CHARTER SCHOOL AUTHORIZATION

The Governing Board recognizes that charter schools may assist the district in offering diverse learning opportunities for students. In considering any petition to establish a charter school within the district, the Board shall give thoughtful consideration to the potential of the charter school to provide students with a high-quality education that enables them to achieve to their fullest potential.

The district shall not require any district student to attend the charter school nor shall it require any district employee to work at the charter school. (Education Code 47605)

One or more persons may submit a petition for a start-up charter school to be established within the district or for the conversion of an existing district school to a charter school. (Education Code 47605)

Any petition for a start-up charter school or conversion charter school shall include all components and signatures required by law and shall be submitted to the Board. The Superintendent or designee shall consult with legal counsel, as appropriate, regarding compliance of the charter petition with legal requirements.

The Superintendent or designee may work with charter school petitioners prior to the formal submission of the petition in order to ensure compliance of the petition with legal requirements. As needed, the Superintendent or designee may also meet with the petitioners to establish workable plans for technical assistance or contracted services which the district may provide to the proposed charter school.

Within 30 days of receiving a petition to establish a charter school, the Board shall hold a public hearing to determine the level of support for the petition by teachers, other employees of the district, and parents/guardians. (Education Code 47605)

(cf. 9320 - Meetings and Notices)

Within 60 days of receiving a petition, or within 90 days with mutual consent of the petitioners and the Board, the Board shall either approve or deny the request to establish the charter school. (Education Code 47605)

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5)

Approval of Petition

The Board shall approve the charter petition if doing so is consistent with sound educational practice. In granting charters, the Board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences for students who are identified by the petitioner as academically low-achieving. (Education Code 47605)

CHARTER SCHOOL AUTHORIZATION (continued)

The Board shall verify that any approved charter contains adequate processes and measures for holding the school accountable for complying with applicable law, including Education Code 47604.1, and for fulfilling the terms of its charter. These shall include, but are not limited to, fiscal accountability systems, multiple measures for evaluating the educational program, including student outcomes aligned with state priorities as described in Education Code 52060, and regular reports to the Board.

(cf. 0420.41 - Charter School Oversight)

The Board may approve one or more memoranda of understanding to clarify the financial and operational agreements between the district and the charter school. Any such memorandum of understanding shall be annually reviewed by the Board and charter school governing body and amended as necessary.

The Board may initially grant a charter for a specified term not to exceed five years. (Education Code 47607)

(cf. 0420.42 - Charter School Renewal)
(cf. 0420.43 - Charter School Revocation)

It shall be the responsibility of the petitioners to provide written notice of the Board's approval and a copy of the charter to the County Superintendent of Schools, the California Department of Education, and the State Board of Education (SBE). (Education Code 47605)

Denial of Petition

The Board shall deny any charter petition that:

1. Proposes to operate a charter school as or by a for-profit corporation, a for-profit educational management organization, or a for-profit charter management organization (Education Code 47604)

2. Authorizes the conversion of a private school to a charter school (Education Code 47602)

3. Proposes to serve students in a grade level that is not served by the district, unless the petition proposes to serve students in all the grade levels served by the district (Education Code 47605)

Any other charter petition shall be denied only if the Board makes written factual findings specific to the petition that one or more of the following conditions exist: (Education Code 47605)

CHARTER SCHOOL AUTHORIZATION (continued)

1. The charter school presents an unsound educational program for the students to be enrolled in the charter school.

2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

3. The petition does not contain the number of signatures required.

4. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).

5. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b).

6. The petition does not contain a declaration as to whether or not the charter school shall be deemed the exclusive public school employer of the school's employees for purposes of collective bargaining pursuant to Government Code 3540-3549.3.

The Board shall not deny a petition based on the actual or potential costs of serving students with disabilities, nor shall it deny a petition solely because the charter school might enroll students with disabilities who reside outside the special education local plan area in which the district participates. (Education Code 47605.7, 47647)

(cf. 0430 - Comprehensive Local Plan for Special Education)

If the Board denies a petition, the petitioners may choose to submit the petition to the County Board of Education and, if then denied by the County Board, to SBE. (Education Code 47605)

CHARTER SCHOOL AUTHORIZATION

Petition Signatures

A petition for the establishment of a start-up charter school must be signed by either of the following: (Education Code 47605)

1. A number of parents/guardians equivalent to at least one-half of the number of students that the charter school estimates will enroll in the school for its first year of operation

2. A number of teachers equivalent to at least one-half of the total number of teachers that the charter school estimates will be employed at the school during its first year of operation

If the charter petition calls for an existing public school to be converted to a charter school, the petition must be signed by at least 50 percent of the permanent status teachers currently employed at the school. (Education Code 47605)

(cf. 4116 - Probationary/Permanent Status)

Any petition circulated to collect signatures shall include a prominent statement explaining that a parent/guardian's signature means that the parent/guardian is meaningfully interested in having a child attend the charter school or, in the case of a teacher's signature, that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition. (Education Code 47605)

Advisory Committee

The Superintendent or designee may establish a staff advisory committee to evaluate the completeness of a charter petition based on the requirements in Education Code 47605 and to identify any concerns that should be addressed by the petitioners.

(cf. 2230 - Representative and Deliberative Groups)

Components of Charter Petition

The charter petition shall include affirmations that the charter school will be nonsectarian in its programs, admission policies, employment practices, and operations; will not charge tuition; and will not discriminate against a student on the basis of characteristics listed in Education Code 220. The petition shall also contain reasonably comprehensive descriptions of: (Education Code 47605)

1. The educational program of the proposed school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals

CHARTER SCHOOL AUTHORIZATION (continued)

identified in that program shall include the objective of enabling students to become self-motivated, competent, and lifelong learners.

The petition shall include a description of the charter school's annual goals for all students and for each numerically significant subgroup of students identified pursuant to Education Code 52052, including ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. These goals shall be aligned with the state priorities listed in Education Code 52060 that apply to the grade levels served or the nature of the program operated by the charter school. The petition also shall describe specific annual actions to achieve those goals. The petition may identify additional priorities established for the proposed school, goals aligned with those priorities, and specific annual actions to achieve those goals.

(cf. 0420.41 - Charter School Oversight)
(cf. 0460 - Local Control and Accountability Plan)

If the proposed charter school will serve high school students, the petition shall describe the manner in which the school will inform parents/guardians about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable, and courses approved by the University of California or the California State University as creditable under the "a-g" admissions criteria may be considered to meet college entrance requirements.

2. The measurable student outcomes identified for use by the charter school. *Student outcomes* means the extent to which all students of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program, including outcomes that address increases in student academic achievement both schoolwide and for each numerically significant subgroup of students served by the charter school. The student outcomes shall align with the state priorities identified in Education Code 52060 that apply for the grade levels served or the nature of the program operated by the charter school.

3. The method by which student progress in meeting the identified student outcomes is to be measured. To the extent practicable, the method for measuring student outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(cf. 0510 - School Accountability Report Card)

4. The governance structure of the charter school, including, but not limited to, the process to be followed by the school to ensure parent/guardian involvement.

CHARTER SCHOOL AUTHORIZATION (continued)

5. The qualifications to be met by individuals to be employed by the charter school.

6. The procedures that the charter school will follow to ensure the health and safety of students and staff, including the following requirements:

   a. Each charter school employee shall furnish the school with a criminal record summary as described in Education Code 44237.

   b. The charter school shall develop a school safety plan which includes the topics listed in Education Code 32282(a)(2)(A)-(H) and procedures for conducting tactical responses to criminal incidents.

   c. The charter school's safety plan shall be reviewed and updated by March 1 each year.

7. The means by which the charter school will achieve a racial and ethnic balance among its students that is reflective of the general population residing within the district's territorial jurisdiction.

8. The charter school's student admission policy. The petition shall, in accordance with Education Code 47605(d), specify procedures for determining enrollment when the number of applicants exceeds the school's capacity, including requirements for the use of a public random drawing, admission preferences, and priority order of preferences as required by law and subject to Governing Board approval.

9. The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the Board's satisfaction.

10. The procedures by which students can be suspended or expelled for disciplinary reasons or otherwise involuntarily removed for any reason, including an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements as specified in Education Code 47605(b). Such procedures shall also include processes by which the charter school will notify the superintendent of a district and request to be notified by a district about a student when the circumstances specified in Education Code 47605(d) exist.

11. The manner by which staff members of the charter school will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

    b. Notification to parents/guardians, the Board, the county office of education, the special education local plan area in which the charter school participates, the retirement systems in which the school's employees participate, and the California Department of Education, providing at least the following information:

2. The charter school provides its primary educational services in, and a majority of the students it serves are residents of, the county in which the school is authorized.

COMPLAINTS CONCERNING DISTRICT EMPLOYEES

The Governing Board recognizes its accountability to the public for the quality of the district's educational program and the performance of district employees. The district shall provide a process by which a complaint submitted by any person regarding an employee can be resolved impartially, expeditiously, and with minimal disruption to district operations and the educational program.

(cf. 4119.21/4219.21/4319.21 - Professional Standards)

When a concern regarding an employee is presented during a Board meeting or to an individual Board member or employee outside of a Board meeting, the complainant shall be informed of the appropriate complaint procedure.

(cf. 9323 - Meeting Conduct)

Any complaint regarding the Superintendent shall be initially filed in writing with the Board. The Board shall consult with legal counsel or appoint an appropriate agent to conduct the investigation.

The Superintendent or designee shall determine whether a complaint against any other employee should be considered a complaint against the district and/or an individual employee, and whether it should be resolved by the district's process for complaints concerning personnel and/or other district procedures. Any complaint of child abuse or neglect alleged against a district employee shall be reported to the appropriate local agencies in accordance with law and BP 5141.4 - Child Abuse Prevention and Reporting. Any complaint alleging that an employee engaged in unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) in district programs and activities shall be filed in accordance with BP/AR 1312.3 - Uniform Complaint Procedures. Any complaint by an employee, job applicant, volunteer, intern, or independent contractor alleging unlawful discrimination or harassment by an employee shall be filed in accordance with AR 4030 - Nondiscrimination in Employment.

(cf. 1312.2 - Complaints Concerning Instructional Materials)

(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)

Any complaint subject to this policy and the accompanying administrative regulation shall be investigated by the principal, the employee's immediate supervisor, the Superintendent or designee, legal counsel, agent of the Board, and/or other appropriate person who is not the subject of the complaint or subordinate to the employee charged in the complaint. The complainant and the employee shall have an opportunity to present information relevant to the complaint.

COMPLAINTS CONCERNING DISTRICT EMPLOYEES (continued)

A complaint that is filed anonymously may be investigated by the Superintendent or designee depending on the specificity and reliability of the information.

If a complainant requests confidentiality, the Superintendent or designee shall inform the complainant that the request may limit the district's ability to investigate the employee's conduct or take other necessary action. However, the Superintendent or designee shall take all reasonable steps to investigate and resolve the complaint without divulging the complainant's identity.

The Board prohibits retaliation against complainants.

Appeals

If either the complainant or the employee submits an appeal of the Superintendent's decision to the Board, the Board shall determine whether to uphold the Superintendent's decision without hearing the complaint, appoint an appeals committee to advise the Board, or hear the appeal itself.

(cf. 9130 - Board Committees)

If the Board decides to hear the complaint, the matter shall be addressed in closed session in accordance with Government Code 54957 unless the employee requests that it be heard in open session. The Board shall review the original complaint and additional information provided by the Superintendent or designee regarding the steps taken to resolve the issue.

(cf. 9321 - Closed Session Purposes and Agendas)
(cf. 9323 - Meeting Conduct)

The Board's decision shall be final.

The strategies shall prescribe a means of notifying appropriate agencies to ensure all utilities are properly restored after interruption.

