Here is the quote you requested for an Etrition integrated MAX ST5000 Elevator model capable of selling ala carte with cash and also student accounts.

MAX ST5000 Elevator refrigerated kiosk for full meals, fresh food, dairy, snacks & beverages

- **Custom configuration:** We always custom-configure each machine to accommodate whatever range of packaging and products you would like to sell.
- **MAX Soft Delivery Elevator:** https://www.youtube.com/watch?v=e-dxjf2ARpI
- **Cash operation**:This would include accepting $1,5,10 bills and paying out change in $1 coins in addition to quarters, dimes & nickels.
- **Harris ETritionware POS Interface:** We can accommodate the double PIN student identification, with an 8 digit student birthday serving as the second USDA required ID format in addition to the student identification number. This is accommodated with a VendConnect keypad and reader from Kane's Distributing.
- **Ivend** guaranteed delivery hardware and software
- **Made in the USA**
- **ADA compliance**
- **Shipping**, delivery, installation to your school.
- **Set Up & Training**
- **Free Telephone Support** from factory technicians who can talk your staff through issues or send local assistance. They are available from 8AM-5PM CST.
- **Training Videos**:
- **Two year parts warranty** and 90 day on-site technical service warranty.
-

Options

A custom door wrap could be placed on each machine, thereby 'school branding' each vending kiosk with a school logo/mascot against a colorful background of your choosing. This does add $350 to the cost of each machine, but is a highly popular option.

Cost and terms:
This quote will include both a 30 day billing basis
MAX ST5000 Elevator Kiosk $11,975 with an additional $350 if you would like to have a custom School Branding door wrap.

The only additional costs would be your eTrition vending license fee and any annual support fee they may require. You would also need a hardwire network connection, or perhaps a WIFI bridge. You would need sufficient electrical power from standard electrical outlets.

Thank you,
Jim Dillingham
JKD/dkd
