Memo: Policy Graduation Requirements Policy Change for Graduating Class of SLHS 2021

Background:
SLUSD adopted board policy (BP 6146.1) that sets graduation requirements beyond the state's minimum requirements in the Education Code. SLUSD's local governing board has the authority to revise that policy and modify those additional requirements.

Rational:
Starting in 2021, SLHS graduates are required to pass **both** a year of World Language **and** a year of Visual and Performing Art. Due to errors in student scheduling this fall, and scheduling conflicts with off campus programs, SLHS requests a one year graduation policy change for the graduating class of 2021 to revert only the WL/VAPA requirement to our previous years' standard: *Students must pass **either** a year of World Language **or** a year of Visual and Performing Art.* This waiver will be applied to students who qualify and will be determined and documented by both a counselor and administrator. This ***one year policy change*** will not amount in a reduction of the number of credits required for graduation.

2021 Graduation Requirements for San Leandro High School

Subject	Current Class of 2021 SLHS Graduation Requirements	**Recommend Class of 2021 SLHS** Graduation Requirements
English	40	same
