You requested a quote for 3 more MAX 5000 refrigerated Elevator vending kiosks with VendNovation software and Harris POS integration. Here are the features and services included in the pricing. If an order can be submitted before the year end you will escape another price increase.

MAX ST5000 Elevator refrigerated kiosk for fresh food, dairy, snacks & beverages

- **Custom configuration'**
- **MAX Soft Delivery Elevator:** https://www.youtube.com/watch?v=e-dxjf2ARpI
- **Cash Acceptance**
- **Harris ETritionware POS Interface:** This is now possible with a new field tested unit called the School Vend Reader. This permits both the capacity for students to make account purchases in addition to cash but also includes the VendNovation monitoring software you used at Albany.
- **3 Sided School Branding Door Wrap**
- **Ivend** guaranteed delivery hardware and software
- **Made in the USA**
- **ADA compliance**
- **Shipping**, delivery, installation to your school.
- **Set Up & Training**
- **Free Telephone Support** from factory technicians who can talk your staff through issues or send local assistance. They are available from 8AM-5PM CST.
- **Training Videos**:
- **Two year parts warranty** and 90 day on-site technical service warranty.

It is understood you will need separate configurations with one being 3 beverage trays and 2 snack trays with a variety of power bars.

This quote will be good until January 1, 2022.
MAX ST5000 Elevator Kiosk $12,995

The only additional costs would be your eTrition vending license fee and any annual support fee they may require. There would be a $240 annual software support fee from VendNovation. You would also need a hardwire network connection, or perhaps a WIFI bridge. You would need sufficient electrical power from standard electrical outlets.

Thank you,
Jim Dillingham
