VISION & MISSION

THIS Expanded Learning Program consists of:

- a **CONNECTOR** to align school day and after-school opportunities for our most vulnerable families
- a space for **CREATING** enriching opportunities where students are challenged to critically think, explore and grow through fun project based learning methods
- a **LEARNING** “shop” where students are provided Homework assistance & youth choice club days
- An **SEL initiative** with a focus to build strong positive relationships with with caring adults and skill building on inter & intra Social & Emotional practices