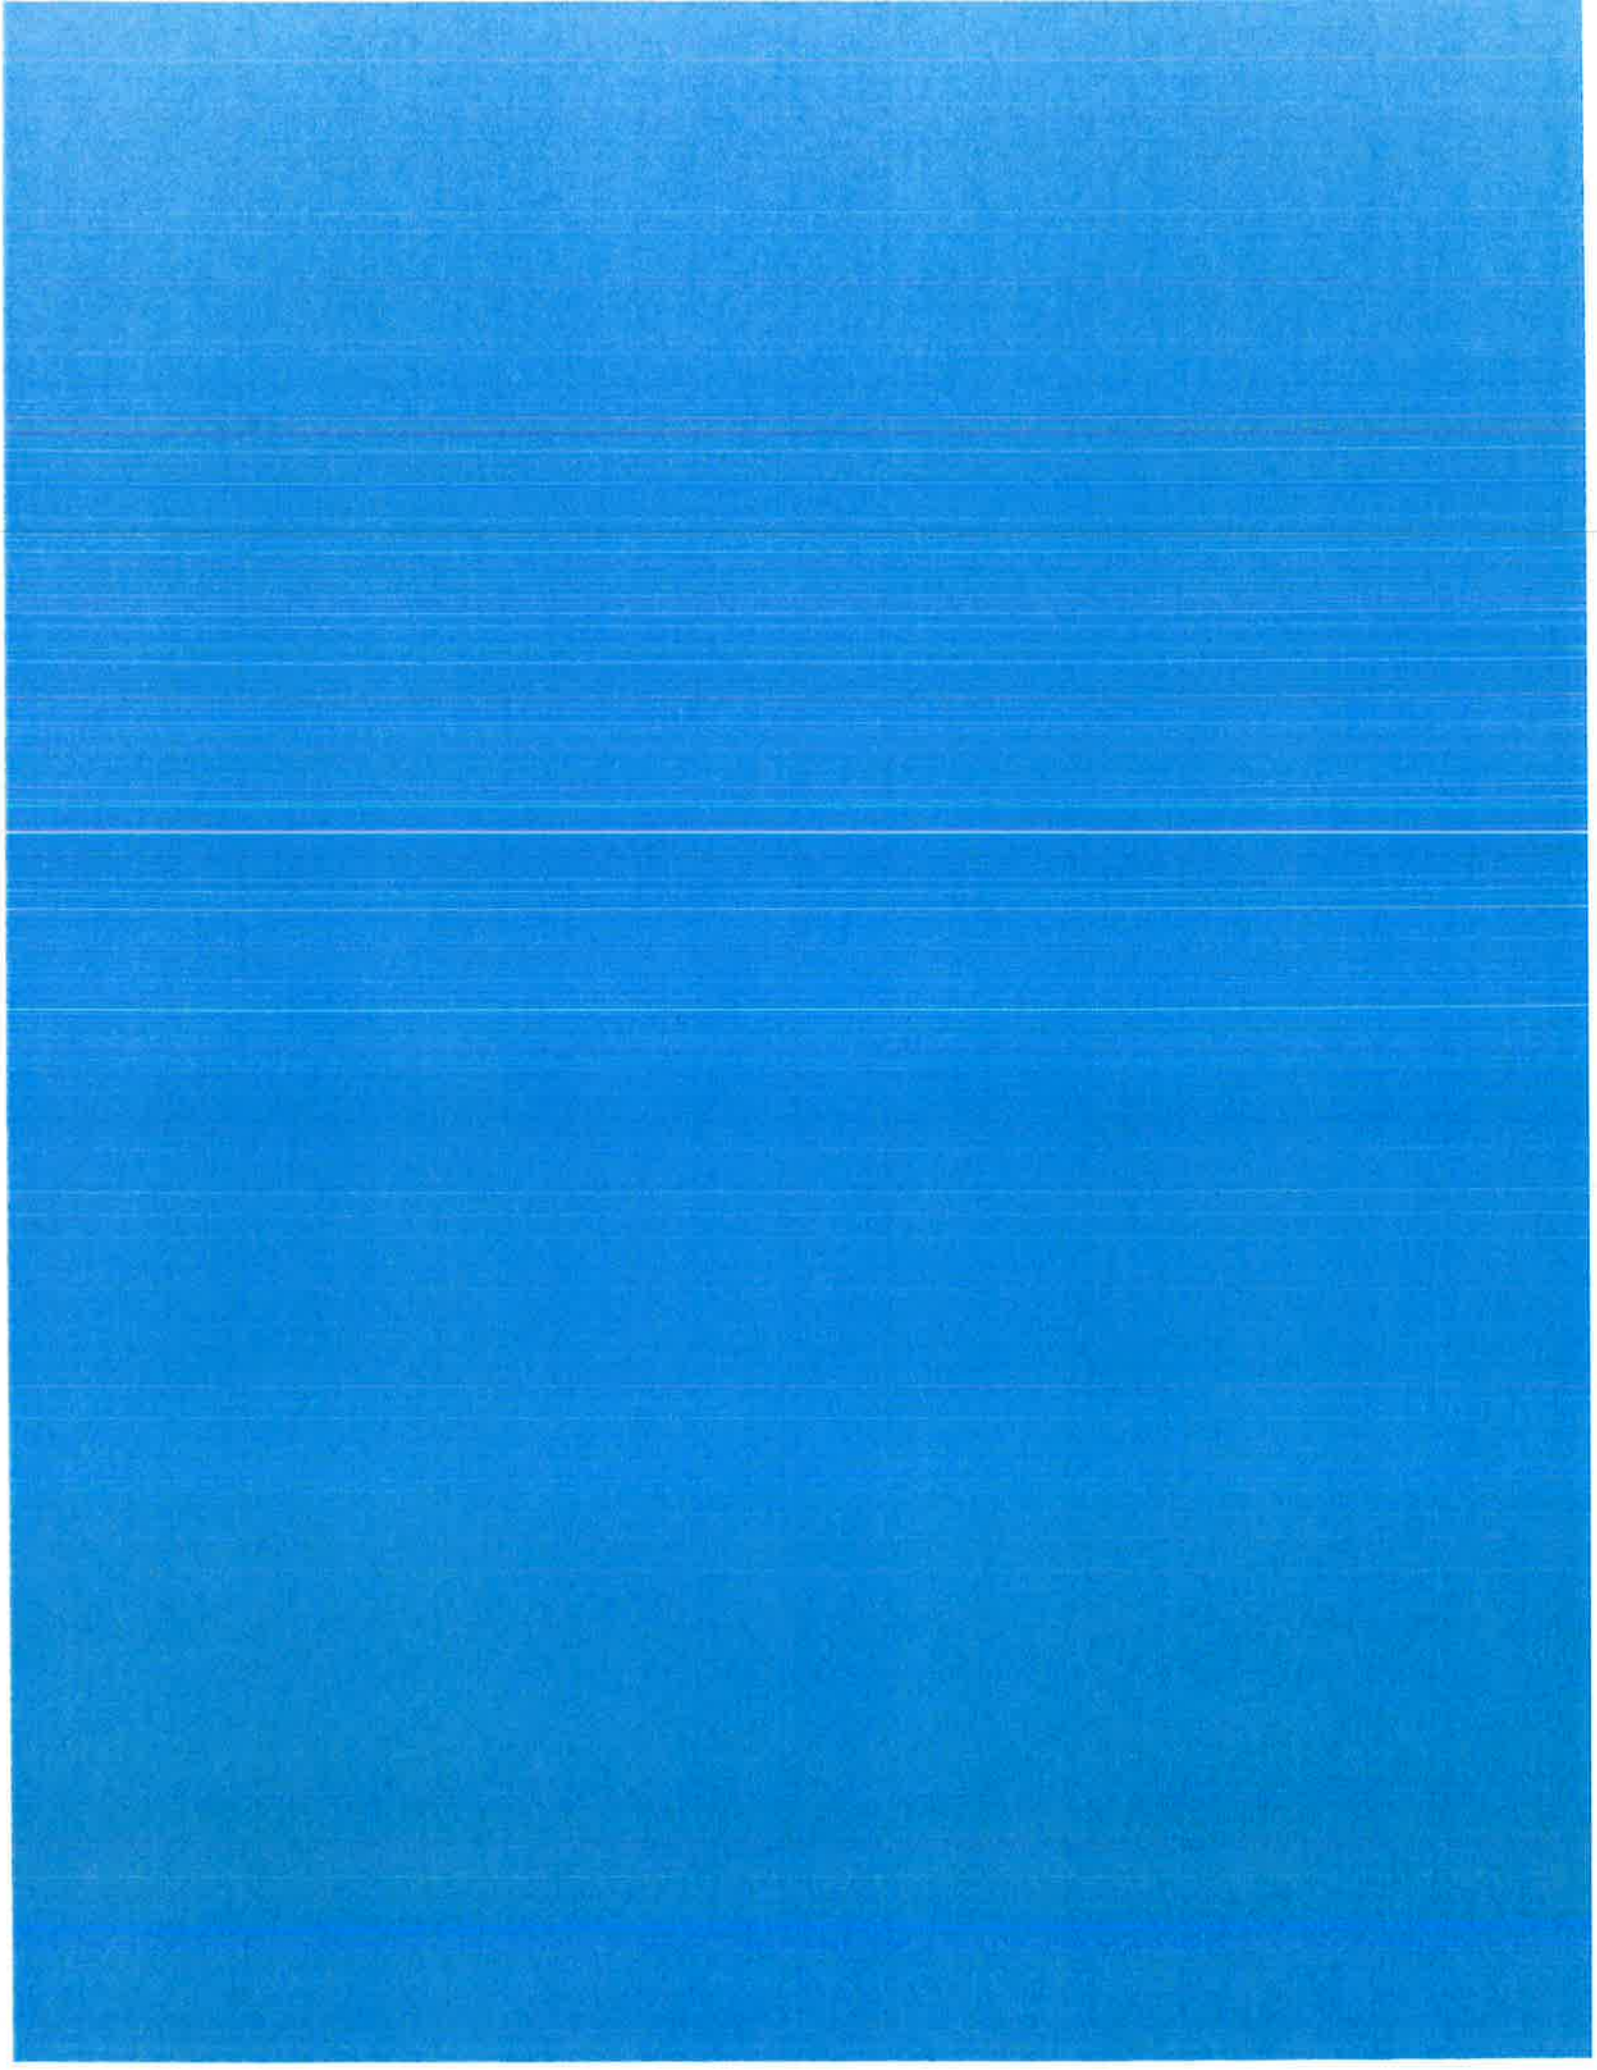

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

ENERGY AND WATER MANAGEMENT (continued)

The Superintendent or designee shall reopen schools and return to normal instructional activities as soon as safe operations can be resumed. If any school will be closed for an extended period of time, the district shall make alternative arrangements for students and staff so as not to interrupt the educational program.

The Superintendent or designee shall communicate with staff, students, and parents/guardians regarding any interruption of educational services due to utility service outages, including any necessary alternative arrangements and the date or time that normal operations of the school are expected to resume.

(cf. 1100 - Communication with the Public)
(cf. 3516.5 - Emergency Schedules)

ENVIRONMENTAL SAFETY

The Superintendent may designate and train one or more employees to oversee and coordinate the district's environmental safety program(s). Indoor Air Quality

In order to provide proper ventilation, humidity, and temperature in school facilities and to reduce indoor air contaminants, the following strategies shall be implemented:

1. Mechanically driven heating, ventilation, and air conditioning systems shall be operated continuously during working hours except under the circumstances specified in 8 CCR 5142. The systems shall be inspected at least annually and problems corrected within a reasonable time. Where the air supply is filtered, the filters shall be replaced or cleaned regularly to prevent significant reductions in airflow. Documentation of inspections, tests of ventilation rates, and maintenance shall be retained for at least five years. (8 CCR 5142-5143)

(cf. 3580 - District Records)

   Staff shall ensure that airflow is not obstructed by the blocking of ventilators with posters, furniture, books, or other obstacles.

2. School facilities shall be regularly inspected for water damage, spills, leaks in plumbing and roofs, poor drainage, and improper ventilation so as to preclude the buildup of mold and mildew and prevent accidents due to unsafe conditions. Wet building materials and furnishings shall be dried within 48 hours if possible to prevent mold growth. When evidence of mold or mildew is found, maintenance staff shall locate and repair the source of water intrusion and remove or clean moldy materials.

3. Exterior wall and foundation cracks and openings shall be sealed as soon as possible to minimize seepage of radon into buildings from surrounding soils.

ENVIRONMENTAL SAFETY (continued)

4. Least toxic pest management practices shall be used to control and manage pests at school sites. (Education Code 17608-17614; Food and Agriculture Code 13182)

(cf. 3514.2 - Integrated Pest Management)

5. A carbon monoxide detector or alarm shall be installed in all school buildings that contain a fuel-burning appliance, fireplace, or forced-air furnace, unless otherwise exempted by state law or regulations. The device or alarm shall be located in close proximity to the appliance in order to accurately detect and alert school personnel of any leakage of carbon monoxide. (24 CCR 915.1-915.7)

6. Schedules and practices for routine housekeeping and maintenance shall be designed to effectively reduce levels of dust, dirt, and debris. Plain water, soap and water, or low-emission cleaning products shall be used whenever possible. Aerosols, including air fresheners and other products containing ozone, shall be avoided to the extent possible.

(cf. 5141.23 - Asthma Management)

7. Painting of school facilities and maintenance or repair activities that require the use of potentially harmful substances shall be limited to those times when school is not in session. Following any such activity, the facility shall be properly ventilated with adequate time allowed prior to reopening for use by any person.

8. Paints, adhesives, and solvents shall be used and stored in well-ventilated areas. These items shall be purchased in small quantities to avoid storage exposure.

(cf. 3514.1 - Hazardous Substances)

10. The district's tobacco-free schools policy shall be consistently enforced in order to reduce the health risks caused by second-hand smoke.

(cf. 3513.3 - Tobacco-Free Schools)

11. Staff and students shall be asked to refrain from bringing common irritants such as furred or feathered animals, stuffed toys that may collect dust mites, scented candles, incense, or air fresheners and from using perfume or cologne, scented lotion or hair spray, nail polish or nail polish remover, or other personal care products that are not fragrance-free in classrooms, school buses, or other enclosed areas or buildings.

(cf. 6163.2 - Animals at School)

ENVIRONMENTAL SAFETY (continued)

Outdoor Air Quality

The Superintendent or designee may coordinate with the local air resources control board and monitor local health advisories and outdoor air quality alerts to obtain forecasts of ozone levels, particle pollution, ultraviolet radiation levels, and/or temperature and humidity.

Whenever a forecast indicates a significant health risk, the Superintendent or designee shall communicate with each principal so that outdoor activities, especially those requiring prolonged or heavy exertion, may be avoided, limited in duration, or modified as necessary for all persons or for persons who may be particularly susceptible to the health risk involved.

(cf. 3516 - Emergencies and Disaster Preparedness Plan)
(cf. 3516.5 - Emergency Schedules)
(cf. 5141.7 - Sun Safety)
(cf. 6142.7 - Physical Education and Activity)
(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6145.2 - Athletic Competition)

Reduction of Vehicle Emissions

In order to reduce public exposure to toxic air contaminants, school bus drivers and other drivers of commercial motor vehicles shall limit unnecessary idling of vehicles at or near schools in accordance with 13 CCR 2480. The Superintendent or designee may also request parents/guardians to turn off their vehicles when they are idling on school grounds and encourage students to walk and/or bicycle to school.

(cf. 3540 - Transportation)
(cf. 3541.1 - Transportation for School-Related Trips)
(cf. 3542 - School Bus Drivers)
(cf. 5142.2 - Safe Routes to School Program)

Any school bus that is diesel-fueled, dual-fueled, or alternative diesel-fueled and has a gross vehicle weight rating over 14,000 pounds shall be equipped with a particulate filter designed to reduce particulate matter emissions, oxides of nitrogen emissions, and other pollutants. (13 CCR 2025)

Drinking Water Safety

The quality and safety of the district's drinking water sources shall be regularly assessed, and drinking fountains shall be regularly cleaned and maintained, to ensure that drinking water consumed at school does not contain dirt, mold, lead, or other impurities or contaminants that may cause serious health concerns.

ENVIRONMENTAL SAFETY (continued)

Whenever any contaminants in the drinking water are determined to be a concern, the Superintendent or designee shall take reasonable steps to identify the source and mitigate any potential problem to ensure the availability of safe drinking water. As needed, the Superintendent or designee shall provide alternative sources of drinking water, such as bottled water or on-site water filtration, to ensure that students have access to fresh drinking water at mealtimes and at other times throughout the day.

(cf. 3550 - Food Service/Child Nutrition Program)

Whenever testing of drinking water finds concentrations of lead that exceed federal and state standards, the Superintendent or designee shall notify parents/guardians and take immediate steps to shut down and make inoperable any fountains or faucets where excess lead levels may exist.

Prevention of Lead Exposure

In addition to testing for the presence of lead in drinking water in district schools, the following steps shall be taken to minimize potential exposure to lead in school facilities:

1. School facilities shall be kept as dust-free and clean as possible.

2. Lead-based paint, lead plumbing and solders, or other potential sources of lead contamination shall not be used in the construction of any new school facility or the modernization or renovation of any existing school facility. (Education Code 32244)

3. Lead exposure hazards shall be evaluated before any renovation or remodeling is begun, and children shall not be allowed in or near buildings in which these activities may create lead dust. Contractors and workers shall comply with state and federal standards related to the handling and disposal of lead debris and the clean-up and containment of dust within the construction area.

4. Lead-based painted surfaces that are in good condition shall be kept intact. If lead-based paint is peeling, flaking, or chalking, contractors or workers shall follow state and federal standards for safe work practices to minimize contamination when removing the paint.

5. Soil with low lead content may be covered with grass, other plantings, concrete, or asphalt. For soil with high lead content, removal and abatement are required.

Any action to abate existing lead hazards shall be taken only by contractors, inspectors, and workers certified by the California Department of Public Health in accordance with 17 CCR 35001-35099. (Education Code 32243)

ENVIRONMENTAL SAFETY (continued)

The Superintendent or designee shall notify parent/guardians, teachers, and staff members if significant risk factors for lead exposure are found. (Education Code 32243)

Prevention of Mercury Exposure

The Superintendent or designee shall identify any mercury-containing products that are present in district facilities and, to the extent possible, shall replace them with mercury-free alternatives.

Staff shall receive information about proper procedures to follow in the event of a mercury spill. Clean-up instructions, a clearly labeled kit with necessary clean-up supplies, and a list of local resources shall be readily accessible.

In the event of a spill, staff shall evacuate all students from the immediate area of the spill, ensure that any clothing or other items with mercury on them remain in the room, open windows to the outside, and close doors to other parts of the school. Staff who are trained in proper clean-up procedures may carefully clean a small spill. As needed for larger or difficult-to-clean spills, the Superintendent or designee shall use an experienced professional referred by the local health department or environmental agency.

Any products containing mercury shall be properly disposed at an appropriate hazardous waste collection facility.

