SPORTS FOR LEARNING

Introduction

Jefferson Elementary School in San Leandro unified is committed to providing in-person instruction within a welcoming, nurturing environment for all students and staff in the fullest capacity possible. The School's effort to support in-person classroom instruction, socialization, and enrichment requires collaboration to ensure the successful implementation of this plan.

Sports For Learning is well-positioned to assist Jefferson in these efforts with our customized and targeted in-person support programs designed to supplement staff and faculty responsibility and promote a sense of community for optimal student re-engagement. Our trained and qualified staff will operate as needed, providing assistance as directed by site faculty, administration, and staff including, but not limited to:

1. Check-in/check-out procedures including but not limited to temperature checks and attestation, ensuring required questions are answered upon drop off, and providing feedback to parents upon pick-up.

2. Meal distribution as needed to limit contact and exposure for nutrition support staff.

3. Lunch/recess support designed to keep students socially distant and physically actitve according to the Alameda County Public Health Department. Our coaches will oversee students with a focus on safe outdoor activity and social interaction.

4. A special emphasis to be provided for relationship building with students, faculty, staff, and families with SFL coaches acting as spirit-leaders

5. SEL-Based Physical Activity Programs aligned to CASEL's Five Core Competencies and California Physical Education Standards, designed for in-person delivery under safe social-distancing guidelines and all required sanitation measures.

6. Custom site-level planning in order to meet the unique needs of each site and be available for site-level faculty, staff, and administration. Alignment to Jefferson norms, nomenclature, and culture.

7. Supporting "safe-play" protocols for free activity and socialization.

A committed partnership

We believe that a long-standing relationship is critical to the success of...

Operations & implementation	— Dedicated Operations Team to oversee smooth delivery and staffing, respectively with extensive experience with program management, recruitment, and administration. — Customized Dashboard including collateral and videos for family engagement and communication — Socially-distant, SEL-Based Physical Programs with all required equipment — On-boarding meetings with site leadership and families (as directed) — Family information packet and permission forms (as needed)
Staff recruitment & training	— All coaches are live-scanned, trained in Sports for Learning curriculum, class/cohort management, and COVID safety procedures — All coaches remain employees of Sports for Learning, which operates as an independent contractor. — In-house staffing specialists ensuring the consistently high-calibre mentor coaches.

Safety compliance	— SFL staff are trained on the best hygienic and sanitary practices for a safe work environment. — Necessary PPE to maintain the safety of coaches, students, faculty, and administration. — Compliance with and training in all County Public Health and District Health policies
Ancillary Services	— Support and/or administration of check-in/check-out and lunch/meal distribution procedures — Engagement support with students and families to maximize attendance and buy-in

Program Type, Schedule, and Rollout

Sports for Learning will provide 4 coaches for Jefferson Elementary 4 hours per day, 4 days per week schedule: Monday, Tuesday, Thursday, Friday through the end of the 2020-21 school year, seven weeks from April 19th.

Our pricing varies depending on the number of cohorts needed, the number of days per week for the program, and the number of hours per day.

We make adjustments based on these factors to meet the needs of our partners. Some sample pricing for Jefferson Elementary is below.

Option	SFL Staff	Cost per week
#1	4	$6,080

Your Peers, as Our Reference
