CHSC is a provider of behavioral health services.

II. **PURPOSE.** The purpose of the Agreement is to document the terms under which the District is authorized to disclose to the Contractor personally identifiable student information for the provision of services, and to designate the Contractor as the authorized representative of the District consistent with applicable federal and state laws concerning access to and confidentiality of student record information including FERPA. i. Destroy all data obtained under the Agreement and addenda to it when no longer needed for the purpose for which it was obtained. Tuberculosis Clearance: Each Consultant provider must show evidence of negative tuberculosis (TB) test results, as described in, and within the timeline prescribed by, Education Code §49406, before having contact with District students or families. Consultant shall maintain on file the certificates from the examining physicians and surgeons showing that each Consultant provider was examined and found free from active tuberculosis. These forms must be maintained and updated by Consultant, and be available to the District or any designated agency upon request or audit.