Asbestos Management

The Superintendent shall designate an employee who shall ensure that the district's responsibilities related to asbestos inspection and abatement are implemented in accordance with federal and state regulations. This employee shall receive adequate training to perform these duties, including, as necessary, training on the health effects of asbestos; detection, identification, and assessment of asbestos-containing building materials; options for controlling asbestos-containing building materials; asbestos management programs; and relevant federal and state regulations. (40 CFR 763.84)

(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

The designated employee shall ensure that the district complies with the following requirements:

1. School facilities shall be inspected for asbestos-containing building materials as necessary in accordance with the following:

ENVIRONMENTAL SAFETY (continued)

c. At least once every three years, the district shall conduct a re-inspection of all known or assumed asbestos-containing building materials in each school building. (40 CFR 763.85)

2. Based on the results of the inspection, an appropriate response which is sufficient to protect human health and the environment shall be determined from among the options specified in 40 CFR 763.90. The district may select the least burdensome response, taking into consideration local circumstances, including occupancy and use patterns within the school building and economic concerns such as short-term and long-term costs. (40 CFR 763.90)

3. An asbestos management plan for each school site shall be maintained and regularly updated to keep it current with ongoing operations and maintenance, periodic surveillance, inspection, re-inspection, and response action activities. (15 USC 2643; 40 CFR 763.93)

   The asbestos management plan shall be available for inspection in district and school offices during normal business hours. Parent/guardian, teacher, and employee organizations shall be annually informed of the availability of these plans. (40 CFR 763.84, 763.93)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)
(cf. 5145.6 - Parental Notifications)

4. Staff, students, and parents/guardians shall be informed at least once each school year about any inspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities, that are planned or in progress. (40 CFR 763.84)

5. Inspections, re-inspections, periodic surveillance, and response actions, including operations and maintenance, shall be conducted in compliance with state and federal regulations for the protection and safety of workers and all other individuals. (Education Code 49410.5; 40 CFR 763.84, 763.90)

ENVIRONMENTAL SAFETY (continued)

Asbestos inspection and abatement work, preparation of a management plan, and any maintenance activities that may disturb asbestos-containing building materials, except for emergency repairs or small-scale, short-duration maintenance activities, shall be completed by state-certified asbestos inspectors or contractors. (15 USC 2646; 40 CFR 763.84, 763.85, 763.91)

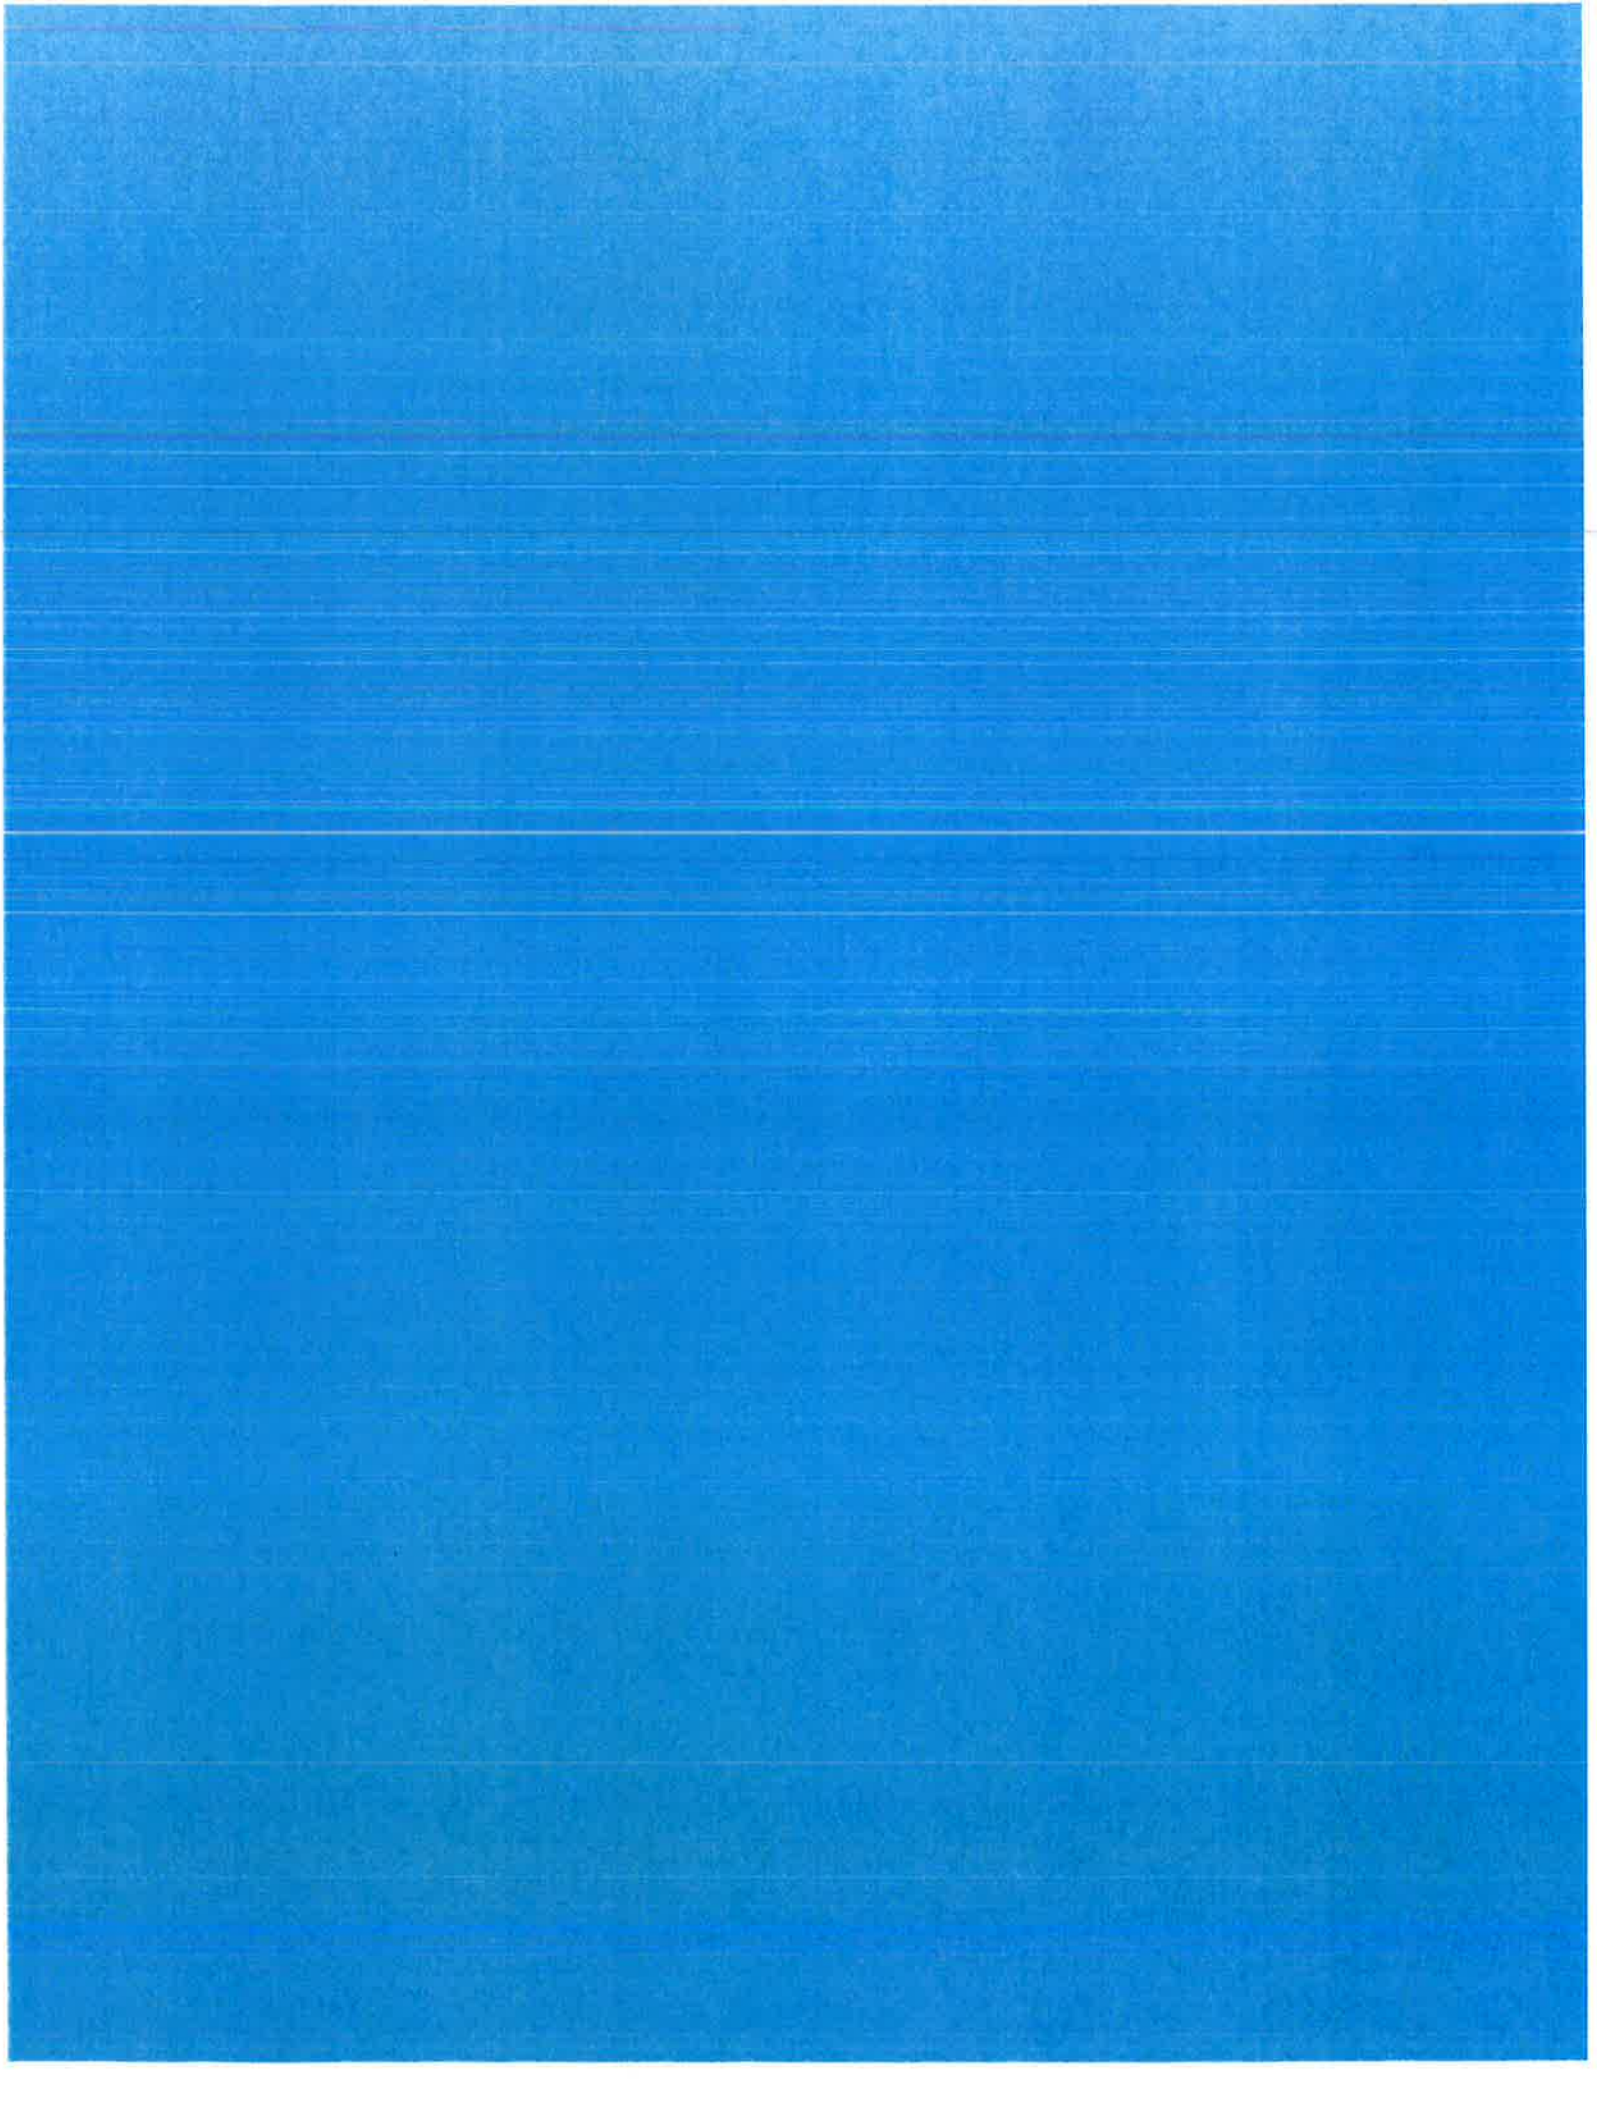

6. All custodial and maintenance employees shall be properly trained in accordance with applicable federal and/or state regulations. (40 CFR 763.84)

   All district maintenance and custodial staff who may work in a building that contains asbestos-containing building materials, regardless of whether they are required to work with such materials, shall receive at least two hours of related asbestos awareness training. New maintenance and custodial staff shall receive such training within 60 days after beginning employment. Any maintenance or custodial staff who conduct activities that will disturb asbestos-containing building materials shall receive 14 hours of additional training. The trainings shall address the topics specified in 40 CFR 763.92. (15 USC 2655; 40 CFR 763.84, 763.92)

7. Short-term workers, such as telephone repair workers, utility workers, or exterminators, who may come in contact with asbestos in a school shall be provided information regarding the locations of known or suspected asbestos-containing building materials. (40 CFR 763.84)

(40 CFR 763.94)

TRANSPORTATION

The Governing Board desires to provide for the safe and efficient transportation of students to and from school as necessary to ensure student access to the educational program, promote regular attendance, and reduce tardiness. In determining the extent to which the district will provide transportation services, the Board shall weigh student and community needs against the cost of providing such services.

(cf. 4157.1/4257.1/4357.1 - Work-Related Injuries)

2. Pregnancy, miscarriage, childbirth, and related recovery (Education Code 44965, 44978)

(cf. 4161.8/4261.8/4361.8 - Family Care and Medical Leave)

(cf. 4161.2/4261.2/4361.2 - Personal Leaves)

4. Medical and dental appointments, in increments of not less than one hour

5. Industrial accidents or illnesses when leave granted specifically for that purpose has been exhausted (Education Code 44984)

(cf. 4161.11/4261.11/4361.11 - Industrial Accident/Illness Leave)

6. Need of the employee to bond with a child within one year of the child's birth, adoption, or foster care placement (parental leave) (Education Code 44977.5; Government Code 12945.2, 12945.6; 29 USC 2612; 29 CFR 825.112)

7. Need of the employee or employee's family member, as defined in Labor Code 245.5, for the diagnosis, care, or treatment of an existing health condition or for preventive care (Labor Code 233, 246.5)

PERSONAL ILLNESS/INJURY LEAVE (continued)

8. Need of the employee to seek or obtain any relief or medical attention specified in Labor Code 230(c) and/or 230.1(a) for the health, safety, or welfare of the employee or the employee's child, when the employee has been a victim of domestic violence, sexual assault, or stalking (Labor Code 233, 246.5)

For the purposes specified in items #7-8, an employee may use, in any calendar year, the amount of sick leave that would be accrued during six months at the employee's then current rate of entitlement. (Labor Code 233)

An employee may take sick leave at any time during the school year, even if credit for sick leave has not yet been accrued. (Education Code 44978)

An employee shall reimburse the district for any unearned sick leave used as of the date of termination.

Unused days of sick leave shall be accumulated from year to year without limitation. (Education Code 44978)

At the beginning of each school year, employees shall be notified of the amount of sick leave they have accumulated.

The district shall not require new employees to waive leave accumulated in a previous district. (Education Code 44979, 44980)

The Superintendent or designee shall notify any certificated employee who leaves the district after at least one school year of employment that if the employee accepts a certificated position in another district, county office of education, or community college district within one year, the employee may request that the district transfer any accumulated sick leave to the new employer. (Education Code 44979, 44980)

Additional Leave for Disabled Military Veterans

In addition to any other entitlement for sick leave with pay, a certificated employee who is a former active duty member of the U.S. Armed Forces or a former or current member of the California National Guard or a federal reserve component shall be entitled to sick leave with pay of up to 10 days for the purpose of undergoing medical treatment, including mental health treatment, for a military service-connected disability rated at 30 percent or more by the U.S. Department of Veterans Affairs. An eligible employee who works less than five days per week shall be entitled to such leave in proportion to the time worked. (Education Code 44978.2)

PERSONAL ILLNESS/INJURY LEAVE (continued)

The amount of leave shall be credited to the employee either on the date the employee receives confirmation of the submission of the disability application to the U.S. Department of Veterans Affairs or on the first day the employee begins or returns to employment after active duty, whichever is later. When the employee receives the disability rating decision, the employee shall report that information to the Superintendent or designee. If the disability rating decision makes the employee eligible for the leave, the time used before the decision shall be counted toward the 10-day maximum leave. If the disability rating decision makes the employee ineligible for the leave, the district may change the sick leave time used before the disability rating decision to an alternative leave balance. (Education Code 44978.2)

The Superintendent or designee may require verification, in accordance with the section "Verification Requirements" below, that the employee used the leave to obtain treatment of a military service-connected disability.

Leave for military-service connected disability shall be available for 12 months following the first date that the leave was credited. Leave not used during the 12-month period shall not be carried over and shall be forfeited. (Education Code 44978.2)

Notification of Absence

An employee shall notify the district of the need to be absent as soon as such need is known, so that substitute services may be secured. This notification shall include an estimate of the expected duration of absence. If the absence becomes longer than estimated, the employee shall so notify the district. If the duration of absence becomes shorter than estimated, the employee shall notify the district not later than three o'clock in the afternoon of the day preceding the day on which the employee intends to return to work. If the employee fails to notify the district and the failure results in a substitute being secured, the cost of the substitute shall be deducted from the employee's pay.

