in Section 5.1(c).

"Substantial Completion Date" shall mean the actual date on which the Substantial Completion of the System, as defined in Section 5.1(c), has occurred.

"Suppliers" shall mean those Equipment suppliers with which Contractor contracts to build the System.

"System" shall have the meaning ascribed in the Recitals to this Agreement.

"Technical Dispute" shall have the meaning set forth in Section 7.5(b).

"Third Party" shall have the meaning of any persons or entity not affiliated with Contractor or District.

"Unanticipated Condition" shall have the meaning set forth in Section 2.4.

"Work" shall mean all obligations, duties, and responsibilities assigned to or undertaken by Contractor and described in Exhibit C with respect to the System.

"Work Order" shall mean the assigned Work for each Site as described in Exhibit C.

"Work Order Price" shall mean the amount for performing the Work that is payable to Contractor as set forth in Section 3.2, as the same may be modified from time to time in accordance with the terms hereof, and as described in Exhibit C.

FINGERPRINTING / CRIMINAL BACKGROUND INVESTIGATION CERTIFICATION

The undersigned does hereby certify to the governing board of the _____ as follows:

That I am a representative of the Contractor currently under contract ("Contract") with the _____; that I am familiar with the facts herein certified, and am authorized and qualified to execute this certificate on behalf of Contractor.

Contractor certifies that it has taken at least one of the following actions with respect to the construction Project that is the subject of the Contract (check all that apply):

____ The Contractor has complied with the fingerprinting requirements of Education Code section 45125.1 with respect to all Contractor's employees and all of its subcontractors' employees who may have contact with _____ pupils in the course of providing Services pursuant to the Contract, and the California Department of Justice has determined that none of those employees has been convicted of a felony, as that term is defined in Education Code section 45122.1. A complete and accurate list of Contractor's employees and of all of its subcontractors' employees who may come in contact with _____ pupils during the course and scope of the Contract is attached hereto; and/or

____ Pursuant to Education Code section 45125.2, Contractor has installed or will install, prior to commencement of Work, a physical barrier at the Work Site, that will limit contact between Contractor's employees and _____ pupils at all times; and/or

____ Pursuant to Education Code section 45125.2, Contractor certifies that all employees will be under the continual supervision of, and monitored by, an employee of the Contractor who the California Department of Justice has ascertained has not been convicted of a violent or serious felony. The name and title of the employee who will be supervising Contractor's employees and its subcontractors' employees is

Name: _____
Title: _____

____ The Work on the Contract is at an unoccupied Site and no employee and/or subcontractor or supplier of any tier of Contract shall come in contact with the _____ pupils.

Contractor's responsibility for background clearance extends to all of its employees, Subcontractors, and employees of Subcontractors coming into contact with _____ pupils regardless of whether they are designated as employees or acting as independent contractors of the Contractor.

(EXHIBIT B-2)

DRUG-FREE WORKPLACE / TOBACCO-FREE ENVIRONMENT CERTIFICATION

Government Code section 8350 et seq., the Drug-Free Workplace Act of 1990, requires that every person or organization awarded a contract or grant for the procurement of any property or service from any state agency must certify that it will provide a drug-free workplace by doing certain specified acts. In addition, the Act provides that each contract or grant awarded by a state agency may be subject to suspension of payments or termination of the contract or grant, and the contractor or grantee may be subject to debarment from future contracting, if the contracting agency determines that specified acts have occurred. The _____ is not a "state agency" as defined in the applicable section(s) of the Government Code, but the _____ is a local agency and public school _____ under California law and requires all contractors on _____ projects to comply with the provisions and requirements of Government Code section 8350 et seq., the Drug-Free Workplace Act of 1990. Contractor shall certify that it will provide a drug-free workplace by doing all of the following:

1 Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the person's or organization's workplace and specifying actions which will be taken against employees for violations of the prohibition;

2 Establishing a drug-free awareness program to inform employees about all of the following:

a. The dangers of drug abuse in the workplace.
b. The person's or organization's policy of maintaining a drug-free workplace.
c. The availability of drug counseling, rehabilitation, and employee-assistance programs.
d. The penalties that may be imposed upon employees for drug abuse violations.

