• **Timeframe for Project Completion**: Summer of 2021

• **Describe the Proposed Project:** In honor of Alane Paul Castro who was deeply loved and appreciated by staff, students and families across the district, we would like to create the mural illustrated below. Alane was a passionate advocate for the arts and multilingualism in our schools, so a former student of hers, Anabella McShane, created the mural design below with that theme in mind and incorporating ideas generated by the larger community.

This building was chosen because Alane was particularly focused on High School students towards the end of her career and this mural would be visible as students walk into the first floor hallway, prominently from the main stairs students use, and of course as they might walk out the back to the patio. Additionally, FTK houses the world language classes (in honor of her passion for multilingualism), FTK hosts all staff for PD days and therefore will be seen by all staff, and it will not be impacted by upcoming construction.

• **How Does the Project Impact Student Learning?** Hopefully it will inspire students to follow their dreams and passions as well as let them know how much we value multilingualism and to continue to nurture the languages they came with as well as continue to learn more. It will also make FTK feel more welcoming, personable and community oriented by having a unique piece of art created by the community.

• Please Attach a Sketch or Drawing of Proposed Improvement.