(cf. 4121 - Temporary/Substitute Personnel)

Continued Absence After Available Sick Leave Is Exhausted/Differential Pay

OPTION 1:

During each school year, when a certificated employee has exhausted all available sick leave, including all accumulated sick leave, and, due to illness or accident, continues to be absent for an additional period of up to five school months, the district shall deduct from the employee's regular salary for that period the actual cost of a substitute to fill the position. If the district has made every reasonable effort to secure the services of a substitute and has been unable to do so, the amount that would have been paid to a substitute shall be deducted from the employee's salary. (Education Code 44977)

PERSONAL ILLNESS/INJURY LEAVE (continued)

An employee shall not be provided more than one five-month period per illness or accident. However, if the school year ends before the five-month period is exhausted, the employee may take the balance of the five-month period in a subsequent school year. (Education Code 44977)

OPTION 2:

~~After a certificated employee has exhausted all available sick leave, including all accumulated sick leave, and, due to illness or accident, continues to be absent for an additional period of up to five months, the employee shall receive at least 50 percent of the employee's regular salary during the additional period of absence. (Education Code 44983)~~

Absence Beyond Five-Month Period/Reemployment List

If a certificated employee is not medically able to return to work after the five-month period provided pursuant to Education Code 44977, the employee shall be placed either in another position or on a reemployment list. Placement on the reemployment list shall be for 24 months for probationary employees or 39 months for permanent employees and shall begin at the expiration of the five-month period. If during this time the employee becomes medically able, the employee shall be returned to employment in a position for which the employee is credentialed and qualified. (Education Code 44978.1)

(cf. 4116 - Probationary/Permanent Status)

Parental Leave

During each school year, a certificated employee may use all available sick leave, including accumulated sick leave, for the purpose of parental leave for a period of up to 12 work weeks. The 12-week period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of such parental leave. (Education Code 44977.5)

Eligibility for such leave shall not require 1,250 hours of service with the district during the previous 12 months. (Education Code 44977.5)

An employee who has exhausted all available sick leave, including accumulated sick leave, and continues to be absent on account of parental leave shall receive differential pay of at least 50 percent of the employee's regular salary for the remainder of the 12 work weeks. (Education Code 44977.5)

PERSONAL ILLNESS/INJURY LEAVE (continued)

Parental leave taken pursuant to Education Code 44977.5 shall run concurrently with the parental leave taken pursuant to Government Code 12945.2 or 12945.6, and the aggregate amount of parental leave shall not exceed 12 work weeks in a 12-month period. (Education Code 44977.5; Government Code 12945.2, 12945.6)

Verification Requirements

After any absence due to illness or injury, the employee shall verify the absence by submitting a completed and signed district absence form to the employee's immediate supervisor.

The Superintendent or designee may require verification whenever an employee's absence record shows chronic absenteeism or a pattern of absences immediately before or after weekends and/or holidays or whenever available evidence clearly indicates that an absence is not related to illness or injury.

In addition, the Superintendent or designee may require an employee to visit a physician selected by the district, at district expense, in order to receive a report on the employee's need for further leave of absence and a prognosis as to when the employee will be able to return to work. If the report concludes that the employee's condition does not warrant continued absence, the Superintendent or designee may, after giving notice to the employee, deny further leave.

Any district request for additional verification by an employee's physician or a district-selected physician shall be in writing and shall specify that the report to be submitted to the district should not contain the employee's genetic information. Any genetic information received by the district on behalf of an employee shall be treated as a confidential medical record, maintained in a file separate from the employee's personnel file, and not be disclosed except in accordance with 29 CFR 1635.9.

Before returning to work, an employee who has been absent for surgery, hospitalization, or extended medical treatment may be asked to submit a letter from a physician stating that the employee is able to return to duty and stipulating any necessary restrictions or limitations.

(cf. 4032 - Reasonable Accommodation)
(cf. 4113.4/4213.4/4313.4 - Temporary Modified/Light-Duty Assignment)

Healthy Workplaces, Healthy Families Act Requirements

No employee shall be denied the right to use accrued sick days, and the district shall not in any manner discriminate or retaliate against an employee for using or attempting to use sick leave, filing a complaint with the Labor Commissioner, or alleging district violation of Labor Code 245-249.

PERSONAL ILLNESS/INJURY LEAVE (continued)

To ensure the district's compliance with Labor Code 245-249, the Superintendent or designee shall:

1. At a conspicuous location in each workplace, display a poster on paid sick leave that includes the following information:

   a. That an employee is entitled to accrue, request, and use paid sick days

   b. The number of sick days provided by Labor Code 245-249

   c. The terms of use of paid sick days

   d. That discrimination or retaliation against an employee for requesting and/or using sick leave is prohibited by law and that an employee has the right to file a complaint with the Labor Commissioner if the district discriminates or retaliates against the employee

2. Provide at least 24 hours or three days of paid sick leave to each eligible employee to use per year and allow eligible employees to use accrued sick leave upon reasonable request

3. Provide eligible employees written notice, on their pay stub or other document issued with their pay check, of the amount of paid sick leave they have available

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

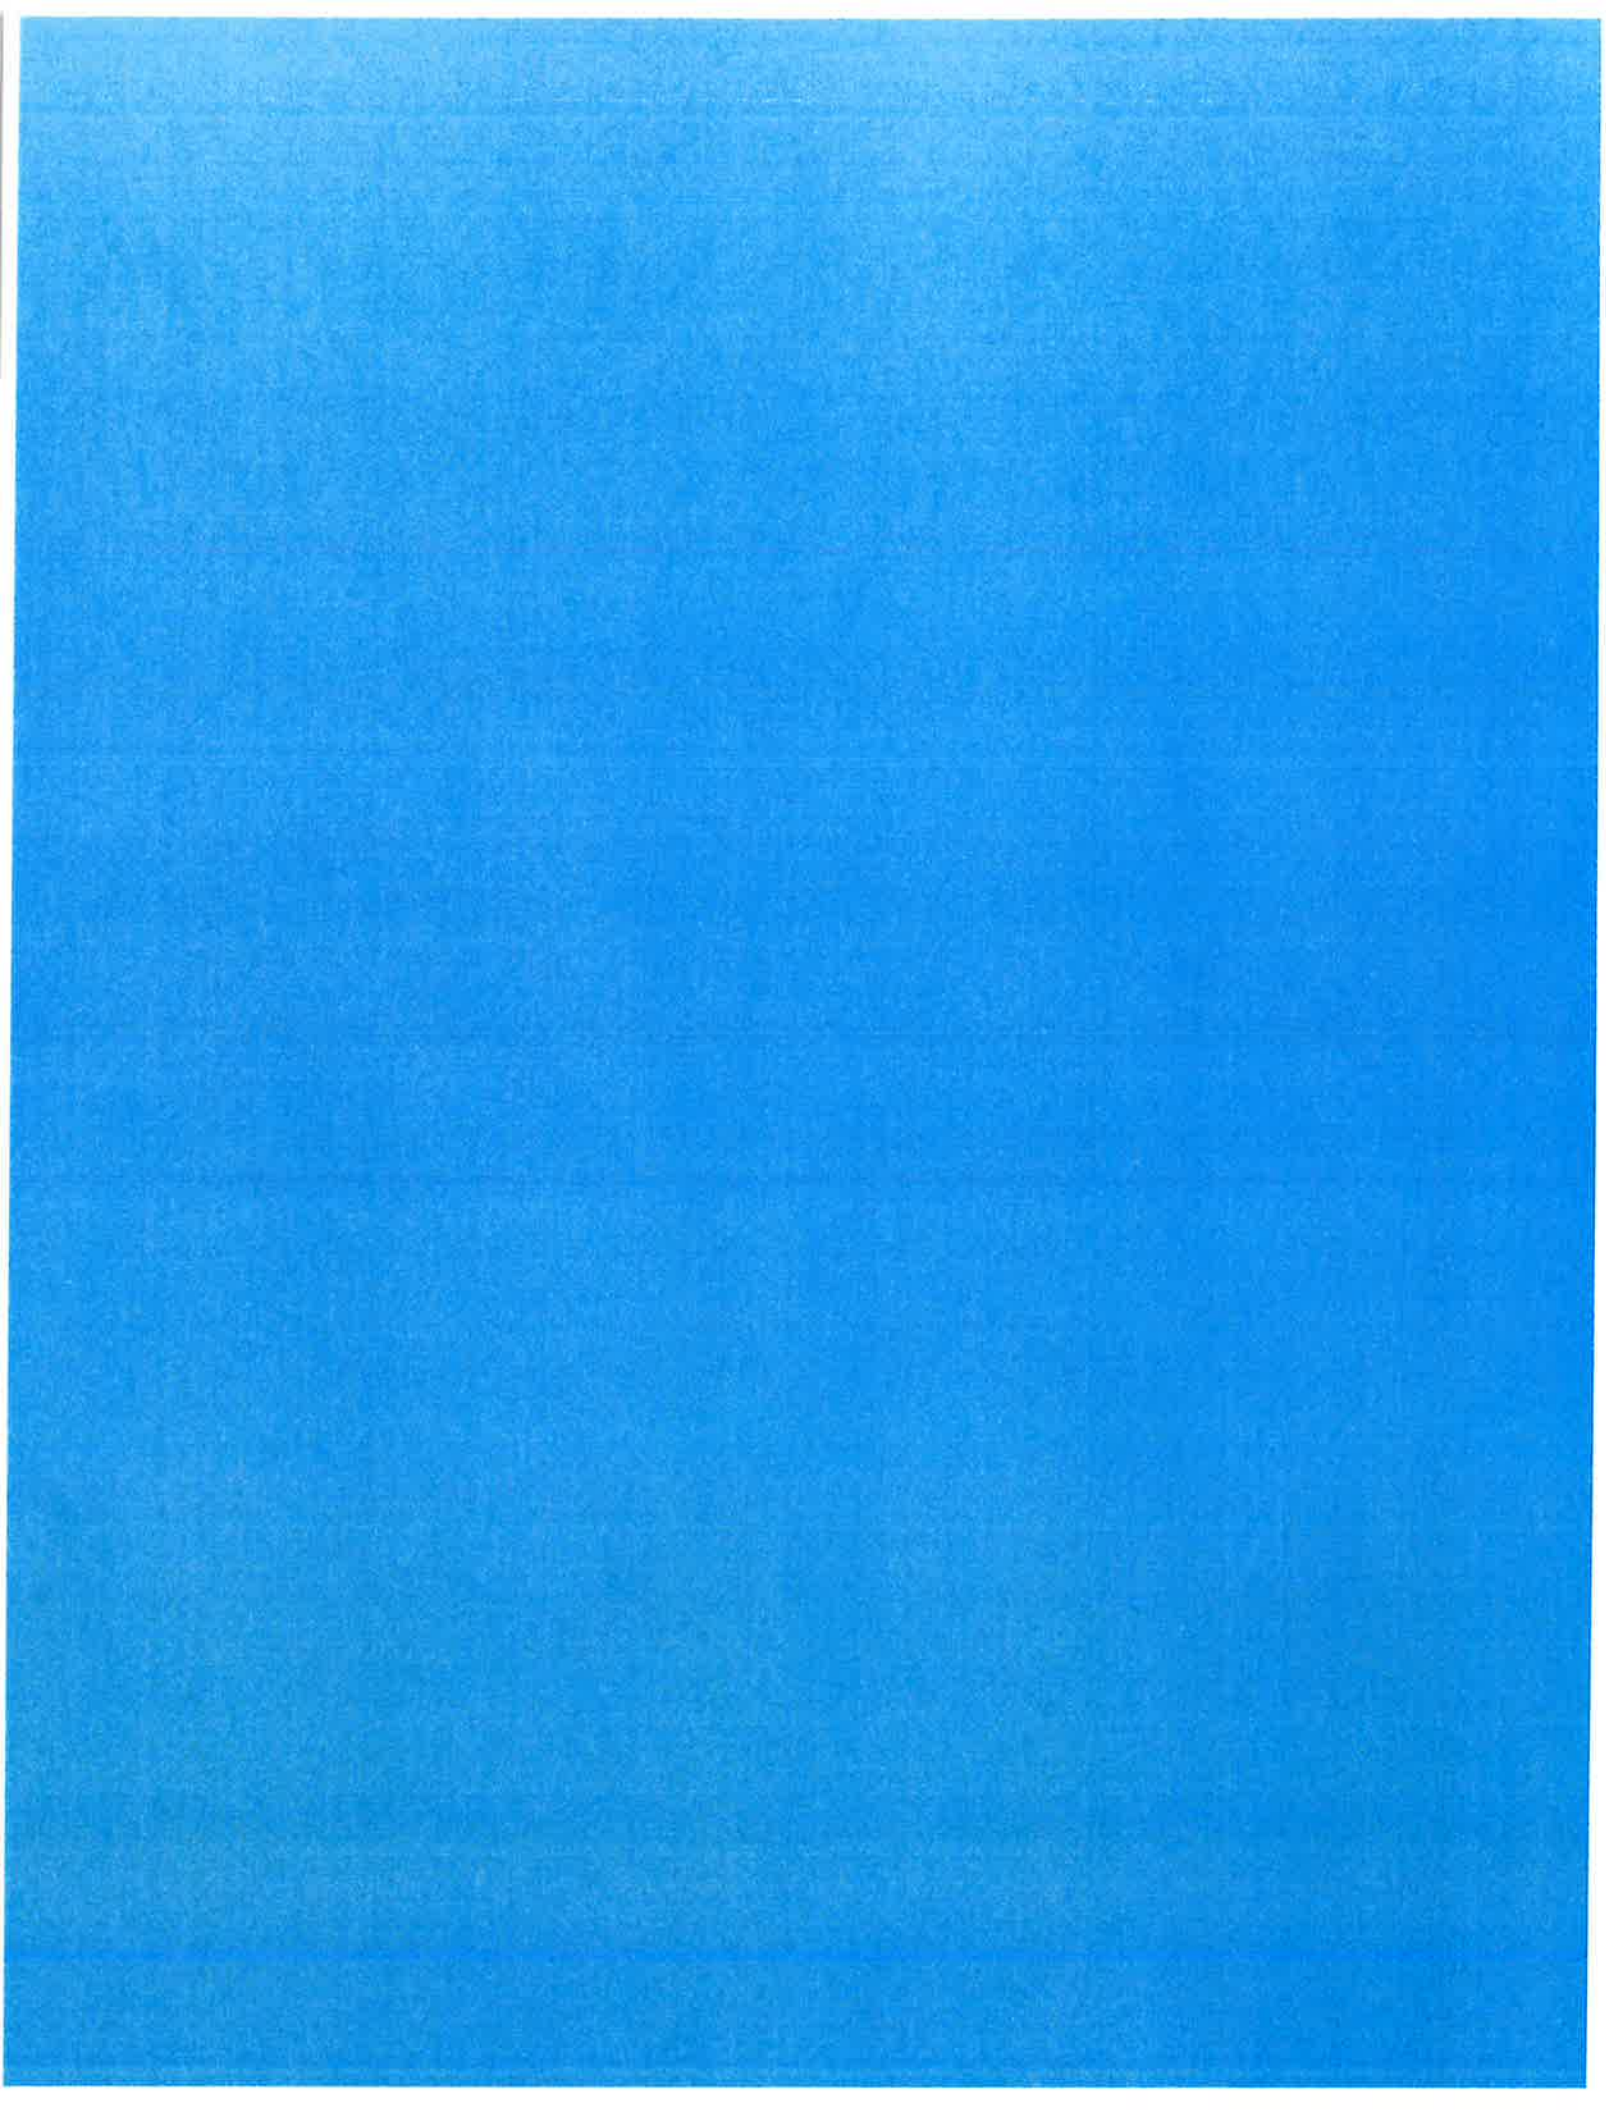

4. Keep a record documenting the hours worked and paid sick days accrued and used by each eligible employee for three years

PERSONAL ILLNESS/INJURY LEAVE

Classified employees employed five days a week are entitled to 12 days' leave of absence with full pay for personal illness or injury (sick leave) per fiscal year. Employees who work less than a full fiscal year or fewer than five days a week (part-time employees) shall be granted sick leave in proportion to the time they work. However, part-time employees who are entitled to less than 24 hours of paid sick leave per fiscal year due to the amount of time worked shall be granted sick leave pursuant to Labor Code 246, if they are eligible. (Education Code 45191; Labor Code 245-249)

(cf. 4161/4261/4361 - Leaves)
(cf. 4161.9/4261.9/4361.9 - Catastrophic Leave Program)

Use of Sick Leave

A classified employee may use sick leave for absences due to:

1. Accident or illness, whether or not the absence arises out of or in the course of employment, or by quarantine which results from contact in the course of employment with other persons having a contagious disease (Education Code 45199)

2. Pregnancy, childbirth, and recovery (Education Code 45193)

(cf. 4161.8/4261.8/4361.8 - Family Care and Medical Leave)

3. Personal necessity as specified in Education Code 45207

(cf. 4161.2/4261.2/4361.2 - Personal Leaves)

4. Medical and dental appointments, in increments of not less than one hour

5. Industrial accident or illness when leave granted specifically for that purpose has been exhausted (Education Code 45192)

(cf. 4161.11/4261.11/4361.11 - Industrial Accident/Illness Leave)

6. Need of an employee to bond with a child within one year of the child's birth, adoption, or foster care placement (parental leave) (Education Code 45196.1; Government Code 12945.2, 12945.6; 29 USC 2612; 29 CFR 825.112)

7. Need of the employee or the employee's family member, as defined in Labor Code 245.5, for the diagnosis, care, or treatment of an existing health condition or for preventive care (Labor Code 233, 246.5)

8. Need of the employee to seek or obtain any relief or medical attention specified in Labor Code 230(c) and 230.1(a) for the health, safety, or welfare of the employee or the employee's child, when the employee has been a victim of domestic violence, sexual assault, or stalking (Labor Code 233, 246.5)

PERSONAL ILLNESS/INJURY LEAVE (continued)

For the purposes specified in items #7-8, an employee may use, in any calendar year, the amount of sick leave that would be accrued during six months at the employee's then current rate of entitlement. (Labor Code 233)

An employee may take leave for personal illness or injury at any time during the year, even if credit for such leave has not yet been accrued. However, a new full-time classified employee shall not be entitled to more than six days of sick leave, or the proportionate amount to which the employee may be entitled, until the first day of the month after the employee has completed six months of active service with the district. (Education Code 45191)

Unused days of sick leave shall be accumulated from year to year without limitation. (Education Code 45191)

An employee shall reimburse the district for any unearned sick leave used as of the date of termination.