3 Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required above, and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I understand that if the _____ determines that I have either (a) made a false certification herein, or (b) violated this certification by failing to carry out the requirements of section 8355, that the Contract awarded herein is subject to termination, suspension of payments, or both. I further understand that, should I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of section 8350 et seq.

I acknowledge that I am aware of the provisions of Government Code section 8350 et seq. and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990.

In addition, and pursuant to, without limitation, 20 U.S.C section 6083, Labor Code section 6400 et seq., Health & Safety Code section 104350 et seq. and _____ Board Policies, all _____ sites, including the Sites, are tobacco-free environments. Smoking and the use of tobacco products by all persons is prohibited on or in _____ property. _____ property includes school buildings, school grounds, school owned vehicles and vehicles owned by others while on _____ property. I acknowledge that I am aware of

the _____'s policy regarding tobacco-free environments and hereby certify that I will adhere to the requirements of that policy and not permit any of my firm's employees, agents, subcontractors, or my firm's subcontractors' employees or agents to use tobacco and/or smoke on the Sites.

(EXHIBIT B-3)
EXCLUSION OF LEAD AND ASBESTOS PRODUCTS

PROJECT TITLE:

OWNER: San Leandro Unified School District

Pursuant to the provisions of the California Education Code for construction, modernization, or renovation of school facilities, lead based paint, lead plumbing, and solders, or other potential sources of lead contamination shall not be utilized in the construction of any new school facility or the modernization or renovation of any existing school facility.

The Contractor agrees that sources and potential sources of lead contamination, whether in products or materials, will not be used in performing work under the Agreement.

In addition, the Contractor agrees that asbestos containing products or materials will not be used in performing work under the Agreement.

At completion of work under the Agreement, the Contractor will warrant and represent to the Owner the following:

1. That no asbestos containing products or materials, or sources or potential sources of lead contamination, were used in performing work under the Agreement.

2. That should any asbestos containing products, or sources or potential sources of lead contamination, be found to have been used by the Contractor or any subcontractor, supplier, or vendor on the Project, the Contractor will replace them, together with all related materials, at no cost to the Owner.

3. That should the replacement require any interruption in the normal operation of the school, the Contractor will pay all costs necessarily incurred to keep the school functioning with the least possible disruption to its day-to-day operations.

Executed at , California, on , 20 .

GUARANTEE

PROJECT TITLE:

OWNER: San Leandro Unified School District

We guarantee that the construction work described above has been performed in accordance with, and complies with, the Contract Documents. We agree to repair or replace any or all of the work, together with any other adjacent work which may be required in connection with it, that may prove to be defective in workmanship or material within a period of one year from the date of acceptance of the project by Owner and the filing of the final verified report with the Division of State Architect (DSA), ordinary wear and tear excepted.

In the event of our failure to comply with these conditions within the applicable time frame as determined by Owner pursuant to the Contact Documents, in no event later than one week after being notified in writing by Owner, we authorize Owner to proceed to have the defects repaired at our expense, for which we will pay the costs and charges upon demand.

WORKERS' COMPENSATION CERTIFICATE

PROJECT TITLE:

OWNER: San Leandro Unified School District

Labor Code Section 3700 provides:

"Every employer except the state shall secure the payment of compensation in one or more of the following ways:

“(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.

“(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure either as an individual employer, or as one employer in a group of employers, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his or her employees.

“(c) For any county, city, city and county, municipal corporation, public district, public agency, or any political subdivision of the state, including each member of a pooling arrangement under a joint exercise of powers agreement (but not the state itself), by securing from the Director of Industrial Relations a certificate of consent to self-insure against workers' compensation claims, which certificate may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to administer workers' compensation claims properly, and to pay workers' compensation claims that may become due to its employees. On or before March 31, 1979, a political subdivision of the state which on December 31, 1978, was uninsured for its liability to pay compensation, shall file a properly completed and executed application for a certificate of consent to self-insure against workers' compensation claims. The certificate shall be issued and be subject to the provisions of Section 3702."

