Re: SLHS SLAM Media Labs Upgrade

The Video and Graphics labs in the SLAM building at San Leandro High School are nearly a decade old and in need of upgrading to a modern platform. Working with teachers and staff there the plan is to move to a modern Windows based lab which is also capable of running modern 3D design programs, Virtual Reality (VR) and E-Sports applications. As part of this purchase we will also be purchasing a small number of VR headsets for the school to pilot in this program. Purchase will be made via a piggyback to an existing contract.

Staff has obtained pricing - see attached.