The district shall not require newly employed classified employees to waive leave accumulated in a previous district. However, if the employee's previous employment was terminated for cause, the transfer of the accumulated leave shall be made only if approved by the Governing Board. (Education Code 45202)

The Superintendent or designee shall notify any classified employee whose employment with the district is terminated after at least one calendar year for reasons other than for cause that, if the employee accepts employment in another district, county office of education, or community college district within one year of the termination of employment, the employee may request that the district transfer any accumulated sick leave to the new employer. (Education Code 45202)

Additional Leave for Disabled Military Veterans

In addition to any other entitlement for sick leave with pay, a classified employee who is a former active duty member of the U.S. Armed Forces or a former or current member of the California National Guard or a federal reserve component shall be entitled to sick leave with pay of up to 12 days for the purpose of undergoing medical treatment, including mental health treatment, for a military service-connected disability rated at 30 percent or higher by the U.S. Department of Veterans Affairs. An eligible employee who works less than five days per week shall be entitled to such leave in proportion to the time worked. (Education Code 45191.5)

The amount of leave shall be credited to the employee either on the date the employee receives confirmation of the submission of the disability application to the U.S. Department of Veterans Affairs or on the first day the employee begins or returns to employment after

PERSONAL ILLNESS/INJURY LEAVE (continued)

active duty, whichever is later. When the employee receives the disability rating decision, the employee shall report that information to the Superintendent or designee. If the disability rating decision makes the employee eligible for the leave, the time used before the decision shall be counted toward the 12-day maximum leave. If the disability rating decision makes the employee ineligible for the leave, the district may change the sick leave time used before the disability rating decision to an alternative leave balance. (Education Code 45191.5)

The Superintendent or designee may require verification, in accordance with the section "Verification Requirements" below, that the employee used the leave to obtain treatment of a military service-connected disability.

Leave for military-service connected disability shall be available for 12 months following the first date that the leave was credited. Leave not used during the 12-month period shall not be carried over and shall be forfeited. (Education Code 45191.5)

Notification of Absence

An employee shall notify the Superintendent or the designated manager or supervisor of the need to be absent as soon as such need is known so that the services of a substitute may be secured as necessary. This notification shall include an estimate of the expected duration of absence. If the absence becomes longer than estimated, the employee shall so notify the district. If the duration of absence becomes shorter than estimated, the employee shall notify the district not later than three o'clock in the afternoon of the day preceding the day on which the employee intends to return to work. If the employee fails to notify the district and the failure results in a substitute being secured, the cost of the substitute shall be deducted from the employee's pay.

Continued Absence After Available Sick Leave Is Exhausted/Differential Pay

OPTION 1:

When a classified employee has exhausted all paid leaves, including sick leave, and continues to be absent on account of illness or injury for a period of five months or less, the district shall deduct from the employee's regular salary for that period an amount that does not exceed the actual cost of a substitute to fill the position. (Education Code 45196)

The five-month period shall commence on the first day of the leave of absence and shall run concurrently with any other paid leave.

OPTION 2:

~~Each year, each regular classified employee shall be credited with no fewer than 100 working days of paid leave for personal illness or injury, including current year and accumulated days of leave. When the current year and accumulated days at full pay are exhausted, the~~

PERSONAL ILLNESS/INJURY LEAVE (continued)

~~remainder of the 100 days shall be compensated at least 50 percent of the employee's regular salary. Any of the 100 days of leave not used during the year in which they are credited shall be forfeited and shall not accumulate from year to year. This paid leave shall be exclusive of any other paid leave, holidays, vacation, or compensatory time to which the employee may be entitled. (Education Code 45196)~~

Parental Leave

During each school year, a classified employee may use all available sick leave, including accumulated sick leave, for the purpose of parental leave for a period of up to 12 work weeks. The 12-week period shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of such parental leave. (Education Code 45196.1)

Eligibility for such leave shall not require 1,250 hours of service with the district during the previous 12 months. (Education Code 45196.1)

An employee who has exhausted all available sick leave, including accumulated sick leave, and continues to be absent on account of parental leave shall receive differential pay of at least 50 percent of the employee's regular salary for the remainder of the 12 work weeks. (Education Code 45196.1)

Parental leave taken pursuant to Education Code 45196.1 shall run concurrently with the parental leave taken pursuant to Government Code 12945.2 or 12945.6, and the aggregate amount of parental leave shall not exceed 12 work weeks in a 12-month period. (Education Code 45196.1; Government Code 12945.2, 12945.6)

Extension of Leave

A permanent employee who is absent because of a personal illness or injury and who has exhausted all available sick leave, vacation, compensatory overtime, and any other paid leave shall be so notified, in writing, and offered an opportunity to request additional leave. The Board may grant the employee additional leave, paid or unpaid, for a period not to exceed six months and may renew this leave for two additional six-month periods or for lesser periods. The total additional leave granted shall not exceed 18 months. (Education Code 45195)

(cf. 4216 - Probationary/Permanent Status)

If the employee is still unable to return to work after all available paid and unpaid leaves have been exhausted, the employee shall be placed on a reemployment list for a period of 39 months. If during this time the employee becomes medically able, the employee shall be offered reemployment in the first vacancy in the classification of the employee's previous

PERSONAL ILLNESS/INJURY LEAVE (continued)

assignment. During the 39 months, the employee's reemployment shall take preference over all other applicants except those laid off for lack of work or lack of funds, in which case the employee shall be ranked according to seniority. (Education Code 45195)

Verification Requirements

After any absence due to illness or injury, the employee shall submit a completed and signed district absence form to the employee's immediate supervisor.

The Superintendent or designee may require verification whenever an employee's absence record shows chronic absenteeism or a pattern of absences immediately before or after weekends and/or holidays or whenever available evidence clearly indicates that an absence is not related to illness or injury.

In addition, the Superintendent or designee may require an employee to visit a physician selected by the district, at district expense, in order to receive a report on the medical condition of the employee. The report shall include a statement as to the employee's need for additional leave of absence and a prognosis as to when the employee will be able to return to work. If the report concludes that the employee's condition does not warrant continued absence, the Superintendent or designee may, after giving notice to the employee, deny the request for additional leave.

Any district request for additional verification by an employee's physician or a district-selected physician shall be in writing and shall specify that the report to be submitted to the district should not contain the employee's genetic information. Any genetic information received by the district on behalf of an employee shall be treated as a confidential medical record, maintained in a file separate from the employee's personnel file, and shall not be disclosed except in accordance with 29 CFR 1635.9.

Before returning to work, an employee who has been absent for surgery, hospitalization, or extended medical treatment may be asked to submit a letter from a physician stating that the employee is able to return to work and stipulating any necessary restrictions or limitations.

Short-term or substitute employees may begin to use accrued paid sick days on the 90th day of their employment, after which they may use the sick days as they are accrued. (Labor Code 246)

A short-term or substitute employee may use accrued sick leave for absences due to: (Labor Code 246.5)

BULLYING

Definitions

Bullying is an unwanted, aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and involves repetition or potential repetition of a deliberate act.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

(cf. 5145.2 - Freedom of Speech/Expression)
(cf. 6163.4 - Student Use of Technology)

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. Physical bullying that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures

2. Verbal bullying that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm

3. Social/relational bullying that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public

4. Cyberbullying, such as sending demeaning or hateful text messages or emails, sending rumors by email or by posting on social networking sites, or posting embarrassing photos, videos, web site, or fake profiles

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate

(cf. 5131 - Conduct)
(cf. 5137 - Positive School Climate)

BULLYING (continued)

2. Providing to students, through student handbooks and other age-appropriate means, information about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying

3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously

4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias

5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so

Staff Development

The Superintendent or designee shall make the California Department of Education's online training module on the dynamics of bullying and cyberbullying, which includes the identification of bullying and cyberbullying and the implementation of strategies to address bullying, available annually to all certificated staff and to other employees who have regular interaction with students. (Education Code 32283.5)

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences

2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims

3. Identify the signs of bullying or harassing behavior

4. Take immediate corrective action when bullying is observed

BULLYING (continued)

5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

(cf. 6142.8 - Comprehensive Health Education)
(cf. 6142.94 - History-Social Science Instruction)

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

(cf. 1312.3 - Uniform Complaint Procedures)

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee

BULLYING (continued)

who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))
(cf. 6159.4 - Behavioral Interventions for Special Education Students)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