I am aware of the provisions of Labor Code Section 3700 which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing and during the performance of the work on this Project.

(EXHIBIT B-6)
PAYMENT BOND

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the , (referred to as “Owner"), has awarded to (referred to as the "Contractor/ Principal") a contract for the work described as follows: .

WHEREAS, Contractor/Principal is required by Division 4, Part 6, Title 3, Chapter 5 (commencing at Section 9550) of the California Civil Code to furnish a bond in connection with the contract;

NOW, THEREFORE, we, the Contractor/Principal and as Surety, are held firmly bound unto Owner in the penal sum of Dollars ($), lawful money of the United States of America for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if the Contractor/Principal, his/her or its heirs, executors, administrators, successors, or assigns, or a subcontractor, shall fail to pay any person or persons named in Civil Code Section 9100 or fail to pay for any materials or other supplies used in, upon, for, or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, or for amounts due under the Unemployment Insurance Code with respect to work or labor thereon of any kind, or shall fail to deduct, withhold, and pay over to the Employment Development Department any amounts required to be deducted, withheld, and paid over by Section 13020 of the Unemployment Insurance Code with respect to work and labor thereon of any kind, then said Surety will pay for the same, in or to an amount not exceeding the amount set forth above, and in case suit is brought upon this bond Surety will also pay such reasonable attorney's fees as shall be fixed by the court, awarded and taxed as provided in Division 4, Part 6, Title 3, Chapter 5 (commencing at Section 9550) of the California Civil Code.

This bond shall inure to the benefit of any of the persons named in Section 9100 of the California Civil Code so as to give a right of action to such person or their assigns in any suit brought upon this bond.

It is further stipulated and agreed that the Surety of this bond shall not be exonerated or released from the obligation of the bond by any change, extension of time for performance, addition, alteration, or modification in, to, or of any contract, plans, specifications, or agreement pertaining or relating to any scheme or work of improvement described above or pertaining or relating to the furnishing of labor, materials, or equipment therefor, nor by any change or modification of any terms of payment or extension of the time for any payment pertaining or relating to any scheme or work of improvement described above, nor by any rescission or attempted rescission of the contract, agreement, or bond, nor by any conditions precedent or subsequent in the bond attempting to limit the right of recovery of claimants otherwise entitled to recover under any such contract or agreement or under the bond, nor by any fraud practiced by any person other than the claimant seeking to recover on the bond, and that this bond be construed most strongly against the Surety and in favor of all persons for whose benefit such bond is given, and under no circumstances shall Surety be released from liability to those for whose benefit such bond

has been given, by reason of any breach of contract between the Owner and original contractor or on the part of any obligee named in such bond, but the sole conditions of recovery shall be that claimant is a person described in Section 8400 and 8402 of the California Civil Code and has not been paid the full amount of his/her or its claim and that Surety does hereby waive notice of any such change, extension of time, addition, alteration, or modification.

Any claims under this bond may be addressed to:

Name & address of Surety

Name & address of agent or representative in California, if different than above

Telephone # of Surety, or agent or representative in California

(EXHIBIT B-7)
PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the (referred to as "Owner"), has awarded to (referred to as "Contractor/Principal") a contract for the work described as follows: .

NOW, THEREFORE, we, the Contractor/Principal and , as Surety, are held firmly bound unto Owner in the penal sum of $ Dollars ($), lawful money of the United States of America for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

THE CONDITIONS OF THIS OBLIGATION IS SUCH THAT, if the hereby bonded Contractor/Principal, its heirs, executors, administrators, successors, or assigns, shall in all things stand to and abide by and well and truly keep and perform all the undertakings, terms, covenants, conditions, and agreements in the said contract and any alteration thereof, made as therein provided, including but not limited to the provisions regarding contract duration, indemnification, and liquidated damages, all within the time and in the manner therein designated in all respects according to their true intent and meaning, then this obligation shall become null and void; otherwise, it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the contract, the above obligation shall hold good for a period of year(s) after the acceptance of the work by the Owner, during which time if Contractor/Principal shall fail to make full, complete, and satisfactory repair and replacements and totally protect the Owner from loss or damage made evident during the period of year(s) from the date of completion of the work, and resulting from or caused by defective materials or faulty workmanship, the above obligation in penal sum thereof shall remain in full force and effect. The obligation of Surety under this bond shall continue so long as any obligation of Contractor/Principal remains.

