Re: Renewal Contract between the San Leandro Unified School District and Alameda County of Education for Offsite Backup and Disaster Recovery Services for 2021-2022 School Year

To reduce the risk of mission critical data loss and service availability, the district contracted with ACOE perform off site system replication and data backup. We are continuing the same service for the 2021-2022 school year .

ACOE is our internet service provider and we have a secure high speed connection to their data center. This solution will provide the district with full data recovery at a secure offsite location. This solution will protect the most critical servers and data stored at the Madison district data center.

Staff has obtained pricing - see attached.

The Technology Department is requesting the following amounts:

ACOENet Disaster Recovery service contract	$16,500.00
Total Amount Requested	**$16,500.00**

Funding Source: General Fund

FY 2021-2022

Service Matrix

Schedule of Services

Organization: San Leandro Unified School District

Item	Amount	Description	Quantity	Cost	Extended Cost
VM Hosting	1 CPU	1 GB RAM, up to 40 GB Disk Storage		$720.00	$0.00
	2 CPUs	2 GB RAM, up to 80 GB Disk Storage		$1,080.00	$0.00