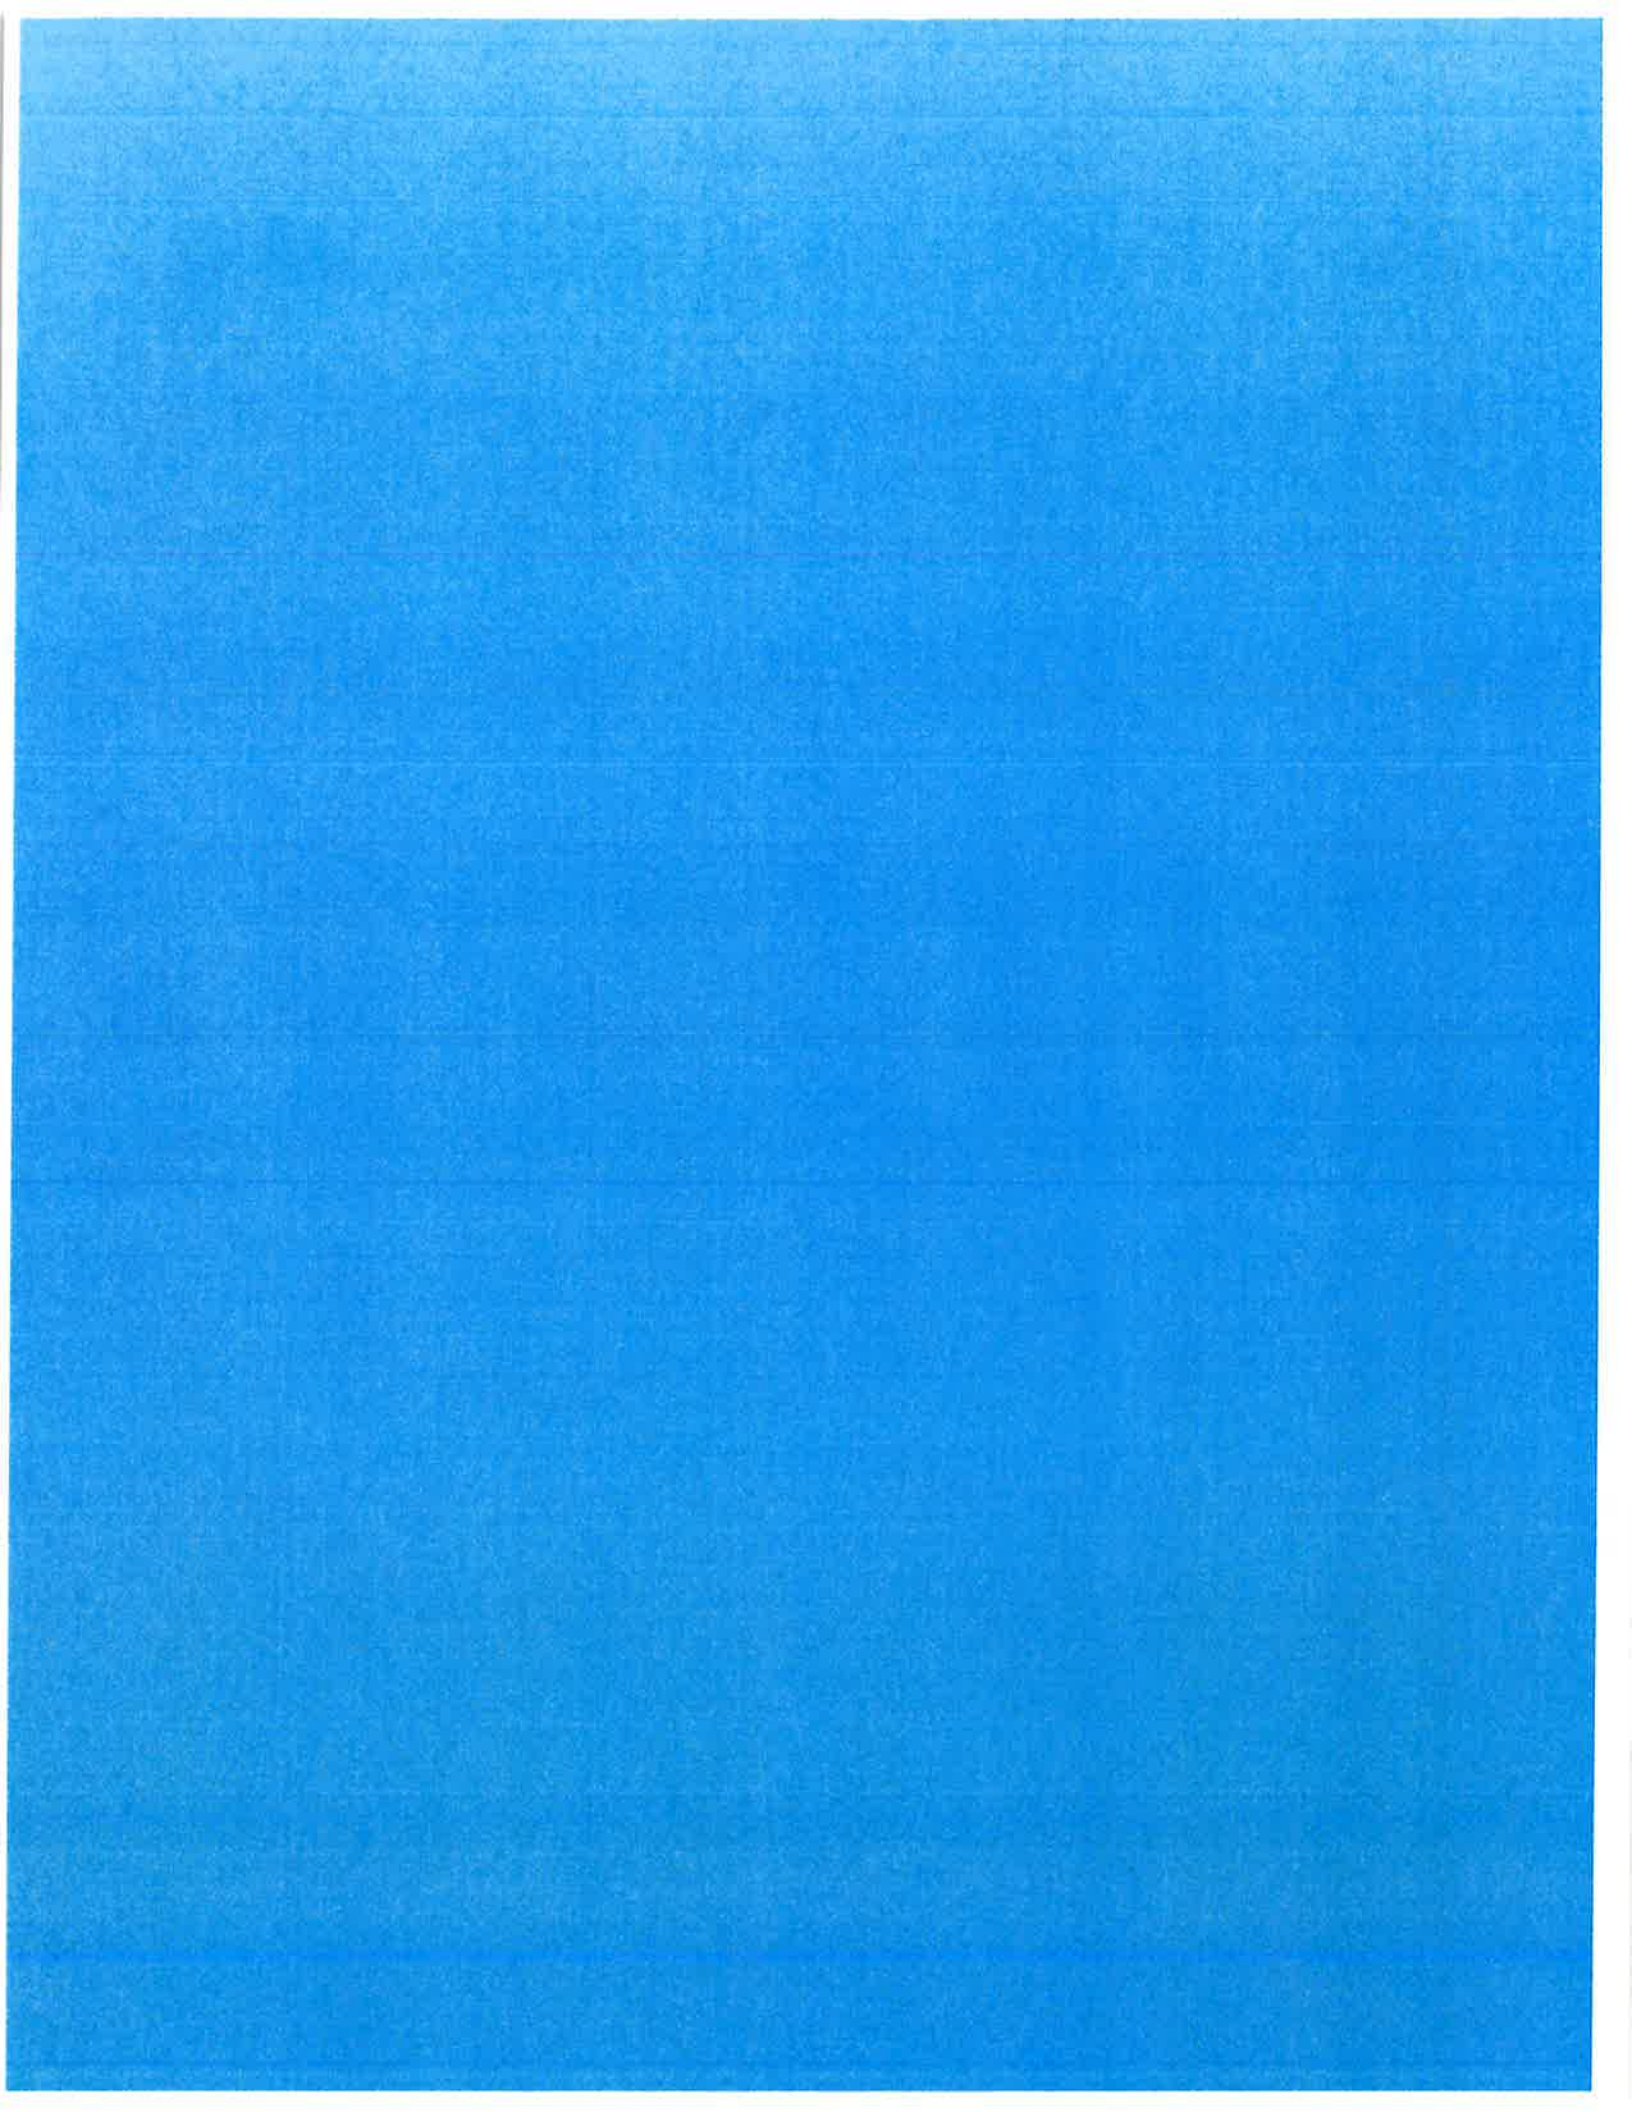

(cf. 6164.2 - Guidance/Counseling Services)

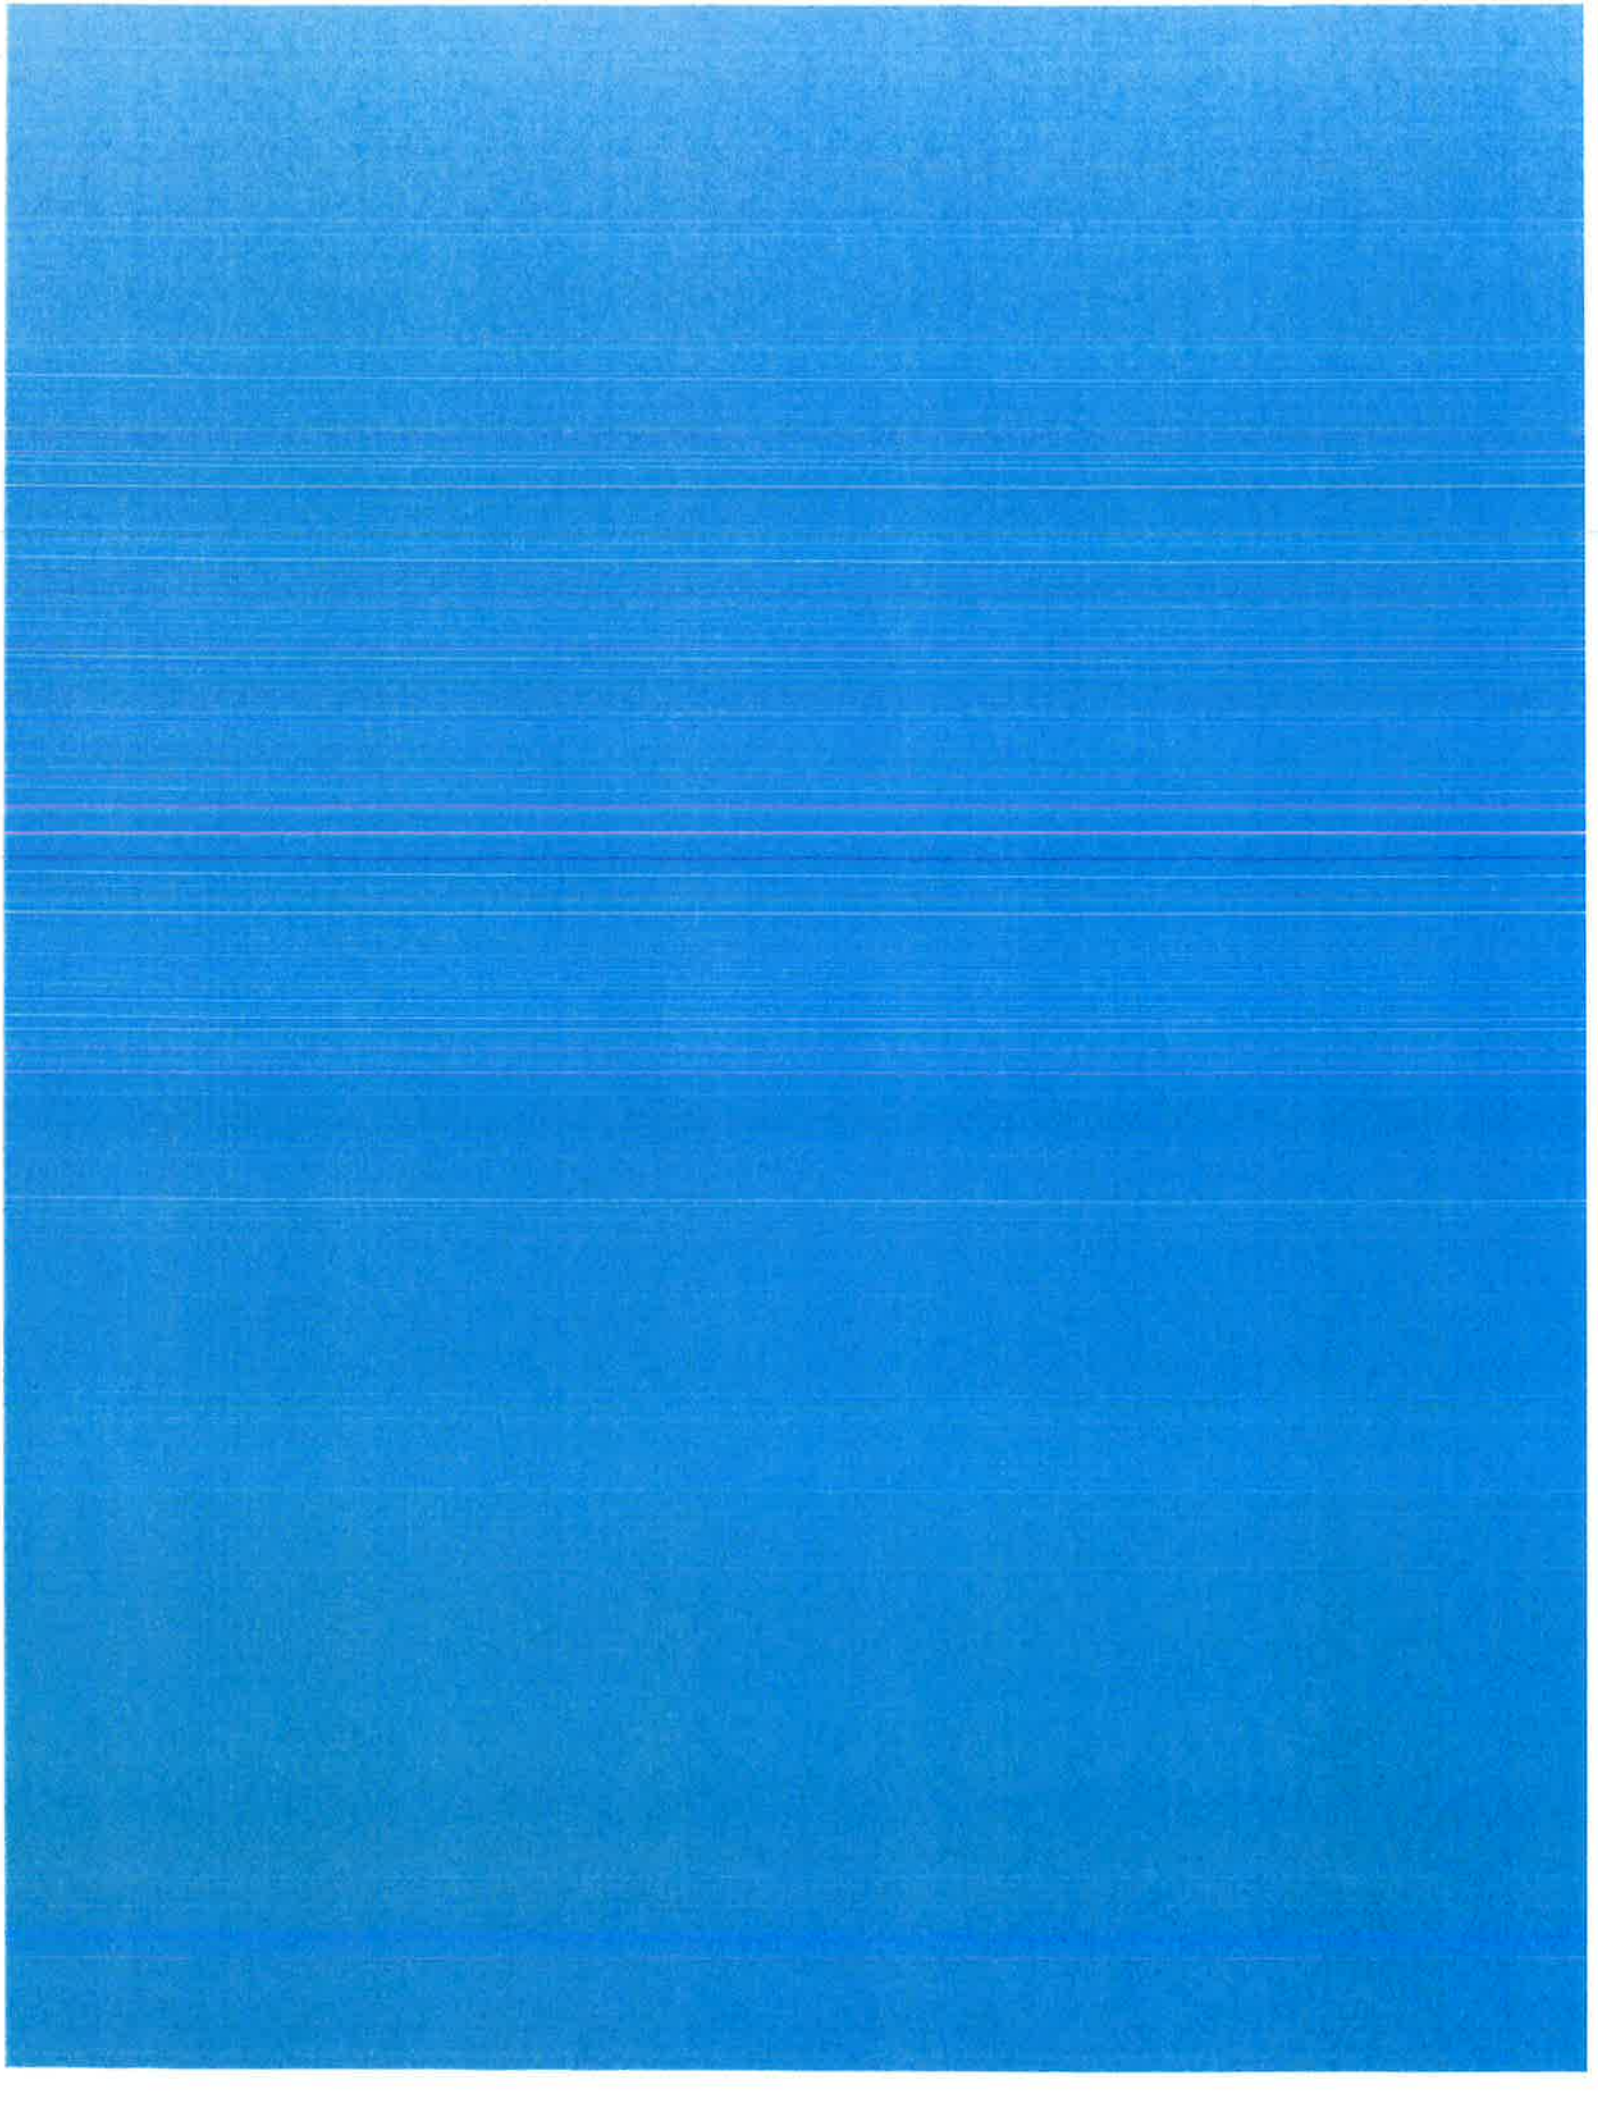

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate,

(cf. 5141.52 - Suicide Prevention)

DRESS AND GROOMING

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or is likely to cause a substantial disruption to the educational program.