Whenever Contractor/Principal shall be, and is declared by the Owner to be, in default under the contract, the Owner having performed the Owner's obligations under the contract, the Surety shall promptly remedy the default, or shall promptly:

1. Complete the contract in accordance with its terms and conditions; or

2. Obtain a bid or bids for completing the contract in accordance with its terms and conditions, an upon determination by Surety of the lowest responsive and responsible bidder, arrange for a contract between such bidder and the Owner, and make available as work progresses sufficient funds to pay the cost of completion less the balance of the contract price, but not exceeding, including other costs and damages for which Surety may be liable under this Performance Bond, the amount set forth above. The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor/Principal by the Owner under the contract and any modifications to it, less the amount previously paid by the Owner to the Contractor/Principal.

Surety expressly agrees that the Owner may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor/Principal.

Surety shall not utilize Contractor/Principal in completing the contract nor shall Surety accept a bid from Contractor/Principal for completion of the work if the Owner, when declaring the Contractor/Principal in default, notifies Surety of the Owner's objection to Contractor/Principal's further participation in the completion of the work.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the Owner named herein or the successors or assigns of the Owner. Any suit under this bond must be instituted within the applicable statute of limitations period.

FURTHER, for value received, the Surety hereby stipulates and agrees that no change, extension of time, alternation, or modification of the Contract Documents, or of the work to be performed under them, shall in any way affect its obligations on this bond; and it does hereby waive notice of any change, extension of time, alteration, or modification of the Contract Documents or of work to be performed under them.

Contractor/Principal and Surety agree that if the Owner is required to engage the services of an attorney in connection with the enforcement of this bond, each shall pay Owner's reasonable attorney's fees incurred, with or without suit, in addition to the above amount.

Any claims under this bond may be addressed to:

Name and address of Surety:

Name and address of agent or representative in California, if different than above:

Telephone number of Surety, or agent or representative in California:

EXHIBIT C
WORK ORDERS

Work Order #1
Major Equipment Procurement

Work Order #2
ECM Installations

EXHIBIT C

Work Order #1
Major Equipment Procurement

This scope of work is intended to define the requirements which will form the basis for the procurement of Energy Conservation work at District Facilities that are part of the Agreement.

This Work Order includes the following:

- Lighting System Procurement Scope of Work
- Work Order Milestones
- Fixed Price Amount
- Progress Payment Schedule
- Performance and Payment Bonds

LIGHTING EQUIPMENT

PROCUREMENT SCOPE OF WORK

General

The scope of work for this Work Order includes the procurement and transportation of the major components of the System at each Facility. Contractor shall perform, supervise and direct the Work in accordance with Industry Standards, Applicable Law and Project Milestone dates.

Procurement

Contractor shall procure the Lighting Systems required for the System under this Work Order.

Shipping and Transportation

The Contractor shall make all necessary arrangements with each manufacturer or distributor for the proper packaging and shipment of all equipment to the District Facility or Contractor warehouse. All equipment shall be shipped in appropriate packaging and by suitably equipped transportation to avoid damage to the equipment at all points from the manufacturer's or distributor's site to the District Facility or Contractor warehouse. The Contractor shall ensure that suitable equipment is available and used for unloading and handling of the equipment at the project Facility.

Equipment Documentation

Upon placement and confirmation of the purchase order, the Contractor shall request from each manufacturer all applicable documentation regarding shipping, handling, factory testing, storage, installation, and maintenance for all equipment ordered. Upon receipt, this information shall be stored and/or transmitted to the District as appropriate.

