SAN LEANDRO UNIFIED SCHOOL DISTRICT

Educational Services

Responsive, Personalized Learning Pathways for Career and College Readiness

The staff of the San Leandro Unified School District (SLUSD) remains committed to supporting the students, staff, and parents/guardians of our school communities during the COVID-19 pandemic.

In response to the state-wide closures of schools, the California Department of Education is allowing districts to request waivers that exempts students from the state's minimum graduation requirements. SLUSD will not request a state waiver.

SLUSD adopted board policy (BP 6146.1) that sets graduation requirements beyond the state's minimum requirements in the Education Code. SLUSD's local governing board has the authority to revise that policy and modify those additional requirements.

The following graduation proposal is recommended for the class of 2020:

San Leandro High & Lighthouse Independent Study

Subject	Current 2019-2020 SLHS Graduation Credit Requirements	**CLASS of 2020** **only* Graduation Requirements