(cf. 4119.22/4219.22/4319.22 - Dress and Grooming)

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 0415 - Equity)
(cf. 5145.2 - Freedom of Speech/Expression)

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

(cf. 5144 - Discipline)

DRESS AND GROOMING (continued)

Gang-Related Apparel

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

(cf. 0450 - Comprehensive Safety Plan)
(cf. 5136 - Gangs)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

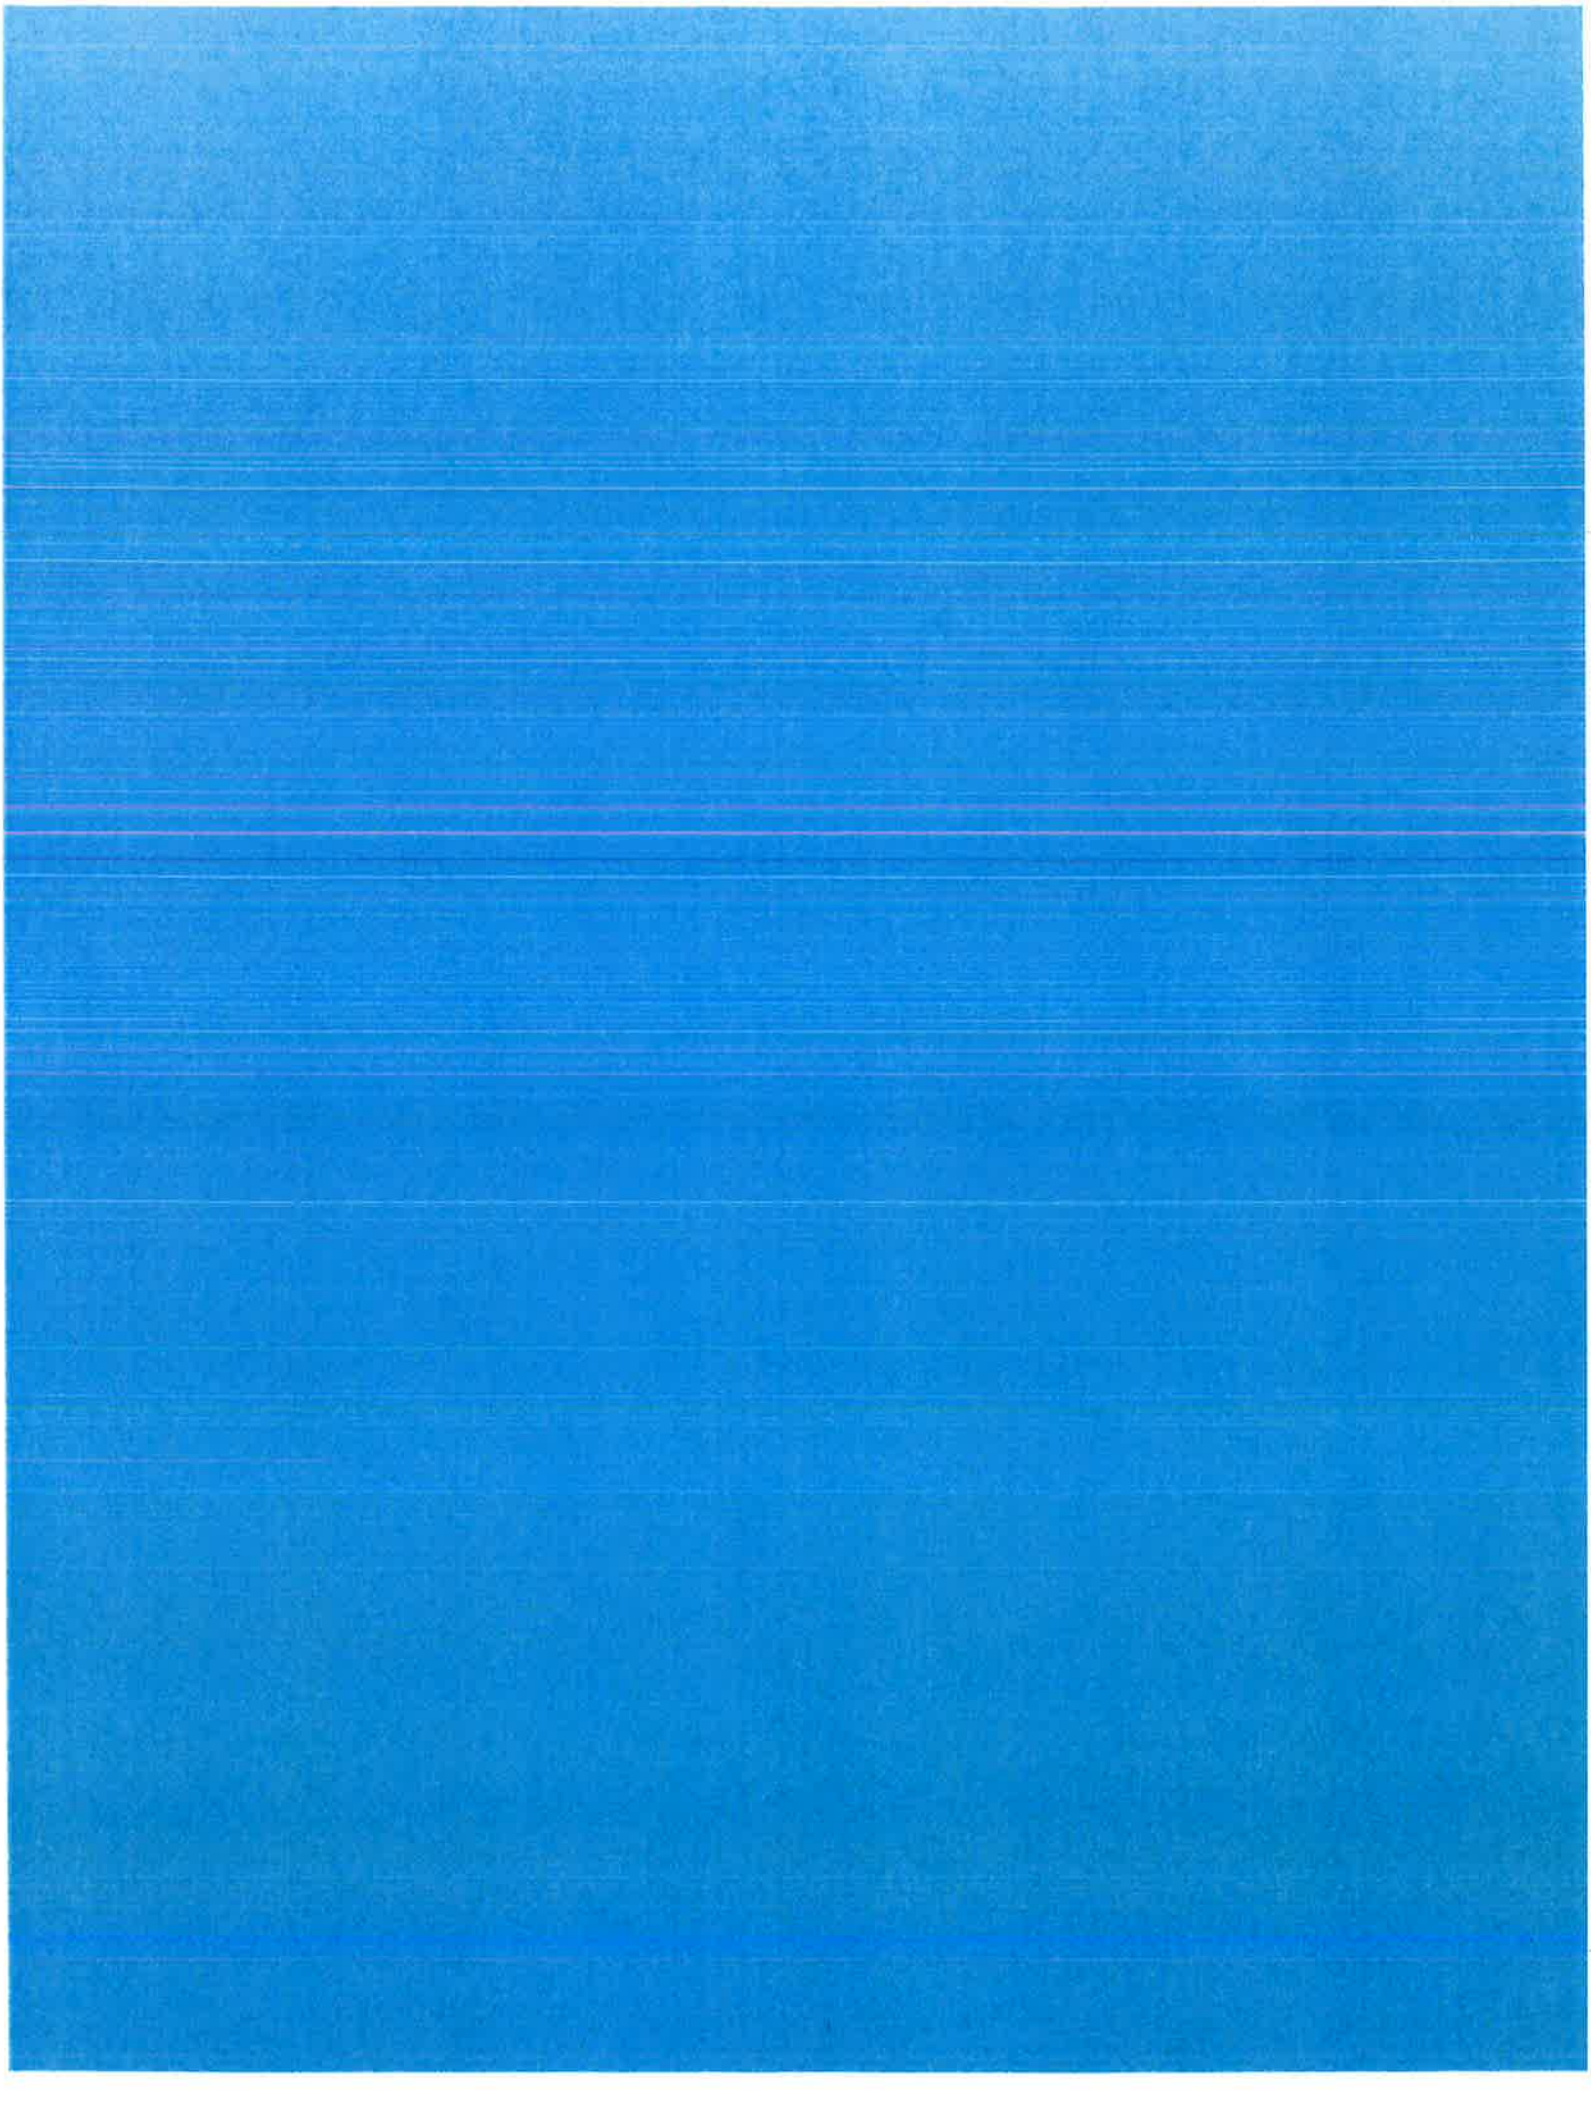

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

DRESS AND GROOMING

In cooperation with teachers, students, and parents/guardians, the principal or designee may establish school rules governing student dress and grooming which are consistent with law, Board policy, and administrative regulations. These school dress codes shall be regularly reviewed.

(cf. 0420 - School Plans/Site Councils)

The following guidelines shall apply to all regular school activities:

1. Clothing, jewelry, and personal items shall be free of writing, pictures, or any other insignia which is vulgar, lewd, obscene, profane, or sexually suggestive or which promotes the use of alcohol, drugs, tobacco, or other illegal activity.

DRESS AND GROOMING (continued)

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff, and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received. As necessary, the school shall collaborate with law enforcement agencies to update definitions of gang-related apparel.

Uniforms

In schools that require a schoolwide uniform, the principal, staff, and parents/guardians of the school shall jointly select the specific uniform to be worn. (Education Code 35183)