WORK ORDER MILESTONES

Estimated Work Order Milestone Schedule	
Milestone	**Milestone Date**
Funding Date	6/11/2019
Major Equipment Ordering	Funding Date + 4 Weeks

Contractor shall be given a day-for-day slip in the Work Order Milestone Schedule for a delay in the Funding Date beyond the date shown above.

FIXED PRICE AMOUNT

The fixed price for this Work Order ("Work Order Price") is **$1,744,357**

PROGRESS PAYMENT SCHEDULE

The District shall pay to Contractor the progress payments set forth below when Contractor has completed the Work associated with such payment. Contractor must submit documentation at the time of invoicing for related progress payments.

Progress Payments Schedule	
Payment Milestone	**% of Total Task Order Price**
Contract Approval Date	10%
Major Equipment Delivery	90%

PERFORMANCE AND PAYMENT BONDS

No bonds are required for this Work Order.

EXHIBIT C
Work Order #2

ENERGY CONSERVATION SCOPE OF WORK

PROJECT SCOPE OF WORK INDEX

Section 1 Basis of Energy Engineering
Section 2 Lighting Scope of Work
Section 3 Proposed Project Installation Timeline & Coordination
Section 4 Work Order Milestones
Section 5 Fixed Price Amount
Section 6 Progress Payment Schedule
Section 7 Performance and Payment Bonds

1.0 BASIS OF ENERGY ENGINEERING

Forecasted energy savings are the difference between the pre- and post-retrofit period consumption for the equipment included in the scope of Work. The pre-retrofit (or Baseline) data for this project covers the period from December 2017 through November 2018. The Baseline data takes into consideration the quantity of facilities and size; 2017/2018 building operational schedules; 2017/2018 School Calendar and 2017/2018 individual school Bell Schedules; occupancy factors and utilization; utility usage, costs and utility rates along with the available average ASHRAE weather files for the closest weather station. Except weather files, all this data has been obtained from the Customer

Since Contractor does not control/follow the building operations on a day-by-day basis, it is virtually impossible to track the energy consumption and savings from utility bills due to many dynamic factors that are out of the Contractor's control. These factors (permanent or temporary) include, but are not limited to: weather changes; changes in the use of any facility and number of occupants (including, but not limited to, staff, faculty and students); changes to the hours of operation of any facility; changes to the control system scheduling; changes or modifications to the equipment or services provided under this Agreement; changes in utility suppliers, method of utility billing, number of days in the billing cycle, utility rates or method of utility purchasing; improper maintenance of the equipment or of any energy-consuming equipment; changes to the equipment or to any facility required by changes to building codes; additions or deletions of energy-consuming equipment; personal portable heaters; refrigerators and vending machines and/or additions or deletions of any facilities (i.e. portable classroom buildings), etc.

Therefore, engineering calculations approach is based on a measure-by-measure (ECM-by-ECM) basis and is to be derived by comparing the specific value of physical parameters after the installation to its value prior to the installations. For example: lighting systems retrofit (see below) will result in lower wattage consumption than Baseline scenario. This measure is not affected by weather changes, HVAC or other unrelated equipment energy consumption that are reflected in the utility bills. Below are some key

characteristics and features of the measure-by-measure energy saving calculations method:

- It calculates savings based on Customer inputs, field measurements, and agreed upon assumptions and stipulations.
- It does not involve utility bill comparisons; however, utility bills may be analyzed to identify energy consuming trend s and correlations.
- It is structured so that the individual measure's savings, as described in Scope of Work, shall not be affected by unrelated building modifications.

In any event, the overall energy use of the facility would be lower than if the energy saving measures (retrofits) identified in the facility solutions project herein had not been implemented.

If desired, the Contractor may provide additional utility data analysis and benchmarking based on the standard engineering principals for an additional fee (excluded from this Scope of Work). The Customer is to notify Contractor in writing no later than thirty (30) days after any changes as outlined above made to the Property that would affect the energy usage at the Property. The Customer shall make available to Contractor no later than thirty (30) days upon receipt, on a monthly basis for at least one year after Completion and Acceptance Date, copies of all energy bills, energy usage data, and any and all other such documentation related to changes to energy usage as outlined above.

