Dear Dr. Miller:

We are very excited about our joint partnership, between Young Audiences of Northern California and San Leandro Unified School District (SLUSD), to conduct arts integration training for classroom teachers representing all 12 school sites in San Leandro. Our partnership will enable classroom teachers to receive four separate arts integration training workshops from teaching artists Manolo Davila, Kirah Caminos and Shannon Gerrity, in collaboration with an arts-integration coach provided by SLUSD. The project will focus on arts integration methods through music, dance, visual arts and theatre disciplines.

We are committed to this partnership to implement the arts integration training program as described in the proposal, to make the educational experience at SLUSD schools the finest possible.

We hope that you will consider our grant application.

Sincerely,

John J. Alecca