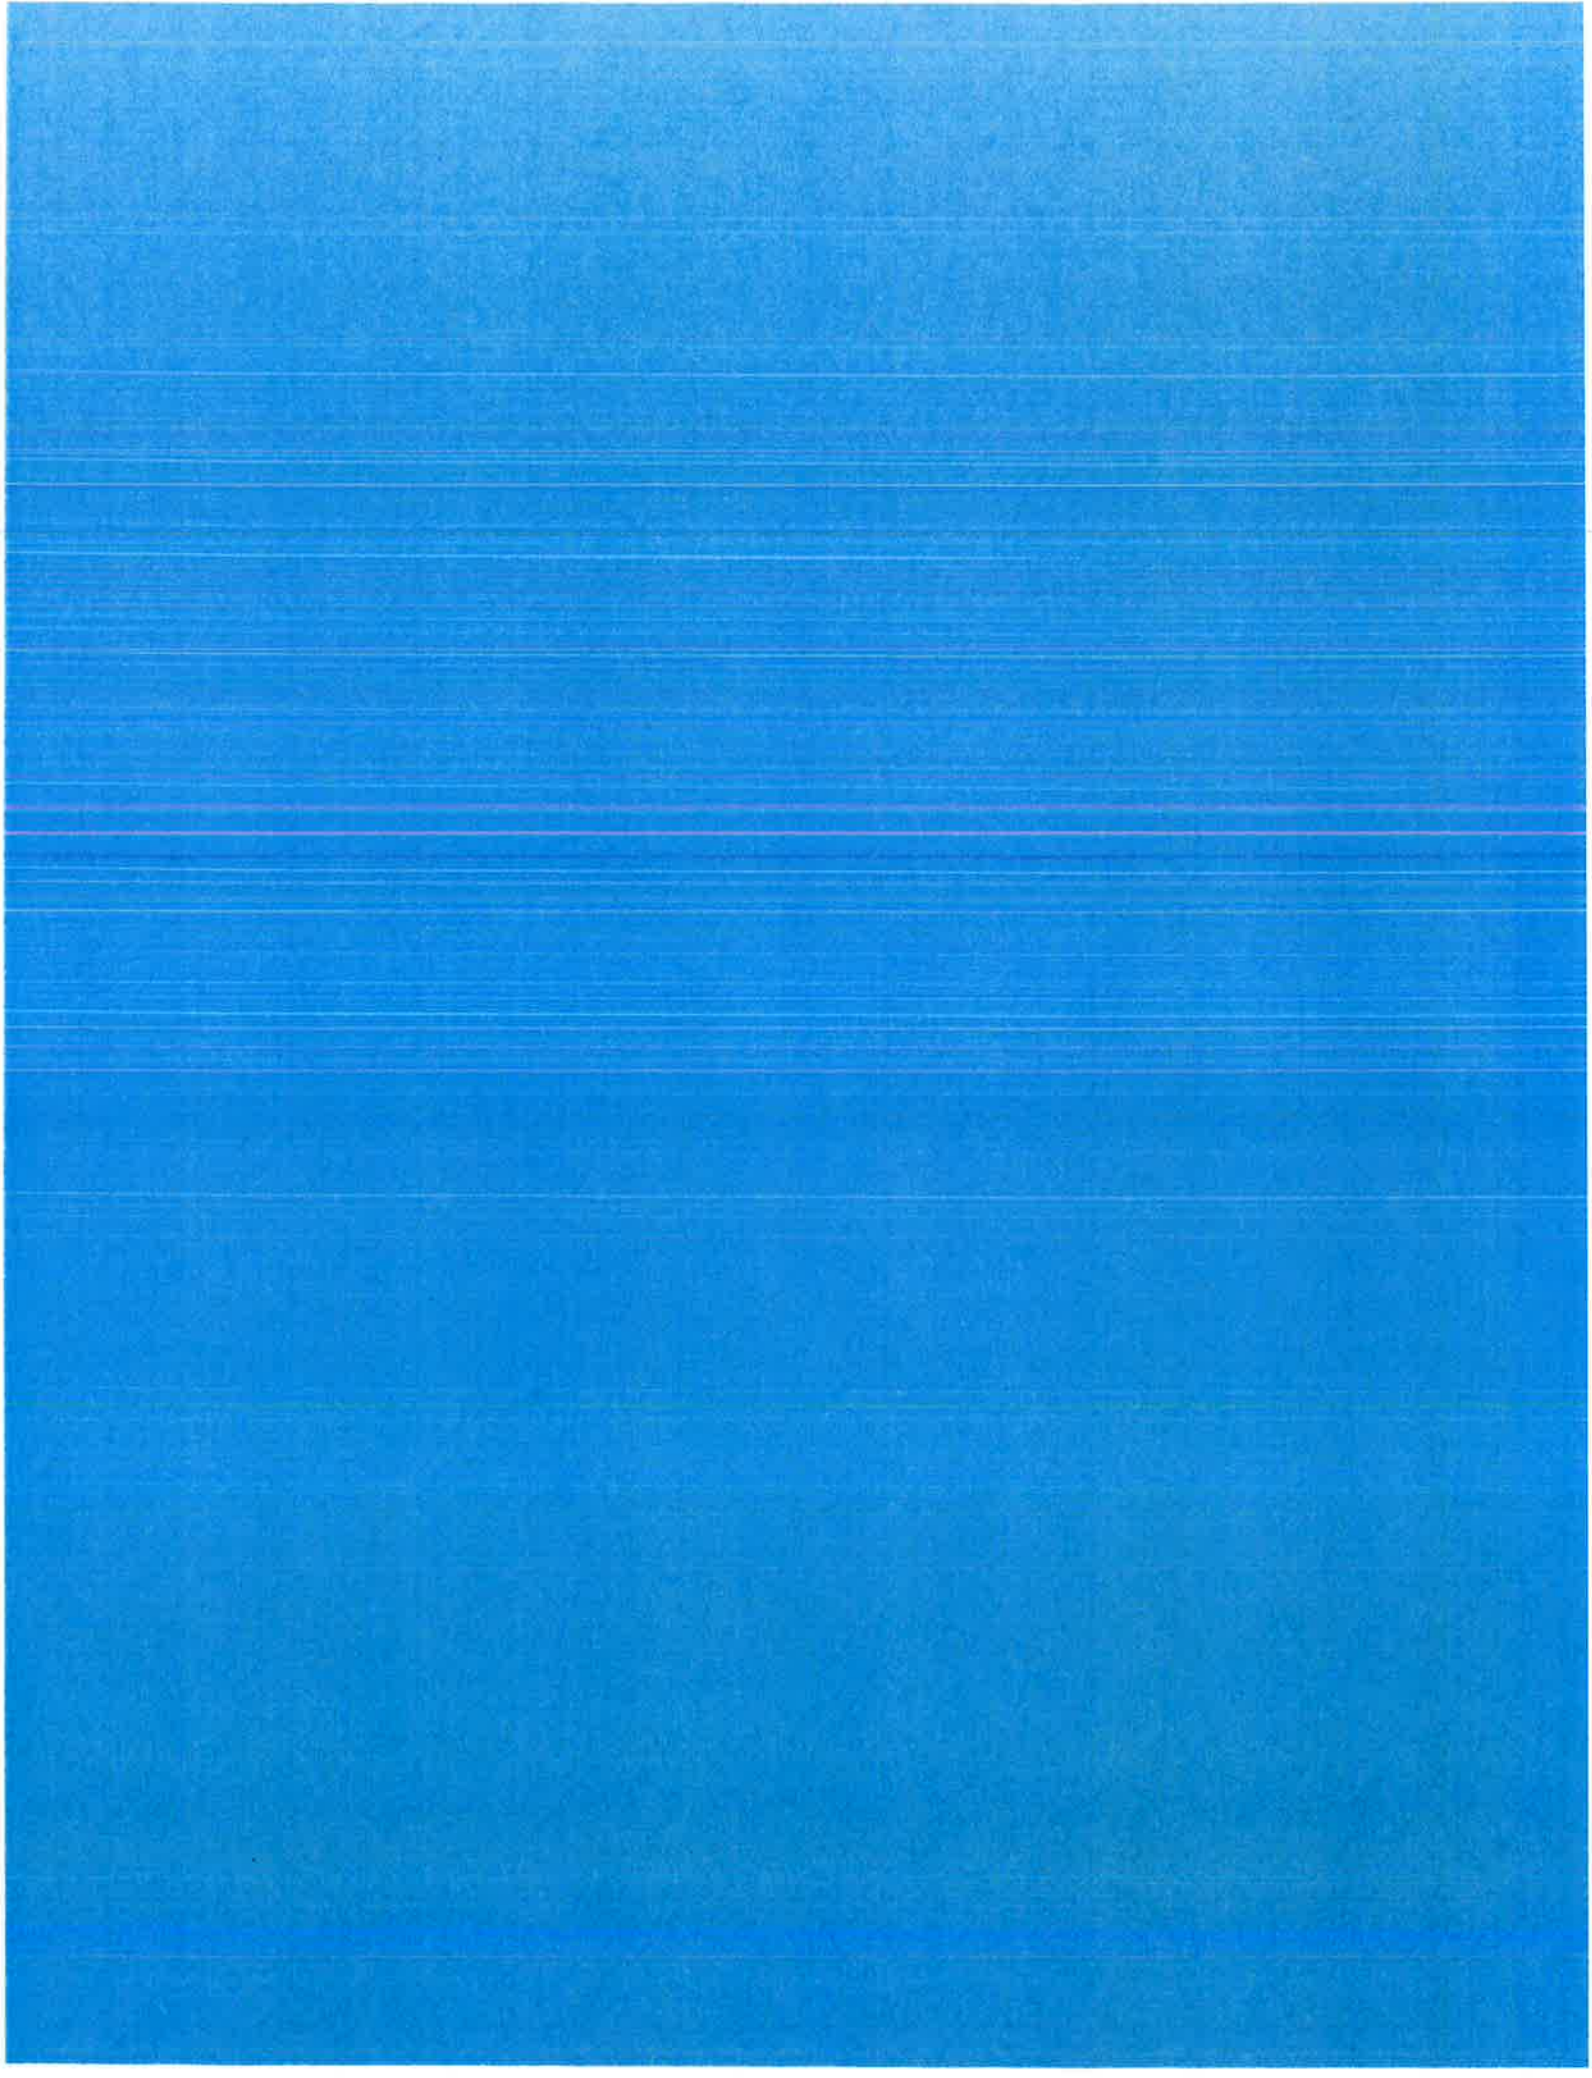

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183)

(cf. 5145.6 - Parental Notifications)

Parents/guardians shall also be informed of their right to have their child exempted.

The Superintendent or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

SEXUAL HEALTH AND HIV/AIDS PREVENTION INSTRUCTION

The Governing Board desires to provide a well-planned, integrated sequence of medically accurate and inclusive instruction on comprehensive sexual health and human immunodeficiency virus (HIV) prevention. The district's educational program shall address the goals of the California Healthy Youth Act pursuant to Education Code 51930-51939, including providing students with the knowledge and skills necessary to protect them from risks presented by sexually transmitted infections, unintended pregnancy, sexual harassment, sexual assault, sexual abuse, and human trafficking and to have healthy, positive, and safe relationships and behaviors. The district shall respect the rights of parents/guardians to supervise their children's education on these subjects and to impart values regarding human sexuality to their children.

Comprehensive sexual health education and HIV prevention education shall be offered to all students in grades 7-12 at least once in junior high or middle school and at least once in high school. (Education Code 51934)

(cf. 6143 - Courses of Study)

The district's comprehensive sexual health education program shall include information on the affirmative consent standard. *Affirmative consent* is defined as affirmative, conscious, and voluntary agreement to engage in sexual activity. Teachers delivering such instruction shall consult information related to sexual harassment and violence in the state health curriculum framework. (Education Code 51225.36, 67386)

Students so excused by their parents/guardians shall be given an alternative educational activity. (Education Code 51240, 51938, 51939)

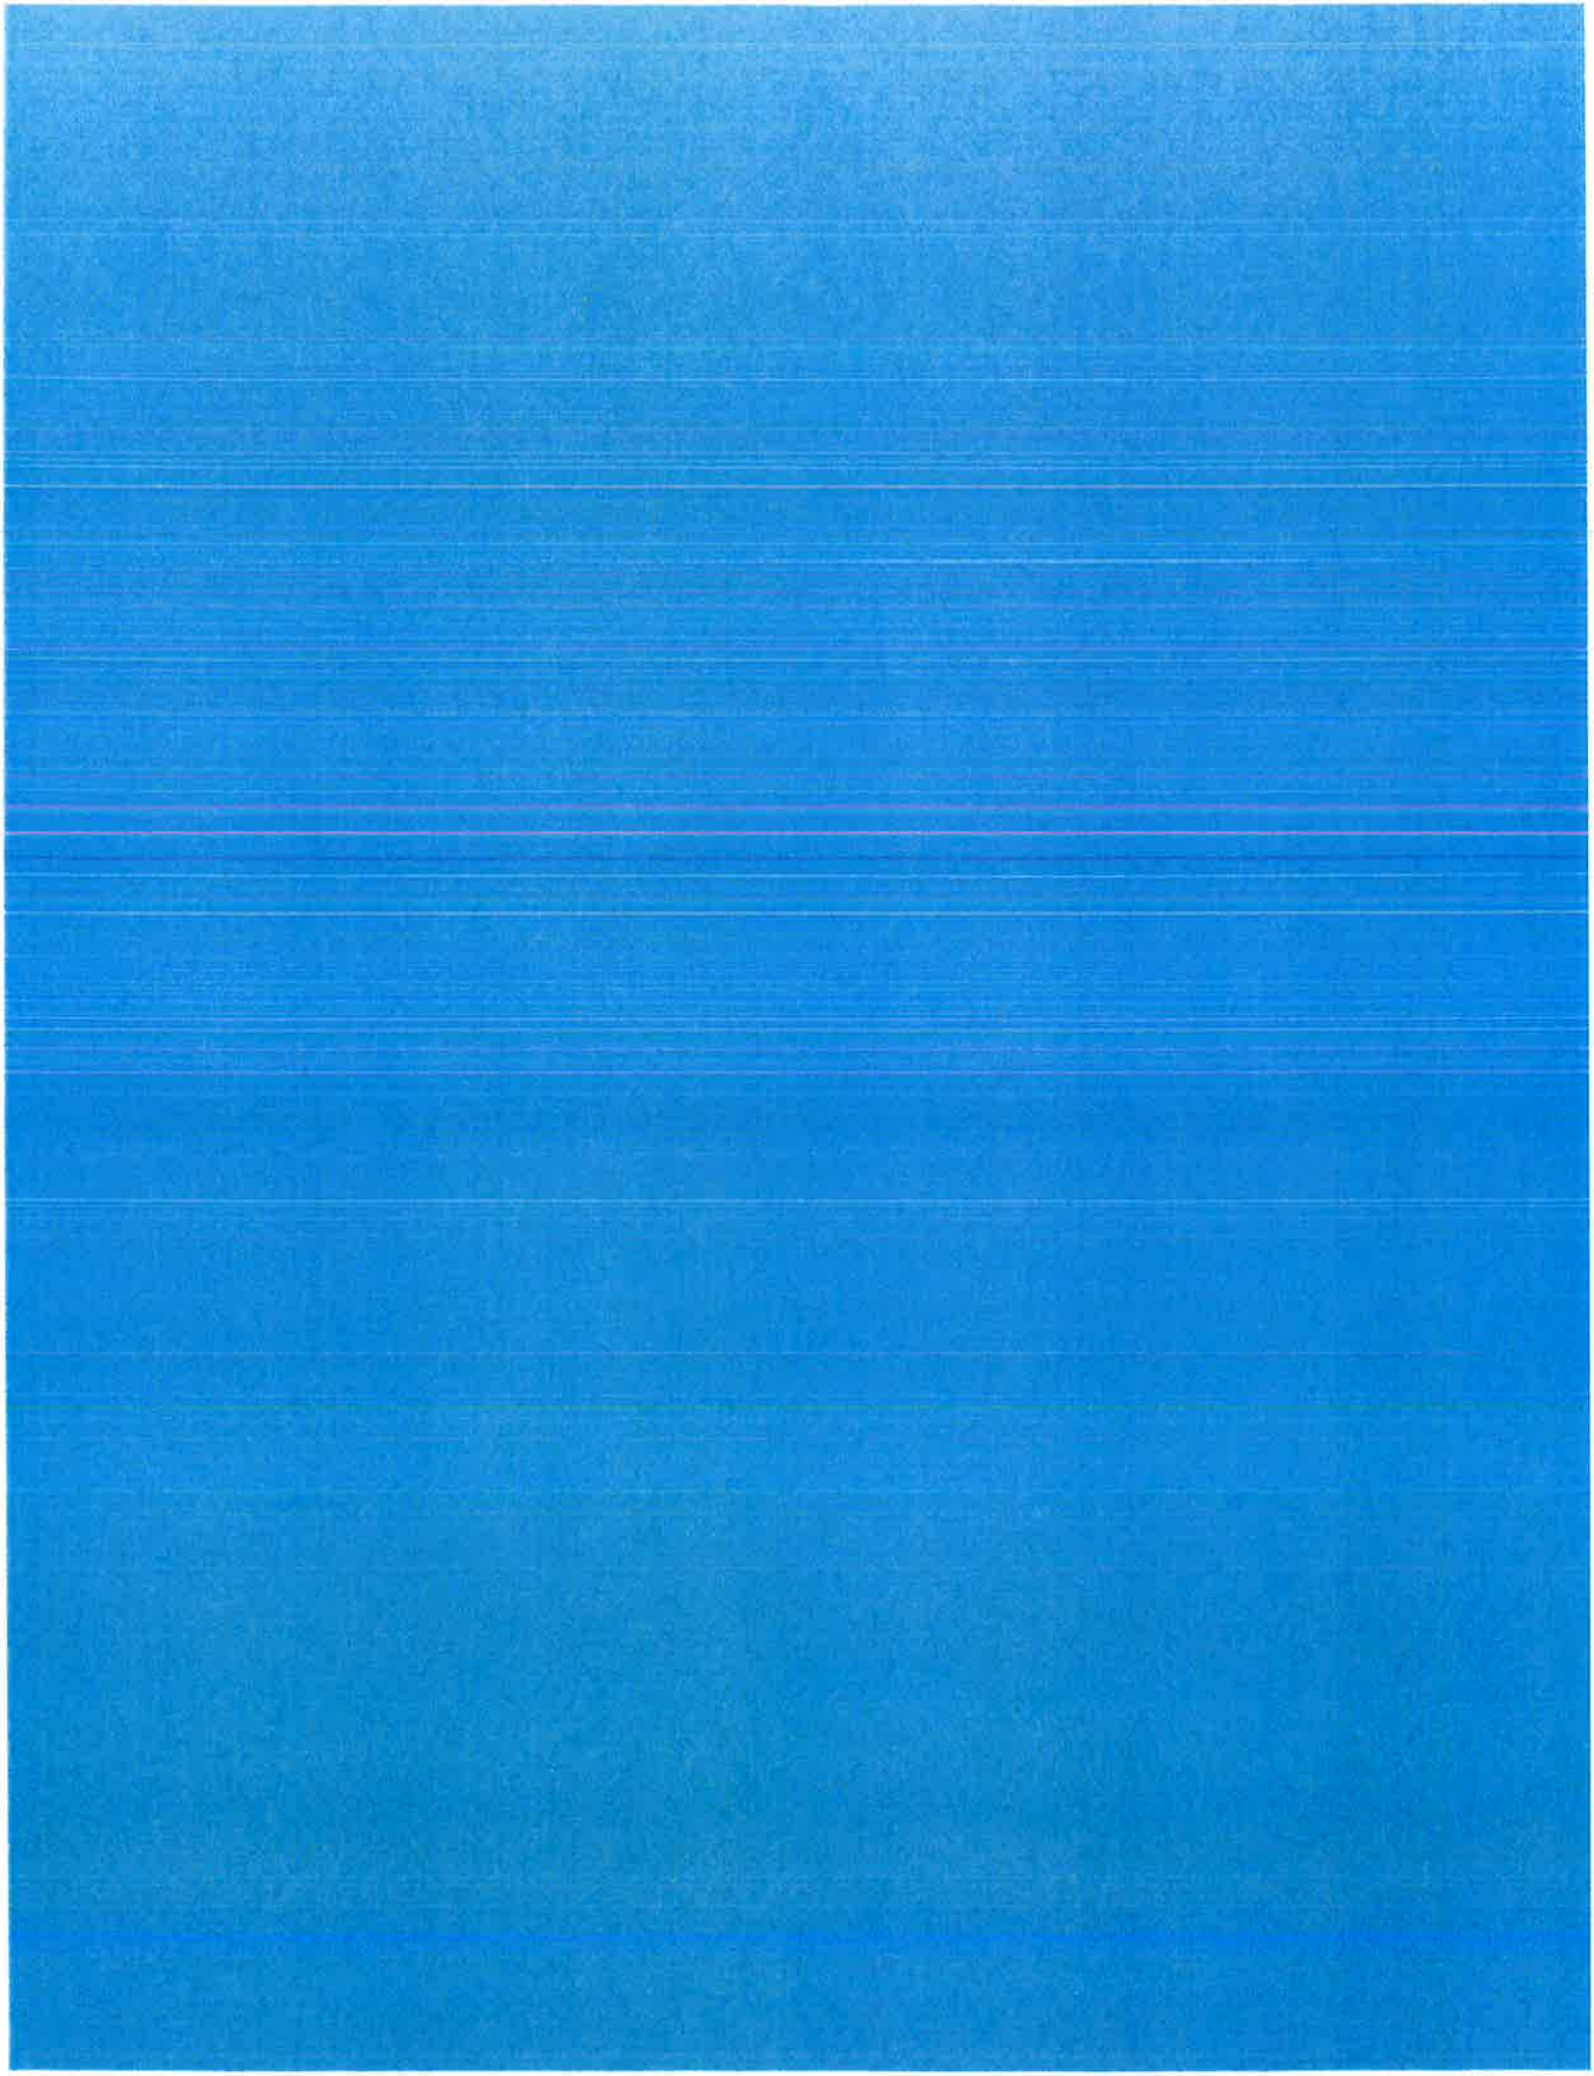

(cf. 5022 - Student and Family Privacy Rights)

A student shall not be subject to disciplinary action, academic penalty, or other sanction if the student's parent/guardian declines to permit the student to receive the instruction. (Education Code 51939)