2.0 GENERAL LIGHTING SCOPE OF WORK

Energy savings are realized due to the fact that the total input watts of the lighting fixtures will be reduced. Energy savings resulting from the Lighting System Retrofit have been estimated for each individual light fixture type based on the following simple formula:

Annual Saving, $ = (Existing Watts – New Watts) /1000 x Hours/Year x Utility Rate x N

Where,

Existing Watts – Wattage rating for the existing (Baseline) light fixture
New Watts – New wattage rating for the existing light fixture
Hours/Year – Annual number of "burn-hours" (run hours for different areas as reported to CEC)
Utility Rate – Actual weighted composite utility rate, $/kWh
N – Number of light fixtures of the particular type (see below for the actual quantities).

Currently the (16) sites have a mixture of lighting technologies. Past modernization and retrofit projects included the upgrading of several sites with first generation electronic ballasts and T8 fluorescent lamps. All areas not inclusive of these projects are still using older style inefficient magnetic ballasts and T12 fluorescent lamps.

This project will provide a significant energy reduction while greatly improving the overall quality and quantity of light. All magnetic ballasts and T12 lamps will be replaced with High Efficiency low wattage electronic ballasts coupled with Type A LED lamps. Optical imaging reflectors will be installed where applicable to maximize overall fixture efficiency. All fixtures presently powered by electronic ballasts will be retrofitted with 4th generation electronic ballasts and LED lamps. In addition to the linear fluorescent fixture retrofits all incandescent lamps will be replaced with L.E.D. lamps or fixtures.

All broken lighting diffusers encountered during this project will be replaced as part of this project.

All incandescent or CFL exit signs included in this project will be retrofitted with new L.E.D. exit sign kits as applicable.

All exterior lighting included in this project will be replaced with new L.E.D. fixtures or lamps as applicable.

All motion or dimming controls and sensors are excluded unless specified below.

All expended lighting lamps and ballasts will be disposed of per current EPA regulations. Any found lighting ballast containing PCB's will be treated as Hazardous waste and disposed of per EPA hazardous waste regulations.

Unless specifically requested by the Customer, the intent of lighting retrofit Work is not to increase the light levels but rather to maintain the existing or better lighting levels while maximize energy savings without re-designing the overall system. In some cases, where the areas are over illuminated (per Illumination Engineering Society recommendations), light levels may be reduced to the recommended levels.

Scope of Work presented herein is based on retrofits feasibility, cost effectiveness and maximum energy savings for the different options. The presented retrofits will not affect the usability of the buildings or facilities and therefore are not alterations, additions, new construction or modification of the existing systems or fixtures. As a result, the scope of work is considered maintenance replacement of the existing outdated lighting system components with like-kind components of higher efficiency and longer useful life. Maintenance related items are not considered lighting alterations or modifications and are exempted from the code and Title 24 provisions for the existing facilities. Due to the possibility of dissimilar interpretations of regulations, additional cost-incurring system upgrades may be requested. Upon the Customer requesting changes based on interpretations, the Contractor will provide a written change order to the Customer for review and approval.

Below is the Itemized Scope of work below for specific retrofit strategies and fixture totals for each site:

Bancroft Middle School, 1150 Bancroft Avenue, San Leandro, CA

2.2 Lighting System Terms and Definitions

- (2L)Lt8/840/12G-EB-AC(1) VE232MVHIPE
    - 2 Lamp, T8 LED lamp, lamp wattage, 8/8”diameter Lamp, 84 CRI (Color Rendering Index), 4000 Kelvin (Color), Electronic Ballast (4th generation)
- 3L 4’ F32T8-NBF
    - 3 Lamp, 4 Foot, 32 watt, 8/8” diameter Lamp, Normal Ballast Factor
- NBF Normal Ballast Factor
- INC Standard Incandescent style lamp
- LED Light Emitting Diode technology
- EB Electronic Ballast
- T-5 High Efficient 5/8” diameter lamp
- T-12 Inefficient 12/8” (1.5”) diameter lamp
- CFL Compact Fluorescent Lamp
- NEW Means a "new" fixture is to be installed, and not retrofitted
- MH Metal Halide
- PS Pulse Start
- □PS High Pressure Sodium lamp
- MP Metalarc Pro-Tech lamp
- MS Super Metalarc Lamp
- PC Photocell
- Flood A type of exterior lighting fixture possessing directional capabilities.

2.3 Lighting Scope of Work Exclusions

The impact of the following exclusions has not been estimated in the above Scope of Work:

- Repair of any preexisting electrical distribution problems.
- Title 24 calculations and forms.
- Repair or replacement of any existing lighting controls or new lighting controls.
- New acoustical ceiling tiles for the existing T-bar grid unless broken by the Contractor.
- Any items not specified in this scope of work

3.0 PROPOSED PROJECT INSTALLATION TIME LINE & COORDINATION

This project will require extensive scheduling and coordination to insure the efficient implementation of the Work shown herein. CONTRACTOR will provide retrofit services in

Phases. Each construction Phase will include a complete HVAC and/or Lighting system retrofit at a given building or school site.

The CUSTOMER shall provide safe access to the buildings and provide the necessary security for students and staff safety during the rigging and equipment handling process. During the retrofit services, areas of the building designated by CONTRACTOR may need to be vacated to ensure the safety of the occupants. It will be the CUSTOMER'S responsibility to temporarily relocate the students to other classrooms and/or, if needed, provide temporary facilities for the duration of the given phase of each project.

In order to minimize the disruption of CUSTOMER'S operation, coordination and scheduling items shall include but are not limited to multiple trips to the job site, multiple equipment riggings, temporary relocation of the tenants (students), etc. CONTRACTOR will work with the CUSTOMER to develop a detailed project schedule. Once the project schedule is confirmed, CONTRACTOR will provide the CUSTOMER with a Schedule of Values and a progress payment schedule, which corresponds to the project schedule. The installation of mechanical systems will start upon executing this Agreement and ordering and obtaining all necessary equipment, parts and materials needed for installation. It is anticipated the construction phase of this project would be performed in the Summer/Fall/Winter of 2019.

CUSTOMER and its representatives shall coordinate all the project activities with CONTRACTOR'S Project Manager only.

4.0 WORK ORDER MILESTONES

Estimated Work Order Milestone Schedule	
Milestone	**Milestone Date**
Contract Approval Date	6-11-2019
Substantial Completion	Contract Approval Date + 35 weeks
Final Completion	Contract Approval Date + 40 weeks

Contractor shall be given a day-for-day slip in the Work Order Milestone Schedule for a delay in the Contract Approval Date beyond the date shown above.

5.0 FIXED PRICE AMOUNT

The fixed price for this Work Order ("Work Order Price") is **$1,162,905**

6.0 PROGRESS PAYMENT SCHEDULE

The District shall pay to Contractor the progress payments set forth below when Contractor has completed the Work associated with such payment. Contractor must submit documentation at the time of invoicing for related progress payments.

Progress Payments Schedule	
Payment Milestone	**% of Total Task Order Price**
Progress Payments	85%
Substantial Completion	10%
Final Completion	5%

7.0 PERFORMANCE AND PAYMENT BONDS

Prior to commencement of work, Contractor shall provide evidence of the following bonds to District:

a. Performance Bond. A bond issued by a corporate surety authorized to issue surety insurance in California, and reasonably acceptable to District, in an amount equal to one-hundred percent (100%) of this Work Order Price payable under the Agreement securing the faithful performance of this Work Order in the form of Exhibit B-7; and

b. Payment Bond. A bond issued by a corporate surety authorized to issue surety insurance in California, and reasonably acceptable to District, in an amount equal to one-hundred percent (100%) of this Work Order Price payable under the Agreement securing the payment of all claims for the performance of labor

or services on, or the furnishing of materials for, the performance of this Work Order in the form of Exhibit B-6..

The Performance and Payment Bonds shall guarantee timely completion of the Work in accordance with this Work Order and shall cover the installation period. The warranty period shall extend one (1) year following Final Completion.

The surety, having provided the Performance and Payment Bonds under this Work Order, shall assume no liability to Contractor, District or any third parties, should Contractor fail, for any reason, to deliver acceptable warranties beyond the one (1) year warranty period following Final Completion.

EXHIBIT D
INSURANCE

Contractor Insurance Requirements

1. Required Coverages. Contractor shall carry and maintain with carriers or self-insurance, as a minimum, the following insurance coverage:

   i. Workers Compensation Insurance and Employers Liability. In accordance with the laws of the state of where work may be done with limits for employers liability in the minimum amount of one million dollars ($1,000,000) for each occurrence and one million dollars ($1,000,000) for each occurrence of bodily injury on a per employee basis;

   ii. Commercial General Liability. One million dollars ($1,000,000) per occurrence/two million dollars ($2,000,000) in the aggregate for bodily injury, personal injury and property damage, products and completed operations:

   iii. Commercial Automobile Liability, Any Auto. One million dollars ($1,000,000) per accident including owned, non-owned, and hired automobiles.

   iv. Excess coverage of four million dollars ($4,000,000) per occurrence and aggregate, or any other equivalent, available insurance coverage of the Contractor.

2. Policy Endorsements. Insurance coverage required to be maintained by Contractor under this Agreement shall:

   i. provide a severability of interests or cross liability clause for Commercial General Liability Insurance;

   ii. except in the case of worker's compensation insurance and other statutory insurances where it would be inappropriate, name District and others as may be reasonably required by District, as additional insured's; and to the extent permissible in accordance with the policy, include a waiver of subrogation by the insurers in favor of District and each of its respective assignees, Affiliates, agents, officers, directors, employees, insurers or policy issuers and a waiver of any right of the insurers to any set-off or counterclaim, whether by endorsement or otherwise, in respect of any type of liability of any of the Persons insured under any such policies.

3. Certificates. Contractor shall throughout the Agreement Term provide certificate(s) and/or memoranda of insurance evidencing the coverage specified in this Attachment E to District upon District's reasonable request.

District Insurance Requirements

1. Required Coverage. District shall carry and maintain with carriers or self-insurance, as a minimum, the following insurance coverage:

   i. Workers Compensation Insurance and Employers Liability. In accordance with the laws of the state of where work may be done with limits for employers liability in the minimum amount of one million dollars ($1,000,000) for each occurrence and one million dollars ($1,000,000) for each occurrence of bodily injury on a per employee basis;

   ii. Commercial General Liability. One million dollars ($1,000,000) per occurrence/two million dollars ($2,000,000) in the aggregate for bodily injury, personal injury and property damage, products and completed operations:

   iii. Commercial Automobile Liability, Any Auto. One million dollars ($1,000,000) per accident including owned, non-owned, and hired automobiles.

   iv. Excess coverage of four million dollars ($4,000,000) per occurrence and aggregate, or any other equivalent, available insurance coverage of the Contractor.

2. Policy Endorsements. Insurance coverage required to be maintained by District under this Agreement shall provide a severability of interests or cross liability clause for Commercial General Liability Insurance;

3. Certificates. District shall throughout the Agreement Term provide certificate(s) and/or memoranda of insurance evidencing the coverage specified in this Attachment E to Contractor upon Contractor's reasonable request.

EXHIBIT E

CERTIFICATE OF SUBSTANTIAL/FINAL COMPLETION AND ACCEPTANCE

The undersigned, _____ ("the District"), having its office at _____, having entered into the Facility Solutions Agreement ("Agreement") dated _____, 2019, with _____ ("_____"), does hereby certify as follows:

1. I am authorized to issue this [Substantial][Final] Completion Certificate on behalf of the District.

2. As of the date hereof, all the requirements for achievement of [Substantial] [Final] Completion pursuant to the Agreement have been met.
